Ambiance Bain Sales : 01925 852675
sales@ambiancebain.com

FITTED FURNITURE

The fitted furniture range from Ambiance Bain is the most comprehensive on the market, featuring a wide collection of units and sizes allowing you to create unique bathrooms. Please take care to order the correct units for your client as all units are made to order and once confirmed no order may be changed, cancelled or amended in any way, under any circumstances.

All fitted units are priced including the necessary handles, plinth and worktop (without upstand). Units are priced in four groups, by door style, as listed below.

MODULAR FURNITURE

Pricing for our Modular, Komplements and Shower Spaces ranges can be found within their own relevant retail brochures.

**WE DO NOT RECOMMEND
THE USE OF SMO™ BASINS
AND WORKTOPS WITH
WATER TEMPERATURE
OVER 60°C.**

SMO™

Worktops

Shelves

Window Sills

SMO™ is a cast material made from natural calcium carbonate and polyester. It is coloured using organic powder pigments and baked to 80° Celcius to ensure stability. It is coated with a sanitary gel coat during its manufacture and can be cut or drilled using normal woodworking tools and a jigsaw with fine tooth sharp blade.

SMO™ is a hand moulded material that will have slight imperfections in size, flatness, dimples and some shade variations. This is all part of the tolerances of this modern moulded material and cannot be exchanged or refunded under the guarantee policy.

All SMO™ basins will be supplied with one tap hole and in Gloss White unless otherwise specified.

SMO™ WORKTOP WITH 1 BASIN

Extra price to upgrade worktop from laminated without upstand to SMO™.

For SMO™ worktop without units, add £ 26 per 10cm on top of upgrade price.

All basin designs are at the same price.

For intermediary length, take price of the superior dimension

For bowl design and worktop shape take code from the following 2 pages.

❶ Always check maximum length/distances and bowl position according to mould limitations shown on each drawing.

❷ Double bowl only possible with full depth 50 or 60 deep inset worktops, Minimum 70cm between centre of basins.

EXTRA BASIN + £454

❸ All SMO basins are supplied with one tap hole unless specified without.

SOLID SURFACE WORKTOPS

staron®

Solid Surfaces

12MM STARON® WORKTOPS

Staron countertops are a popular choice across the globe.

They are used in hospitals, doctors / dentist surgeries, restaurants and food preparation areas.

Staron worksurfaces are 100% non-porous which makes them highly suitable for bathrooms, where hygiene is of the utmost importance. As it is non-porous, it means that bacteria and moulds are unable to grow on it, or to penetrate the surface.

This property means that it is also highly resistant to stains. Spills which would cause staining on many countertops – marble, granite and quartz, for instance., although it goes without saying that any spills should be wiped off as soon as they are seen. All that is needed with Staron is a wipe with a damp cloth.

Also used for shelves and window sills etc.

NB

- Fascias are always 0.2-0.3cm smaller than the unit carcass to allow clearance for removal and/or door and drawer opening. (e.g. 59.7 fascia fits 60cm unit)

- For special sizes, take the price of the superior dimension + 15% (maxi 118x59.7cm)

SPECIFICATIONS

All codes are for unhinged fascias, undrilled for handles

For hinged doors, add the following letter at the end of the code:

L for left-hand hinged

R for right hand hinged

T for drawer

2 hinges fitted to fascias up to 88.3cm
3 hinges fitted to fascias over 88.4cm

Please note the prices exclude hinge back plates: see below.

For special sizes, take the price of the superior dimension + 15% (maxi 118 x 59.7cm)

Individually ordered wastes, handles and ancillary items will incur a £10 P & P charge.

HINGE BACK PLATE

① 2 required for fascias up to 88.3cm
3 required for fascias over 88.4cm

Ambiance Bain furniture is manufactured from several different board and foil materials, which are sourced from varying eco friendly European suppliers. Whilst every effort is made to find materials with matching colour and grain patterns it is inevitable that there will be some shade and pattern differences between different materials advertised as the same colour. Wood grain pattern orientations may differ on niches, tall units, fillers, bath panels and plinths due to the dimensional limitations of the raw materials used. All doors, drawers and fascias are made independently. No grain patterns or designs continue from one fascia to another, in any direction, on any Ambiance Bain units. Curved laminate doors, fascias and some worktops will have a visible hand finished "joint line" where the 2 opposing sheets of laminate meet at the top and bottom edge. This is part of the normal manufacturing process. Every Ambiance Bain retailer has samples of all material finishes available for perusal and approval. Please ensure that you and your clients are happy with any and all colour, grain and shade matches prior to ordering any furniture.

COLOURS & FINISHES

MELAMINE DOOR & CARCASE COLOURS

All carcasses are supplied in M411 Matt White if not specified. Alternatively choose from the carcass colours listed below;

FOIL DOOR COLOURS

LAMINATE DOOR AND WORKTOP COLOURS

SMO™ WORKTOPS, BASINS & SHOWERS COLOURS

Modular SMO™ basins are supplied in Gloss white as standard. 18 other standard finishes above are available at the same price as well as up to 200 RAL colours with a supplementary charge. All SMO™ basins are supplied with one tap hole per bowl. Undrilled no tap hole options are available upon request.
