Ketty
DUO

Ketty DUO

A mixage material addition to the popular collection KETTY. KETTY DUO offers an aesthetic touch with modern lines and a geometric finish.

- Mixage material aesthetics
- Timeless and elegant
- Wide choice of sizes
- Matching storage units

PATTERN **Keops**

This geometric pattern adorns the top drawer of the basin units, along with the bottom drawer of the small storage unit.

The SMO™ washbasin White Chalk has been specially developed by Ambiance Bain, to visually "match" the shade of the Keops pattern.

The KEOPS pattern allows you to create two decorative styles of your choice:
-in combination with a wood effect, the atmosphere is natural & warm;
-and with a colour, the result is fresh and light!

AMBIANCE BAIN suggests the most beautiful harmonies.
