WHAT WE DO

Trusted by consumers and showrooms for almost 40 years, Aqata boasts unrivalled innovation, quality and craftsmanship. Our comprehensive range of showering products are designed and made from start to finish in the UK at our manufacturing facility in Hinckley, Leicestershire.

Our range offers endless possibilities covering all shapes, styles and showering space sizes. Our selection of handmade glass & frames come in a wide variety of colour finishes and glass tints.

As well as our popular profiles, we offer a true bespoke made to measure service accommodating for the most discerning of customer needs.

Aqata continues to innovate and design products for the bathroom with an increasingly varied selection of products including shower valves, taps, trays and matching bathroom accessories to complete the look.

*Beautifully Bespoke
Hand Crafted in Britain*

OUR SHOWER DESIGN SERVICE

Sometimes all you need is a little assistance from an expert to help bring your ideas to life. Improving your home should be an exciting, limitless and rewarding procedure which is exactly what the Aqata team, designers and engineers are here to help achieve.

Aqata approved retailers love nothing more than helping clients design their dream showering space with the perfect products to suite their lifestyle and personality.

The Aqata technical team are on hand for advice on product choice and bespoke designs ensuring your new enclosure fits perfectly. They will be with you every step of the way from drawing up your designs to installing the product into your luxurious new showering space.

With an in-house design team and wealth of experience Aqata's capabilities are bound by no constraints, accommodating for all shapes, sizes and awkward angles.

Aqata pride themselves on being a British Manufacturing company since 1986 so you can sleep easy knowing your products are in safe hands with your re-styling project.

YOUR SHOWER DESIGN SERVICE

Start by using the Aqata showroom locator on their website to find your nearest approved Aqata retailer. Approved Aqata retailers are well equipped and trained to provide you with all the information you need and will assist you in choosing the perfect product to suit your requirements.

Once you have chosen your product and are happy to proceed, an Aqata engineer will visit your home to survey your showering area to make sure your product is built to fit the designated space perfectly. The design team will then put together a technical drawing and a specification sheet.
