122 PRODUCT INFORMATION

IT'S ALL ABOUT

YOU

It is not every day that you get a new bathroom. So when you do, it must be exactly as you want it. YOU exists for that one purpose: to create your dream bathroom.

With YOU there is no compromise on quality, design or price. Plus we make it easy for you. Start with which of the three looks matches your style, and then you take it from there.

Choose your favourite colour, or one of the beautiful wood options. Decide on handles or no handles. Free-standing or wall to wall basin? Round mirrors. Or oval. Square. All kinds of lighting. You just pick them out. Then the large YOU range of top quality products ensures that you can have precisely the bathroom you have been wishing for.

CLASSIC

VINTAGE

URBAN

QUITE SIMPLY, IT STARTS WITH

GOOD DESIGN

Functionality, simplicity and a natural feel with an aesthetic approach to life. Easy, practical and beautiful. That, in our opinion, is the essence of good design. This is our designers' starting point, quite naturally, for the life that will go on with and around the furniture. That is why they are designed with room for freedom and being yourself. With scope for YOU to create the ideal setting. With space for you and all the family as well.

We make furnishing easy with beautiful, well-thought-out and functional solutions. All based on good craftsmanship and sustainability, with deep roots in the traditions of Danish design.

TIMELESS ELEGANCE

CLASSIC

Classic lets you choose from smooth or framed fronts or our new grooved veneer model. With Classic there is the option of combining wooden gables with coloured fronts, and you can decide whether to add elegant legs.

DESIGNED FOR ALL

DIMENSIONS

The inspiring universe of Dansani YOU is equally beautiful in large or small rooms. You can make maximum use of the space with compact elements in exactly the right dimensions, or expand over a lavish interior.

Give your imagination free rein – Classic is ready to go along with your bright ideas and open up new angles and possibilities.

COMFORT AND FUNCTION

EVERY DAY

Classic means classic in this lovely combination of green and brass, so the bathroom simply becomes an oasis of wellbeing. Harmony is created when the unit, basin and worktop are customised to fit the alcove. Note the practical wall cabinets, ideal for toothbrushes and skin-care products, which should always be handy without cluttering up the worktop.

There are a multitude of elegant, practical details that will make you smile every time you enter the room.

NEW – both intensity and colour are easy to adjust with the touch-control function on the mirror, and now it can be synchronised with your pendant lights and spotlights, to adjust everything together.

Create an ambience with the lighting – perhaps warm and subdued when you are getting ready for bed.

Romance will flourish with a countertop Circle basin and a beautiful Silestone® worktop.

A glorious retro look with the smart oval Stadium basin and a worktop in hard-wearing, sustainably manufactured Silestone®.

Have extra task lighting over the basin with an LED under-light, shown here on the Adapt mirror cabinet.

The glass shelves can be positioned to suit the height of your perfumes and creams.

UNIQUE COLOUR SELECTION
Here we have chosen 2 complementary colours for the fronts and sides - a beautiful customised solution made to order.

There is room in the mirror cabinet for all the things you use every day, plus a socket with USB port, e.g. for an electric toothbrush. The magnifying mirror is right where you need it, and the double-sided mirror doors make it easy to check your hair from all angles.

There is a complete overview with comfortable internal LED lighting in the wall cabinets and tall cabinets.

The ambience is easily adjusted when you combine the mirror light with your pendant lights, so the lighting has the same intensity and colour. Just add a receiver and it's simple to combine your Dansani lighting. Read more about lighting on p. 57.

Fitted on a Silestone® worktop, the attractive Circle porcelain basin is both smart and functional.

FIND THE CHARM IN

ODD ANGLES

A sloping ceiling is not a problem, but an exciting opportunity to do something clever. The flexibility of the concept enables you to take full advantage of the various surfaces and angles in the room, and create uniform, tailored design solutions to make maximum use of the space.

CREATE YOUR OWN
LOOK

Create your own urban look with the elements in offset positions. Here we have added the new Cube basin with sharp edges with simple push-open fronts without handles.

Laundry basket for towels and underwear or creams and soaps – the tall cabinets have lots of practical storage space, and you get an overview with LED lighting when the cabinet opens.

Urban 60 cm - Black oak

The Minore basin, shown here in the short projection option, goes perfectly with the vanity unit in masculine black oak.

CREATE EFFECTS WITH MIRRORS

Dansani YOU mirrors don't just look good when you look at yourself in them. They are also highly decorative in their own right, and can create fantastic effects in a bathroom. Many of our mirrors have integrated LED lighting and touch control.

The range of sizes and shapes makes it easy to balance dimensions and create the perfect blend between the different elements in your bathroom.

DID YOU KNOW THAT

- good lighting increases your quality of life
- putting on make-up and shaving become much easier with good lighting
- accurate, adjustable lighting disturbs your natural circadian rhythm as little as possible

CE

BRIGHTENING**UP**

Did you know that good lighting adds to your quality of life? It has been scientifically proven. We feel most comfortable in daylight, but on average people spend 80% of their time indoors, so it is vital that the light indoors is as close to daylight as possible. This also applies to the time of day.

Light controls the body's circadian rhythm, so too much light in the evening before bedtime may make it difficult to fall asleep. Controlling the light in your bathroom helps to deal with the challenge. Subdued, reddish lighting does not disturb the body before bedtime. In the morning, the lighting should be stronger and more blue, because now it's time to wake up, and you need to be able to do your hair and put on make-up so that you look natural when you go out in daylight.

AT A SINGLE TOUCH

Most YOU mirrors and mirror cabinets have touch control, so that by pressing once on the panel you can change the colour and intensity of the lighting according to the time of day and your needs.

Now it is possible to combine mirrors, spotlights and pendant lights in a group, so they can be adjusted together at a single touch. Adjusting the mirror lighting will also adjust the colour and intensity of the spotlights and pendant lights. This unique wireless control is simple to set up and doesn't require a Wi-Fi connection – you just need to purchase one receiver to connect up to 5 devices - either pendants or spots.

THE BEST LIGHTING

We have tweaked and fine-tuned the quality of our lighting for years, so we are one of just a handful of suppliers who come as close as possible to daylight. You can see yourself in as natural a light as possible – and be contented.

LIGHTING AT NIGHT

There is no need to wake up completely, just because you need the toilet at night. As a new innovation, YOU vanity units can be fitted with a night-light function with a movement sensor, so an unobtrusive light turns on under the cabinet – just enough for you to find your way without waking up completely.

*If something is
worth doing, it's
worth doing well*

CARSTEN FRIIS
CEO, DANSANI

SOLID &
PRACTICAL

Modern basins appeal to all the senses. The basins are available in different sizes, so they fit in both large and small bathrooms. Choose between solid surface models or genuine sanitary porcelain.

MENUET

Genuine sanitary porcelain, white gloss
Available in 3 depth projections

KANTATE

Genuine sanitary porcelain, white gloss

LARGHETTO

Genuine sanitary porcelain, white gloss

EDGE

Genuine sanitary porcelain, white gloss

MINORE

Solid surface, white matt
Available in 2 depth projections and made to measure

SCULPTURAL & FREE-STANDING

BASINS

Create your own personal look with elegant countertop basins combined with one of the beautiful Silestone® worktops.

**CIRCLE**

Genuine sanitary porcelain, white gloss

**STADIUM**

Genuine sanitary porcelain, white gloss

**CUBE**

Genuine sanitary porcelain, white gloss

SILESTONE® WORKTOPS

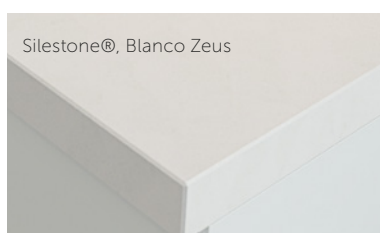

Silestone® is a material made from quartz with at least 20 % recycled material.

It is as beautiful as natural stone, but has a tough and resistant surface.

At the same time, the latest techniques are used to manufacture it, with maximum consideration for the environment, so it is also a sustainable choice.

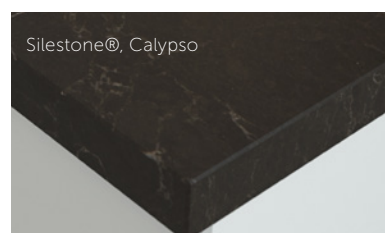

Silestone®, Desert Silver

Silestone®, Blanco Zeus

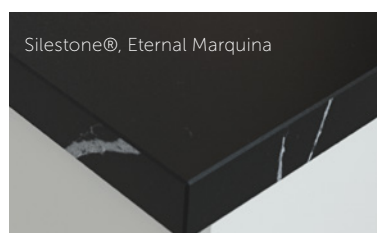

Silestone®, Eternal Statuario

Silestone®, Calypso

Silestone®, Charcoal Soapstone

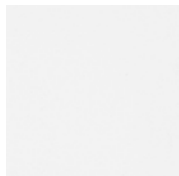

Silestone®, Eternal Marquina

MAKE YOUR BATHROOM PERSONAL

Bring nature inside with the different wood decors or choose your favourite colour for your YOU bathroom furniture.

FIND YOUR INSPIRATION

Our designers have selected some colours that are in keeping with today's most current interior design trends.

Please note that a colour code can look different depending on brand, materials, finish and light. For this reason, we recommend that you choose a colour in cooperation with your retailer.

NCS – Natural Colour System® property of and used on licence from NCS Colour AB, Stockholm 2019. The colours might not exactly match original NCS colour samples.

STYLISH HANDLES

Underline your favourite style with beautiful handles that match your choice of fixtures and mirrors. Timeless, elegant, classic - the choice is yours.

SUSTAINABILITY TIPS

The black Button handle in recycled plastic is an obvious, sustainable choice. The majority of our other handles are made of a zinc and aluminium alloy called zamak. These are durable materials that can be recycled over and over again. Although having an impact to produce, they are considered sustainable.

Of course, there are simple, minimalist push-open options on all styles with YOU.

Complete the picture by adding simple legs, available in two designs - each in two finishes.

SHOW

PANORAMA

BEAUTIFUL &
STYLISH

Smile at yourself every day. With a beautiful mirror both you and your bathroom will look cool. The latest trend is the oval Moon mirror – choose from black, brass and white finish. Real thought has been given to good lighting that is both quality task lighting (for when a beard needs to be trimmed or make-up is to be perfectly applied) and can be dimmed and adjusted to comfortable mood lighting (when the day is over and you are ready for bed). Don't forget that a mirror is not just a mirror. Dansani's mirrors are not only on-trend, functional and beautiful – they are also of very high quality and durability.

MOON

OVAL

ADAPT

IN-BUILT

PANORAMA

ADAPT

PERFECTLY

FRAMED

A mirror cabinet is so much more than a gorgeous mirror with storage. Check your hairstyle from behind using the mirror doors, get close up and personal with the magnifying mirror when perfecting your brows. This is also where you can charge and store your electric toothbrush using the integrated socket and USB port, and have a complete overview of your face creams and toiletries, etc.

You can adjust the light exactly as required, so it beautifully illuminates your face, ensuring that your styling is the way you want it.

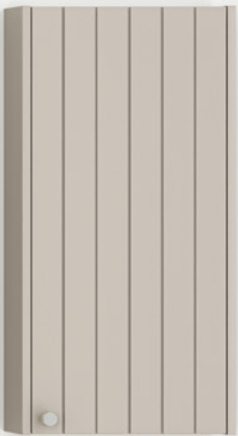

HOW TO AVOID

CLUTTER

Lots of practical storage space means less clutter, especially when many people use the bathroom. A wall cabinet for smaller items, so they're not left on the worktop. Or a tall cabinet or base cabinet for the family's towels and underwear, with a smart laundry basket that is easily pulled out when it is time for a wash. See an overview here.

NEW

LOVELY, WARM

TOWELS

A refreshing bath or shower, and then you reach out and grab the towel from the smart heated towel rail. A gorgeous warm, dry towel to add just that little extra touch to every morning.

Choose between 3 models in simple Scandinavian design, according to how much space there is in your bathroom. Of course, all designs have a timer function, use a minimum of power, and are approved for wet-rooms. Plus they are easy to set up.

VITI

A functional model in a modern design, tall enough to have room for all the family's towels. Available in chrome and black.

KVIKA

Tall, stylish model with 5 hooks at 2 different heights for large and small towels. Available in chrome and black.

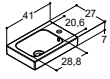

HYDRA

Tall model that doesn't require much wall space, with 4 hooks placed at 2 heights and LED light indicator. Available in chrome and black.

PRODUCT INFORMATION

SOLID SURFACE BASINS

Solid Surface basins are made from a robust composite material with a waterproof surface that is easy to clean.

Please note: The slim basin design means the basin must be supported by furniture under the full width.

PORCELAIN BASINS

Dansani porcelain basins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

NOTE RE. EDGE AND MINORE MADE TO MEASURE BASINS

These basins come without overflow. Unless a concealed overflow system is purchased (not suitable for Circle and Stadium) we recommend that a free flowing waste should be installed.

SILESTONE® WORKTOPS

Silestone® consists of more than 90 % natural quartz, and the surface is hard-wearing and easy to clean.

CABINETS

16 mm melamine-coated particle board with ABS edges and PU glue. White matt and special colour with moisture-resistant, two-component finish, has a resistant surface that is easy to clean. Classic cabinet with grooved front is made from oak veneered 15mm MDF.

The cabinets in all series are supplied as assembled units with adjustable brackets for wall mounting. Vanity units are supplied with aluminium coloured bases and rear bracing panels as standard. Tall cabinets and wall cabinets are also supplied with 4 mm glass shelves in smoked glass with polished edges as standard.

Optional extras are available such as push-open on selected cabinets, built-in LED lighting and accessory packages. For more information on optional extras, please see the price list.

FRONTS

CLASSIC YOU:

The fronts are inset between the cabinet sides (gables) and are available with a frame or a plain version in 18 mm MDF fibreboards with moisture-resistant, two-component finish. The grooved front panel is 18 mm MDF board faced with oak veneer.

VINTAGE YOU:

The fronts are inset between the gables, curved and available in a grooved version in 21 mm MDF fibreboards with moisture-resistant, two-component finish.

URBAN YOU:

The fronts are in front of the gables, 19 mm, melamine-coated particle board with ABS edges. White matt and bespoke option with moisture-resistant, two-component finish.

DOORS

All doors are fitted with metal clip hinges that can be adjusted in 3 directions. The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Rubber mats are supplied as standard in all drawers.

Optional extras such as LED lighting in drawers, wooden trays, handles and push-open. For more information on optional extras, please see the price list.

MIRRORS

As standard, the Show mirror comes with an anti-mist pad with a separate switch while the pre-installed anti-mist pad can be purchased for other mirrors, and is controlled on and off with the light. Frames for mirrors in white and black are made in powder-coated aluminium while the brass look is anodised aluminium.

All mirrors come with adjustable fittings for the perfect result.

All mirrors are IP44-approved.

MIRROR CABINETS

All mirror cabinets come with lighting control, an electric socket and a twin USB port. The double-sided mirror doors have adjustable hinges. A round 5x magnifying mirror which can be placed on the inside of the door is included. Mirror cabinets are a melamine-covered chipboard with 4 mm dark-tinted and movable glass shelves

All mirror cabinets are IP44-approved.

Underlights to provide light onto the basin area and interior lights are available as extras for selected mirror cabinets.

Wooden trays for small items are available as extras for mirror cabinets.

WIRELESS LIGHTING CONTROL FOR MIRRORS AND MIRROR CABINETS

Wireless lighting control may be added to mirrors and mirror cabinets so that they can control other mirrors and mirror cabinets with a wireless lighting control device. Plus ceiling lights and pendants with lighting control and a wireless receiver can also be linked. The control is shared so that two mirrors or mirror cabinets can control each other's lights.

The wireless system is a closed 2.4 GHz system that does not require Internet access or a router or create interference with other wireless systems.

See more information about installation, fitting and the system range in the mounting instructions for the products at dansani.co.uk

CEILING LIGHTS AND PENDANTS

The Jupiter ceiling light and the Jupiter and Lyra pendants are available in two designs:

1. 230V system with a set colour temperature of 3,150 Kelvin that can be dimmed by using a trailing edge dimmer at the switch for the room lighting.
2. 12V system with dimming and colour temperature from 2,100-6,500 Kelvin controlled from the mirror or mirror cabinet. NB: Requires a Dansani wireless receiver built into the ceiling to control up to 5 ceiling lights/pendants. If more ceiling lights/pendants are required more wireless receivers must be purchased.

DRAWER LIGHTS

Additional lights running the width of the drawer with a set colour temperature of 3,150 Kelvin automatically turn on when the drawer is opened and are angled downwards into the open drawer to avoid dazzling the user. The drawer lights are IP44-approved.

UNDERLIGHT AS A NIGHT LIGHT

Underlights in vanity units have a built-in motion sensor on which the range and timer for the lights can be set. The light turns on automatically when motion is detected and is the perfect night light.

The sensor comes with a cable with one additional connection so that a side cabinet with underlight can be connected to the same sensor.

The sensor can be purchased separately for subsequent installation with the underlight in other cabinets.

See more information about installation, fitting and the system range in the installation instructions for the products at dansani.co.uk

ENERGY LABEL AND PRODUCT DATA SHEET

Can be downloaded by searching for the relevant product at dansani.co.uk or by requesting a printed copy.

LIGHTING IN GENERAL

Dansani develops its own LED lighting with low power consumption and very high quality light to reproduce colours correctly (Ra 90-95).

Dansani makes an effort to ensure a long life expectancy by designing lighting products so that drivers and LEDs can dissipate the heat, but it is important to note that the life expectancy is significantly reduced if the light is constantly left on.

All mirrors and mirror cabinets except for the Corona mirror come with 12V incremental lighting control from a very warm light of 2,100 Kelvin to a cool light of 6,500 Kelvin and gradual dimming. The most recent setting is remembered when the light is turned off and remains off for a min. of 5 seconds

IP44 CLASSIFICATION

At Dansani your safety is our priority. All the electrical components in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water while retaining all the storage space you need. For more information, see "Product series" at dansani.co.uk

All of our furniture with electrical components is also CE-certified with labels showing the product classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

WOODEN TRAYS

Functional storage trays for drawers and cabinets, that can be placed where required. The wooden trays come in an oak finish.

HANDLES

The furniture comes without handles, which can be ordered as optional extras from our wide range of handles each with their own design, colour and look.

FITTING INSTRUCTIONS

Are included with all orders.

WARRANTY

There is a 10 year warranty against manufacturing defects. On heated towel rails there is a 5 year warranty. Wearing parts are not covered by the warranty.

For further information regarding quality and tolerances please visit dansani.co.uk

PRACTICAL INFORMATION

BEFORE YOU ORDER

The furniture is produced to order. Therefore we have a lead time of 2-3 weeks for standard finishes and 6-7 weeks for bespoke colours.

– Always indicate carcass colour.

– Remember accessories such as handles, push-open, built-in lighting and trays in drawers.

Lead time for made to measure basins is 6-7 weeks.

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be carried out by a competent plumber. Please note that the dimensions of the basins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture.

Cleaning materials containing abrasives and strong acids should not be used. Please make sure that basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

GENERAL

Dansani reserve the right to make any alteration to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement, we therefore reserve the right to modify specification and prices without prior notice. **Special orders and furniture that has been fitted cannot be returned.**

Please visit www.dansani.co.uk for further information.

INSTALLATION MEASUREMENTS

For more information on installation and first-fix measurements check our website under each product at dansani.co.uk

BASIN AND VANITY UNIT IN PERFECT COMBINATION

The basins can be easily and simply combined with the many vanity units in the YOU series. The list on the next page shows the size options for each basin so that you can choose the combination that is the perfect solution for your bathroom.

VINTAGE

Please note that the vanity units in the Vintage series must be combined with Circle or Stadium basins on a worktop with a curved front.

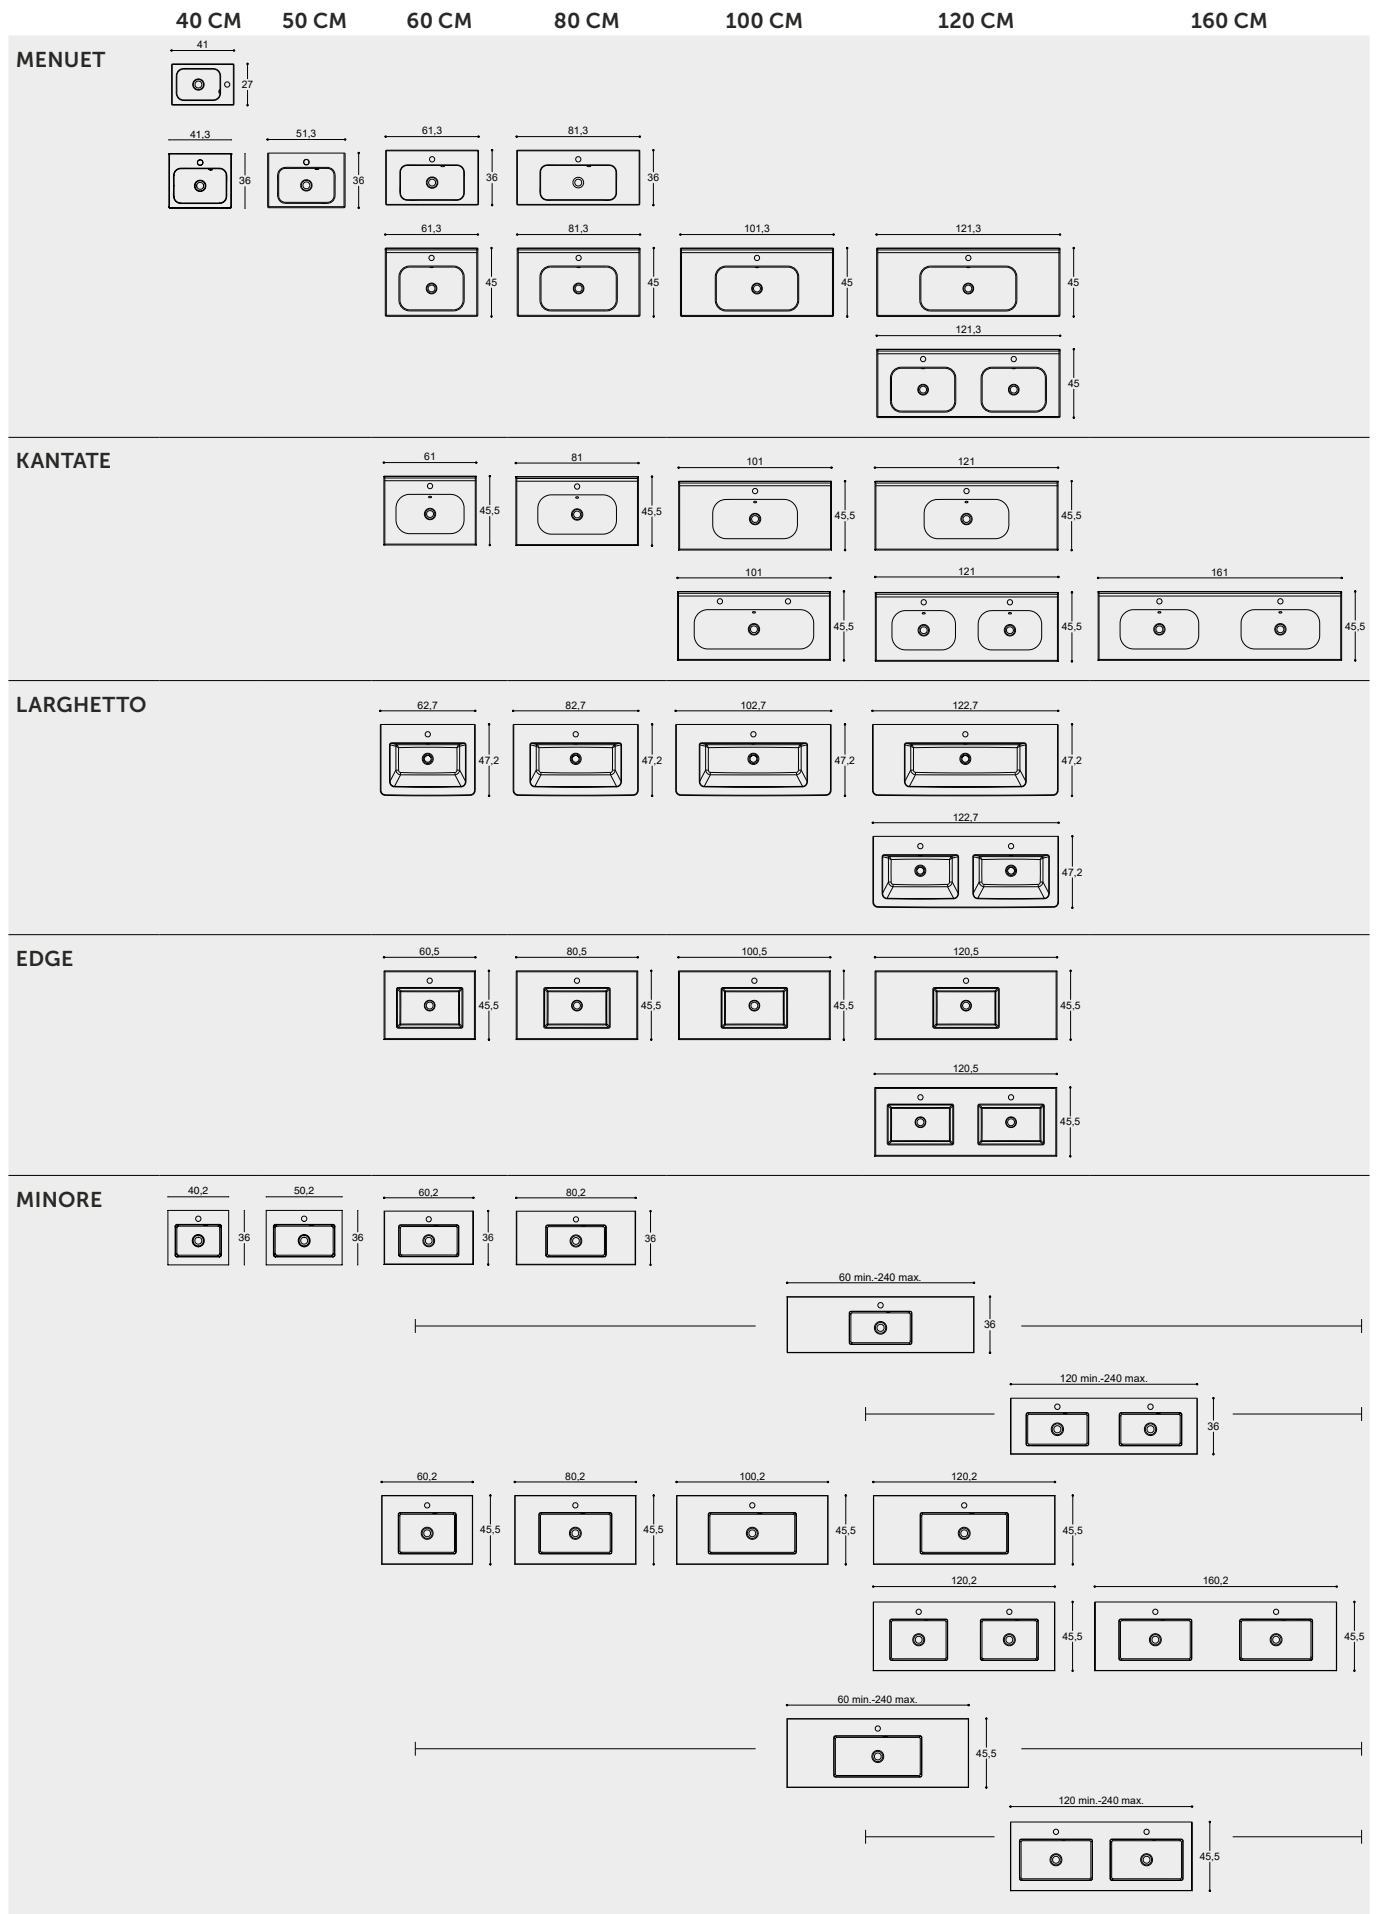

Vintage vanity units with a curved front
- countertop basin with curved worktop solutions only

Classic and Urban vanity units with a straight front
- all basins

FOR CLASSIC AND URBAN - BASINS

WE FOCUS ON

SUSTAINABILITY

SUSTAINABILITY IN EVERY WAY

Dansani takes responsibility and takes good care of our environment. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis are the 17 UN sustainable development goals.

That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw materials, water and energy efficiently to reduce the environmental impact.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We generally exclusively focus on solutions that also meet our high quality standards - because long-lasting durability is an extremely important element in a sustainable product. We therefore have 10-year warranties on all furniture. Obviously, it is also possible to repair or replace individual components which may further extend the life of the furniture. It may be an electronic driver for lights in the drawer, or a drawer runner may have been damaged.

But obviously, there are also other elements in play. Let's take a look at the various materials so that you can make an informed decision.

MATERIALS FOR CABINETS AND WORKTOPS

The YOU bathroom series consists of two different types of wooden boards - a melamine-covered chipboard or a lacquered MDF board.

The carcass of the cabinet as well as all YOU Urban fronts are melamine-covered chipboard. The board consists of 2/3 recycled wood. The chipboard that is not recycled for the production of new boards is incinerated and generates energy for production, so nothing goes to waste.

All new wood in our YOU furniture is from sustainable forestry. We now have 93% of all wooden materials in our furniture certified with full traceability. Obviously, our goal is 100%.

BASINS & SILESTONE® WORKTOPS

In terms of the beautiful Silestone® basins and worktops, 20% of the material is recycled and 99% of the water used for production is reused, while the electricity comes from 100% renewable energy sources.

Porcelain basins are durable and are long-lasting and can be crushed for use as road fill or other purposes without the risk of discharging hazardous substances - they can also be recycled to make new basins if a return programme exists.

LIGHTING AND MIRRORS

All light sources are energy-efficient LED lighting with a life expectancy of 20 years with 4 hours of daily use. And when the lamp has served its purpose, it is easy to dismantle and dispose of in an environmentally friendly and safe way. All mirrors are of high quality and therefore have a long life.

APPROVED FOR NORDIC SWAN ECOLABEL BUILDINGS

The YOU range sustainability characteristics mean it has been approved for Nordic Swan Ecolabel buildings.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the core of the process – Danish design makes everyday life easier, and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be good on the eye, it must work effortlessly and it should feel like coming home.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved, while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani, and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
