DANSANI SHOWER

Dansani Match & XXL shower enclosures will meet your needs for a quality solution, in either large or small bathrooms.

MATCH

Create a shower solution that fits your bathroom perfectly, no matter its size and shape. You can easily find a combination from 6 different types of doors and fixed shower panels.

10
YEAR WARRANTY

XXL

«

XXL

Large, user-friendly sliding door solution with a functional design. Perfect for recessed showers, but can also be combined with fixed shower panels.

Elegant and timeless look featuring slim, rectangular profiles in satin or matt black finish.

Height of 200cm provides adequate protection, especially if the shower head is installed on the ceiling.

Easy cleaning and maintenance with EasyCare treatment on the inside.

6mm clear safety glass. Selected models also available with frosted glass.

Both standard and asymmetric solutions are achievable, to make optimal use of space.

Perfect installation on off-square walls and on uneven flooring through various adjustment options.

All models are reversible without having to adjust them or use tools.

COMBINE FOR AN ENCLOSURE

THE WAY YOU WANT IT

The Match shower series consists of 6 basic models along with the practical Tower storage unit, which can be combined to form the exact shower solution to suit your bathroom. All models are supplied with profiles in black or satin, and they are reversible, so you do not need to differentiate between a right or left-handed model.

All Match models except C and H, can be combined with the smart Tower unit. Tower avoids clutter in the shower area and integrates seamlessly with the panel or door for a complete solution.

All models are 200cm high.

A - HINGED DOOR
70 / 80 / 90 / 100cm
Can be combined with Tower
Selected models also available with frosted glass

B - BIFOLD DOOR
70 / 80 / 90 / 100cm
Can be combined with Tower

C - HINGED DOOR WITH IN-LINE PANEL
90 / 100cm

D - FIXED SHOWER PANEL
70 / 80 / 90 / 100 / 120 / 140cm
Can be combined with Tower
Selected models also available with frosted glass

E - QUADRANT HINGED DOOR
80 / 90 / 100cm
Can be combined with Tower
Selected models also available with frosted glass

H - BATH PANEL WITH HINGED DOOR
100cm

TIPS FOR SMALL BATHROOMS

Match is the perfect choice for the smaller bathroom. Save space by pushing closed or folding away the doors when not in use. Or select a fixed shower enclosure that you can install fixtures right up to. Get more interior design inspiration for small bathrooms on p. 26.

»

HINGED DOOR AND FIXED SHOWER PANEL WITH TOWER

Classic combination of a fixed shower panel with the practical Tower storage unit with a hinged door. The practical solution here is that you can place furniture closer to the fixed shower panel, and use the space for a wider basin or an extra cabinet.

**90Cm A + D + 3 + Tower - Clear glass, matt black**

Hinged door 458.- Art. no. A91-03 / Fixed shower panel 458.- Art. no. D81-03 /
 Wall support 73.- Art. no. 1603508 / Tower 249.- Art. no. 1603577 /
 Flow handle 28.- Art. no. 1603641

SIMPLE & FLEXIBLE

When the enclosure is not in use the doors simply fold back into the corner freeing up valuable space in small rooms. Here the Tower storage unit has been added and the clever shelving system avoids clutter in the shower area.

NEWS:

The round handle now comes with an updated slimmer and more elegant profile. Included with all Match shower doors.

80cm A + A + Tower - Frosted glass, satin

Hinged door 553.- Art. no. A71-02 / Hinged door 553.- Art. no. A81-02 / Tower 249.- Art. no. 1600570

Accessories: Squeegee 34.- Art. no. 1600012

Accessories: Squeegee 34.- Art. no. 1600162

FURNITURE NEXT TO YOUR CORNER SHOWER

Make use of the space right next to your corner shower by choosing a hinged door with an in-line panel. The short fixed side panel allows furniture to be fitted close to the corner shower. When you are not using the shower, the doors can be pushed in, to give you more room.

90cm C + C - Clear glass, satin

Hinged door with in-line panel 458.- Art. no. C91-01 /
Hinged door with in-line panel 458.- Art. no. C91-01

A hinged door with in-line panel is supplied with a wall support as standard.

FIXED SHOWER PANEL AND BIFOLD DOOR

Very practical in a small bathroom, as the door opens inwards into the wet area. No water drips onto the floor outside – the perfect way to start or end the day.

80cm B + D + 4 - Clear glass, satin

Bifold door 553.- Art. no. B81-01 / Fixed shower panel 458.- Art. no. D81-01 /
Telescopic support rail 73.- Art. no. 1600503 / Flow handle 28.- Art. no. 1600641

EVERYONE HATES BATTLING

WITH SCALE AND GRIME

All glass in the Dansani shower series is given a hard-wearing and environment-friendly EasyCare treatment, which prevents scale and grime buildup – even after being wiped 30,000 times. Simply wipe the glass over with a soft cloth after use, and your glass will look great for many years to come.

EasyCare is an environment-friendly German product, and certified by the independent SGS Institut Fresenius laboratory in accordance with OECD Guideline 2009.

GOODBYE TO SHOWER CURTAINS

This elegant bath screen means no more shower curtains, and it creates a far more spacious feeling in the room. The glass screen can fold in towards the shower, so it takes up the least possible space. Supplied with wall support.

100cm H - Clear glass, satin

Bath panel with hinged door 458.- Art. no. H100-01

90cm B + B - Clear glass, matt black

Bifold door 553.- Art. no. B91-03 / Bifold door 553.- Art. no. B91-03 / Flow handle 28.- Art. no. 1603641

BIFOLD DOORS ARE SPACE SAVING

A smart solution where both doors can be folded in when you are not using the shower enclosure, so they take up as little space as possible in the room. The bifold door can also be combined with other doors and fixed shower panels.

On the inside of the bifold door the hinge is concealed and flush with the glass panel. Beautiful, practical design in action.

SOFT CURVES

Discover a shower solution that combines simplicity and style with two elegant quadrant doors. Our design allows the doors to open both inwards and outwards, creating extra space in the room when the shower enclosure is not in use.

The simple profiles conceal a rise and fall hinge, as well as an adjustment to ensure the doors work perfectly every time. A cover cap finishes the overall look.

90cm E + E + Tower - Clear glass, satin

Quadrant hinged door 458.- Art. no. E81-01 / Quadrant hinged door 458.- Art. no. E91-01 / Tower 249.- Art. no. 1600570

A SMART

RECESSED SHOWER

Choose from 3 different models according to your requirements, all of which of course have adjustment to suit the width of your opening. Adjustment is possible on both sides. For example, create extra width by adding wall profile 1 to the open side and at the same time adding an extension profile to the hinge side of the door. Get the full overview of the options and exact solutions on page 37.

90cm C + 1 - Clear glass, satin

Hinged door with in-line panel 458.- Art. no. C91-01 /
Wall profile for recess 188.- Art. no. 1600501 / Flow handle 28.- Art. no. 1600641

HINGED DOOR WITH IN-LINE PANEL

A smart recessed shower lets you place furniture closer to the shower while making optimal use of the space.

BIFOLD DOOR

A practical solution in a small bathroom, as the door opens inwards, and keeps the water in the shower area.

80cm B + 1 - Clear glass, satin

Bifold door 553.- Art. no. B81-01 / Wall profile for recess 188.- Art. no. 1600501

HINGED DOOR

For even the smallest of rooms using the Match hinged door provides an effective showering solution - even in the guest room. Simply fold the door against the wall when not in use, and open up when required.

80cm A - Clear glass, satin

Hinged door 458 - Art. no. A81-01 / Flow handle 28 - Art. no. 1600641

Accessories: Squeegee 34 - Art. no. 1600012

ANOTHER TYPE OF RECESS

A very elegant solution for a larger recess combining a door and fixed panel. The Tower storage unit also helps keep order in the shower area by adding practical storage space for shampoo, soap and whatever else you need in your bathroom.

100cm A + D + 3 + Tower - Clear glass, matt black

Hinged door 458.- Art. no. A101-03 /
Fixed shower panel 458.- Art. no. D101-03 /
Wall support 73.- Art. no. 1603508 /
Tower 249.- Art. no. 1603570 /
Flow handle 28.- Art. no. 1603641

Accessories: Squeegee 34.- Art. no. 1600162

NEWS:

Purchase the new exclusive Flow metal handle to create a fantastic new look for your shower enclosure.

ELEGANT & COMPLETELY

FREE

A fixed shower panel is the perfect choice for those looking to create a minimalist solution. With different support options you can choose the solution that aesthetically appeals to you. For example, a telescopic rail is quick and simple to set up.

While the shorter support arm gives a cleaner look.

All solutions are equally sound.

Fixed shower panels are supplied with a floor profile which keeps the water inside, and a floor bracket that gives a light, floating effect. You choose which solution you want to use.

80cm D + 4 - Clear glass, matt black

Fixed shower panel 458.- Art. no. D81-03 / Telescopic support rail 73.- Art. no. 1603503

Accessories: Squeegee 34.- Art. no. 1600162

PLENTY OF SPACE WITH A **WALK-IN SHOWER**

For plenty of space and room to move around, this walk in wetroom enclosure is perfect providing an elegant solution with a very open minimalist look. With two telescopic support rails and a connector kit the solution is secure as well as attractive.

FURNISHING TIPS FOR SMALL BATHROOMS

Here you can find inspiration for making optimal use of space, if you have a very small or narrow bathroom. Many Match models allow you to place furniture closer to your shower solution, so there is room for a wider basin or an extra cabinet. The code under each solution refers to the door model and its width, and we have incorporated the Tower storage unit where possible - it is really important to be organised when space is limited.

MATCH ADJUSTABLE PIVOT HINGE - PROBLEM SOLVER

It is also possible to install shower enclosures even when the shower doors don't line up or the walls are off square as shown in solution E81+E81. The pivot hinge can be adjusted so the doors then close to this position.

See fitting instructions.

ADD THE

FINAL TOUCHES

An exclusive range of accessories that make daily life with Dansani Match an even greater pleasure. Everything is thought out down to the tiniest detail and designed for optimal use.

SQUEEGEE IN SILICONE

Contemporary shower squeegee in a dark grey silicone. The slightly textured surface provides a firm grip. The squeegee comes with a practical hook that hangs on the edge of the glass.

Dark grey silicone

Art. no.: 1600162

MODEL 1 – WALL PROFILE FOR RECESS FOR DOOR A, B AND C

Wall profile 1 for recess for use with door A, B and C and allows you to add 20mm. Combined with the hinge profile, which also can add 20mm, this gives it a total adjustment of 40mm in width.

If you need additional width you can add an extension profile - see accessories.

MODEL 8 – WALL PROFILE FOR RECESS FOR DOOR A, B AND C

Wall profile 8 for recess for use with door A, B and C. To be used where less adjustment is required for a neater look. Please note that using this profile means there is adjustment of only 20mm on the hinged door.

MODEL 9 – SEAL FOR DOOR A, B AND C

Seal 9 for use with door A, B or C. Where a wall profile is not required for a recess on the wall opposite the hinge, to give a light, elegant installation. Note that with the narrower installation, there is only 20mm adjustment on the door on the hinge side.

PRODUCT INFORMATION

MATCH HINGED AND FIXED SHOWER PANELS

All Match hinged doors and fixed shower panels have been tested to comply with EN 14428:2015 in relation to toughening of glass, stability and water tightness classification.

GLASS

6mm hardened safety glass complying with EN12150 with EasyCare treatment on the inside. Clear glass and some models in frosted glass.

PROFILES

Strong aluminium alloy with hard-wearing satin-anodised or matt black powder-coated surface.

HINGES

Rise and fall hinges that open both inwards and outwards at 180 degrees. The door is held open at 90 degrees either way. Inside the hinge a waterproof seal has been added.

MAGNETIC PROFILES

One removable magnetic profile is supplied with every door and fixed shower panel, that can be combined with profiles across the range. Once the magnet has been activated twice the polarity is set so the two magnetic seals work together. The magnet is located inside a PVC profile, with a matt surface to ensure they do not stick together during prolonged times of little or no use. The angled magnetic catch ensures perfect closure every time. The profile can be fitted in both left and right-hand applications, without the need for tools.

FIXED SHOWER PANEL

The glass panel can be adjusted by 20mm at the wall profile, and is fixed in place with PVC profiles inside the aluminium profile. The floor profile can be adjusted up to 6mm horizontally and using the spacers provided to suit, 12mm vertically. Alternatively, a 12mm adjustable floor bracket can be used for wet room solutions where no seals are required.

DOORS

On models A, B and E the hinge can be adjusted by 20mm at the wall profile for off-square applications. On fixed shower panel models C and D the glass panel is adjusted within the wall profile as it is for fixed shower panels. The floor profile can be adjusted up to 6mm horizontally using the predrilled slot.

HANDLES

Knob style handle in chrome plated or matt black ABS plastic included as standard with all shower doors. Purchase as an extra the longer Flow handle in a zinc alloy - in chrome or matt black.

FITTINGS

Floor brackets and fittings for telescopic support rail and wall support in zinc-aluminium, chrome-plated or matt black powder coated. End caps for profiles and various fittings in chrome-plated or matt black ABS.

TELESCOPIC SUPPORT RAIL

Strong alloy rail with hardwearing, satin-anodised chrome-plated or matt black powder-coated surface with concealed wall fixing bracket. The support rail also has a concealed fixing to the profile and is adjustable from 60 to 100cm.

WALL SUPPORT

Strong alloy wall support with hardwearing, satin-anodised chromeplated or matt black powder-coated surface with fittings in chromeplated zinc aluminium.

SEAL

Clear or matt black PVC seal used with doors at floor level can easily be replaced if required over time. Taller seals can also be purchased separately if required for certain applications.

LEAD-TIME

All Match models are in stock for quick delivery with 1 door/panel in 1 box. All boxes can be handled by one person as they weigh under 30 kg. Accessories like support rails and extra handles are packed separately.

WARRANTY

Dansani offers 10 years warranty against manufacturing defects on all Match models.

Exclusive, very strong and durable shower trays are available as optional extras for certain models.

For more detail please refer to dansani.co.uk

UNCOMPLICATED & EXPERTLY DESIGNED

INSTALLATION

It is likely, that the wall in your bathroom is not completely plumb. Maybe it has small deviations. Maybe it is slightly angled. However we don't think that this should cause the installation of your shower enclosure to present problems. Therefore, Dansani Shower is designed with a number of technical features that make it easy for the installer to fit your new Dansani Shower solution, even on very irregular surfaces. With plenty of adjustment options, you are certain to get a perfect result, irrespective of the solution you choose.

MEASURING

CORNER

RECESS

Irrespective of whether the wall angles in or out, the adjustment becomes the difference between the minimum and maximum measurements. Use a plumbline to determine the difference along the height of the screen. Before ordering, always check that these measurements correspond to the min./max. measurements of the selected model. Please see the price list.

BE FLEXIBLE WITH

MATCH

Get an overview of the size options for corner solutions, recessed solutions and fixed shower panels. The hinge on all doors can be adjusted by 20mm and the same applies to wall profile 1. In addition a choice of profiles provides more width adjustment options.

DIMENSIONS & PRODUCT INFORMATION

CLASSIC MODEL AND DELUXE

All Dansani sliding doors and fixed shower panels have been tested and comply with regulations EN 14428:2015 in relation to toughening of glass, stability and water proofing classification.

All models are reversible and can be used in both left and right hand applications without the need for tools or modifications.

All models are designed for installation on a horizontal surface, floor, or shower base.

The floor profile can accommodate up to 3 mm of floor unevenness, but in this case, support must be provided at 6 support points so that the support lies in a straight line (see installation instructions M1255 + M1256)

GLASS

8mm safety glass according to EN12150 regulations with easy care treatment on the inside. Available in clear glass.

PROFILES

Strong aluminum profile in satin anodized finish. Wall profiles are adjustable.

HANDLES

Shower door handle in stainless steel.

FITTINGS

Wall bracket and brackets for wall support are in chromed zinc-aluminium. Cover caps in chromed ABS.

INSTALLATION

Perfect installation even on off square walls due to the adjustment options.

CLASSIC MODEL - RUNNERS

Brass with polished chrome finish. The runners are not visible from the outside.

DELUXE MODEL - RUNNERS

The runners are produced in zinc alloy. The fittings for the top bar are made in brass with a refined polished chrome finish.

SUPPORT RAIL

Polished stainless steel with cover caps in chromed ABS. For enclosures with 2 fixed shower panels, 2 wall supports are supplied as standard.

SPARE PARTS

For spare parts please get in touch with your Dansani retailer.

WARRANTY

Dansani offers a 10 year warranty against manufacturing defects on all models.

SHOWER TRAYS

SLIM AND SIMPLE SHOWER TRAY WITH A HEIGHT OF ONLY 35MM

Dansani shower trays are manufactured from a fibre-reinforced composite material, which is subjected to a pressure of 2,000 tons and temperatures of up to 190 degrees during production. This process ensures a very uniform, strong and solid product, which is very light in comparison with other solutions.

Height adjustable legs come with all shower bases with fronts.

The waste pipe is horizontal, DN50, 90mm with a waste capacity of 30 l/ min. and a height of 86mm.

INSTALLATION OPTIONS

If you want the shower tray to be raised above the floor to allow the waste, for example, to be run back across the floor, Dansani offers a kit to facilitate this type of installation. The kit comprises a number of adjustable feet, which are easily "clicked" on to the base and ensure stable installation, even on uneven floors. In addition, the kit comprises a front panel (plinth) in a fibre-reinforced material, height 100mm, which is fitted with small clips and makes it easy to remove when cleaning or checking the installation.

If you want the shower tray fitted directly on the floor, stricter requirements are made on the waste and, sealing in to the floor.

WE TAKE RESPONSIBILITY

SUSTAINABILITY IN EVERY WAY

Dansani takes responsibility and takes good care of our surroundings. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis are the 17 UN sustainable development goals.

That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw materials, water and energy efficiently to reduce the environmental impact.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We generally exclusively focus on solutions that also meet our high quality standards - because long durability is an important element in a sustainable product. We therefore have 10-year warranties on all shower solutions. Obviously, it is also possible to repair or switch individual components which may further extend the life of the shower. It could be a PVC seal or a magnet.

Let's take a look at the materials used in Dansani shower solutions. For the Match shower, we use a quality 6mm safety glass that has been treated with the tough and environmentally friendly EasyCare. For large XXL shower solutions, we use a safety glass of 8mm thickness. Thick glass will last for many years, and our glass has also been tested and meets the EN 14428:2015 & EN12150 requirements that relate to stability and toughening.

And then there are the profiles in both shower series. They are a strong aluminum alloy, and is produced using 25% recycled aluminum. It has an incredibly long life as well as functionality and design benefits, and the recycling properties are nearly endless.

PACKAGING

We are in the process of making our packaging more environmentally friendly for you as a consumer. We have been gradually replacing styrofoam with recyclable cell cardboard in our packaging. At the same time, we have reduced the amount of plastic in the packaging of mirrors and shower enclosures. You will start to see these positive changes from the year 2024 onwards. In this way, we are actively working to create a better future for both you and the environment.

Dansani is committed to supporting the UN's global goals. For more detail please visit dansani.co.uk

We're constantly introducing new initiatives - stay tuned here.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the core of the process – Danish design makes everyday life easier, and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be good on the eye, it must work effortlessly and it should feel like coming home.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani, and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
