UNDERSTANDING YOUR SHOWERING OPTIONS

EXPOSED SHOWER VALVES

Bring the charm of traditional brassware into your home. Our timeless collection of surface mounted showers pair the period style you love with our tried and tested engineering, giving you that vintage feel with the comfort that your shower will last for years to come.

BAR SHOWERS

Occupying slightly less area than traditional exposed valves, bar valves are an economical choice that are ideal for compact shower spaces. Exceptionally easy to install and maintain, our collection of bar style mixer shower valves are available with a classic single function handset, or as a dual function system with a rainfall effect showerhead. Available in smooth, round or sleek square designs.

PUSH BUTTON SHOWER VALVES

Making the everyday task luxurious. Swiss engineering combines with intelligent push button technology to offer you effortlessly luxurious showering, all at the touch of a button. Available in an expansive range of styles and configurations.

CONCEALED SHOWER VALVES

Our concealed thermostatic shower valves offer single, dual or triple function, all in one easy to control system. Single function allows you to choose your perfect temperature level, dual function allows you to seamlessly switch between handset and overhead showers, whilst triple function adds our smart flow bath filler. Both include a specific handle to control the temperature, meaning you can choose your perfect level and leave it for the next time you shower.

10 YEAR GUARANTEE

All Roper Rhodes shower systems come complete with a 10 year guarantee, including the thermostatic cartridge.

Making things simple

CONCEALED PUSH BUTTON SHOWERS

Push button shower systems are the perfect family showering solution, the ergonomic controls allow you to change the showering function at the push of a button. Our Event-click showers are easy to operate and the ideal solution for the modern bathroom. The shower handset features 3 invigorating spray functions, energising, relaxed and massage, providing you with the ultimate choice for relaxation. The separate thermostatic control dial means you can set your desired temperature which keeps it constant for every shower.

EASY INSTALLATION

The valve can be easily removed and serviced even after installation giving you total peace of mind.

A close-up photograph of a typewriter keyboard. The focus is on the brand name 'ROPER RHODES' embossed on a white key. A magnifying glass is positioned over the key, enlarging the text. The surrounding keys are dark with white lettering, and the keyboard surface is perforated with small circular holes. The lighting is dramatic, highlighting the texture of the plastic and the metallic sheen of the magnifying glass.

CREATE YOUR OWN SHOWER

If our shower packages don't suit your requirements then you can design your own shower to meet your own specific needs & style. The guide in this section will help you select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower components available & build a shower which is bespoke to you.

Make it unique

CREATING YOUR OWN SHOWER

CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control?
Our selection of valves give the option to choose from single, dual and triple function controls, see pages 16-29

SINGLE OUTLET

for single function valves to control a fixed head, handset or bath filler

DUAL OUTLETS

delivering water to two separate outlets for dual function valves to control two outlets, see options opposite

TRIPLE OUTLETS

delivering water to three separate outlets for triple function valves to control three outlets, see options opposite

BATH FILLERS

With a Smartflow bath filler, water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.
