KUDOS

SHOWERING SOLUTIONS

CORE COLLECTION

———

RONAL Bathrooms UK

Create the perfect solution for your bathroom

The Kudos Core collection is a carefully curated collection of products designed to have universal appeal whilst also ensuring that there is a solution for every budget and every space, from a small en-suite to a large family bathroom and everything in between.

Established in 1999 Kudos Showers design and manufacture high quality showering products, bringing together innovative design, functionality and value. Helping you to create the perfect solution for your bathroom.

Now part of the wider RONAL Bathrooms Group, Kudos continues to manufacture high quality products in their factory in the stunning Lake District.

CORE **COLLECTION**

shower
Enclosures

The Kudos Core Collection of shower enclosures includes the Divera and Siona ranges, with each range representing great value and fantastic quality. Featuring pivot, sliding, bi-fold and quadrant doors ensuring that there is something suitable for every size and style of bathroom.

Whether you're looking for a traditional 'framed' or a more contemporary semi-frameless enclosure, simple (yet stunning) chrome or a stylish matt black finish then these ranges are perfect for you.

Every Kudos product is treated with LifeShield protective coating for easy cleaning and is backed by the Kudos Lifetime Guarantee.

LIFETIME GUARANTEE*   LIFESHIELD™ GLASS PROTECTION   HIGH PERFORMANCE

Curved panel enclosures

These unique elegantly designed Bow Fronted walk-in enclosures are the perfect solution for smaller bathrooms or where wall space is restricted.

Combining 8mm curved toughened glass panels with Kudos Concept Bow Fronted shower trays, ultimate curved panel walk-in enclosures make an ideal bath replacement especially where a door or window position restricts the available depth of the showering area. Available in three sizes, to suit 1200mm, 1500mm, 1700mm curved trays measuring just 700mm at each end providing the bather with a generous showering area for comfort and enjoyment.

Features & Benefits:

+ 3 Panel sizes in 8mm (700mm, 1000mm, 1200mm) for 1200mm, 1500mm and 1700mm bow fronted trays

+ 1950mm high exc. fittings. 1985mm high (inc. fittings)

+ Glass to floor gasket to minimise silicone.

+ Easy fit dry-seal wall post, requiring no silicone

+ Available in a number of colour finishes

+ Lifeshield™ easy clean glass coating

+ Lifetime Guarantee

+ Made In Britain

x2 chrome angle panel fixing kit and aqua4ma evolution centre waste deck

ultimate walk-through: single panel, matt black hinged deflector panel x 2,
matt black front panel fixing kit x 2 and aqua4ma evolution centre waste deck

ultimate
Roller deflector

Part of the ultimate range of walk-in enclosures the ultimate roller deflector is 500mm wide and is available in 4 colour finishes and both 8mm and 10mm clear glass options.

Retro-fittable* and treated with LifeShield for easy cleaning the roller deflector is designed to contain the majority of overspray and splashing within the showering area. Featuring a stylish finger pull the ultimate roller deflector is supplied with a trimmable runner meaning that it can be used on enclosures as small as 1200mm and up to (and including) enclosures as large as 2000mm.

The roller deflector isn't suitable for installation with an angled or ceiling fixing kit and you are required to order a front panel fixing kit when purchasing the roller deflector.

existing enclosure must include a front panel fixing kit for this deflector to be installed retrospectively

Features & Benefits

+ 1985mm (including fittings) high
+ 500mm wide
+ Available in 8mm and 10mm toughened safety glass options

+ Treated with Lifeshield for easy cleaning
+ Lifetime Guarantee
+ Made In Britain

ultimate recess: matt black enclosure with a roller deflector on a connect2 tray

52

Ultimate deflector panels

Deflector Panels

Designed to contain the majority of over-spray and splashing within the showering area, Kudos ultimate deflector panels are available in three styles, each option is able to be retro-fitted and can be added at a later date if required.

Enjoy the pleasure and appearance of a walk-in shower even where space is at a premium. With the ability to fit a deflector panel it is now possible to create a functional and stunning enclosure even as small as 1200mm*.
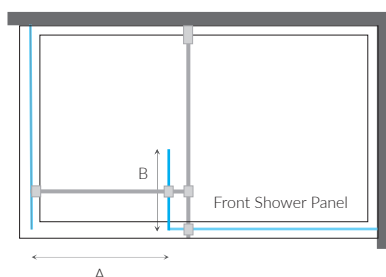

Fixed Deflector Panel:

Supplied with fixings to connect to standard fixing kit recess or corner. This 255mm fixed deflector panel provides a 90° angled barrier to prevent splashing outside of the showering area.

Not suitable for use with angled or ceiling fixing kit. Not for use with curved panels

A = Rec min access 500mm   B = 265mm
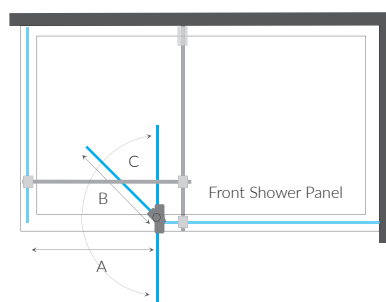

Hinged Deflector Panel:

Available in 300 and 400mm widths in both 8 & 10mm glass thickness, the hinged deflector rotates through 180° for easy access. Featuring heavy duty hinges with crystal clear seals for minimalist appearance. Available in both 8 & 10mm glass thickness and featuring heavy duty hinges and crystal clear vertical seal.

Suitable for use with flat and curved panel enclosures and all ultimate fixing kits

A = Rec min access 500mm   B = 300mm or 400mm   C = 180° rotation for easy access
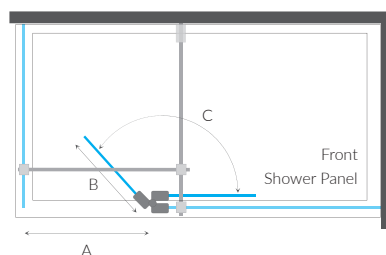

Fold-Away Hinged Deflector Panel:

Designed to fit neatly behind the front panel when not in use, the 300mm Fold-Away deflector panel stops at a 45° angle to the front panel when in use to provide the optimum protection from over-spray. Available in both 8 & 10mm glass thickness.

Suitable for use with flat panel enclosures and all ultimate fixing kits

A = Rec min access 500mm   B = 300mm
C = 135° rotation stops at optimum position for maximum overspray protection
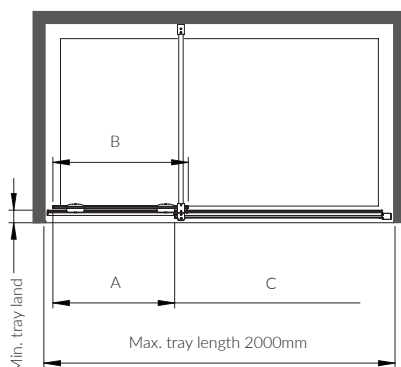

Roller Deflector Panel:

Designed to fit neatly behind the front panel when not in use, the ultimate roller deflector provides maximum coverage to minimise overspray from your walk-in enclosure. The integrated, full length, threshold strip provides further protection. Available in both 8mm and 10mm glass thicknesses.

Suitable for use only with flat panel enclosures and the ultimate front panel fixing kit.

A = Rec min access 500mm   B = 300mm
C = Adjustable stops allow for max 485mm overhang

Note: All ultimate Hinged Deflector Panels are handed please suffix codes with LH or RH. All illustrations show Right Hand option.

*Please note that whilst deflector panels will contain a significant amount of overspray they are not intended to be watertight so some water may leave the showering area (particularly with smaller configurations).

Ultimate10 enclosure, matt black wallpost with smoke grey glass
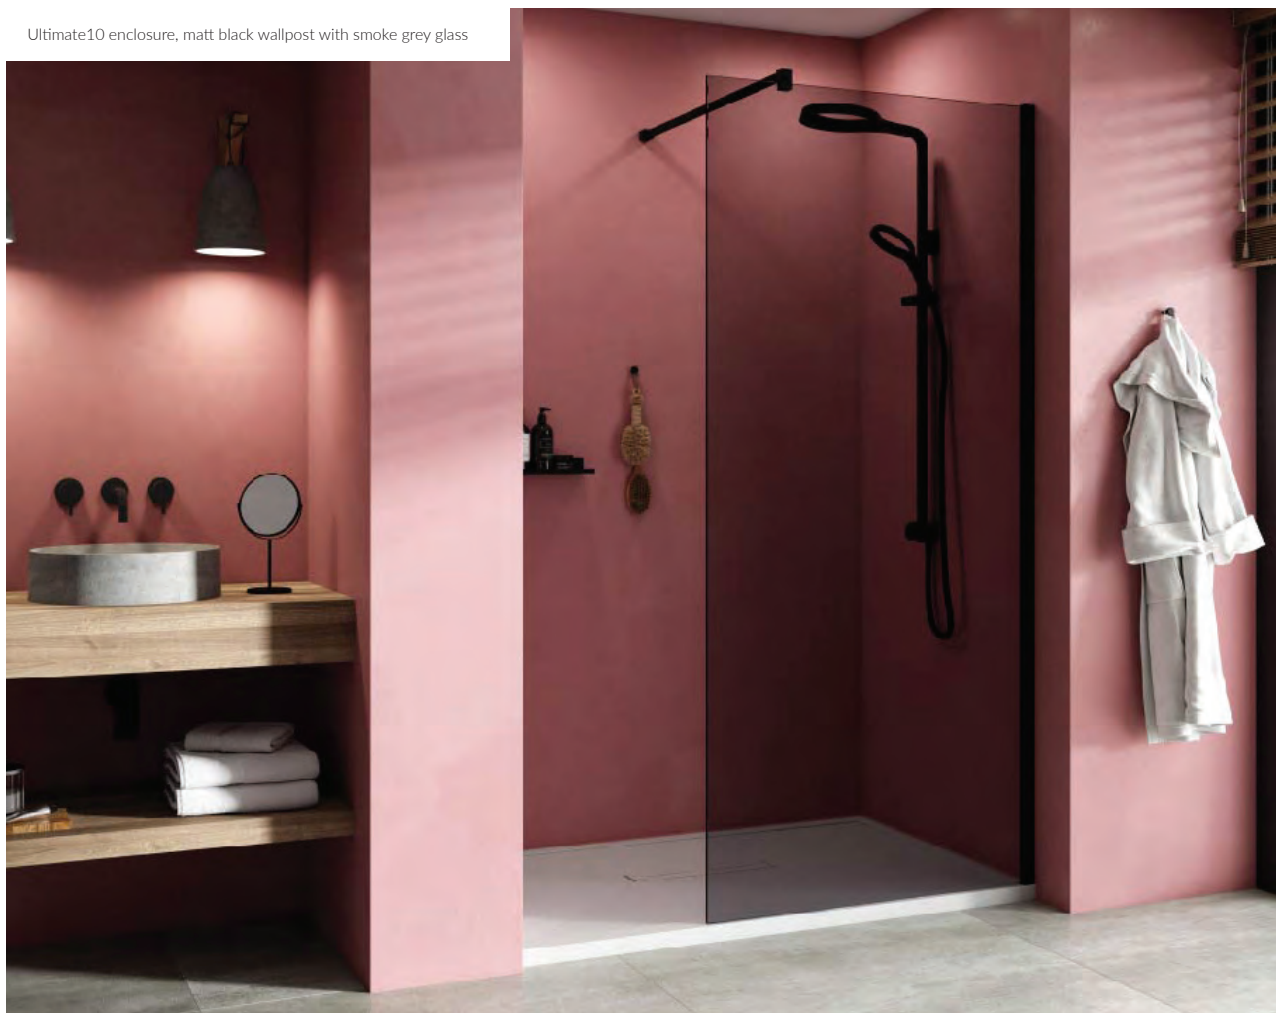

Ultimate smoked glass with satin stripe, matt black wall post and front panel fixing kit
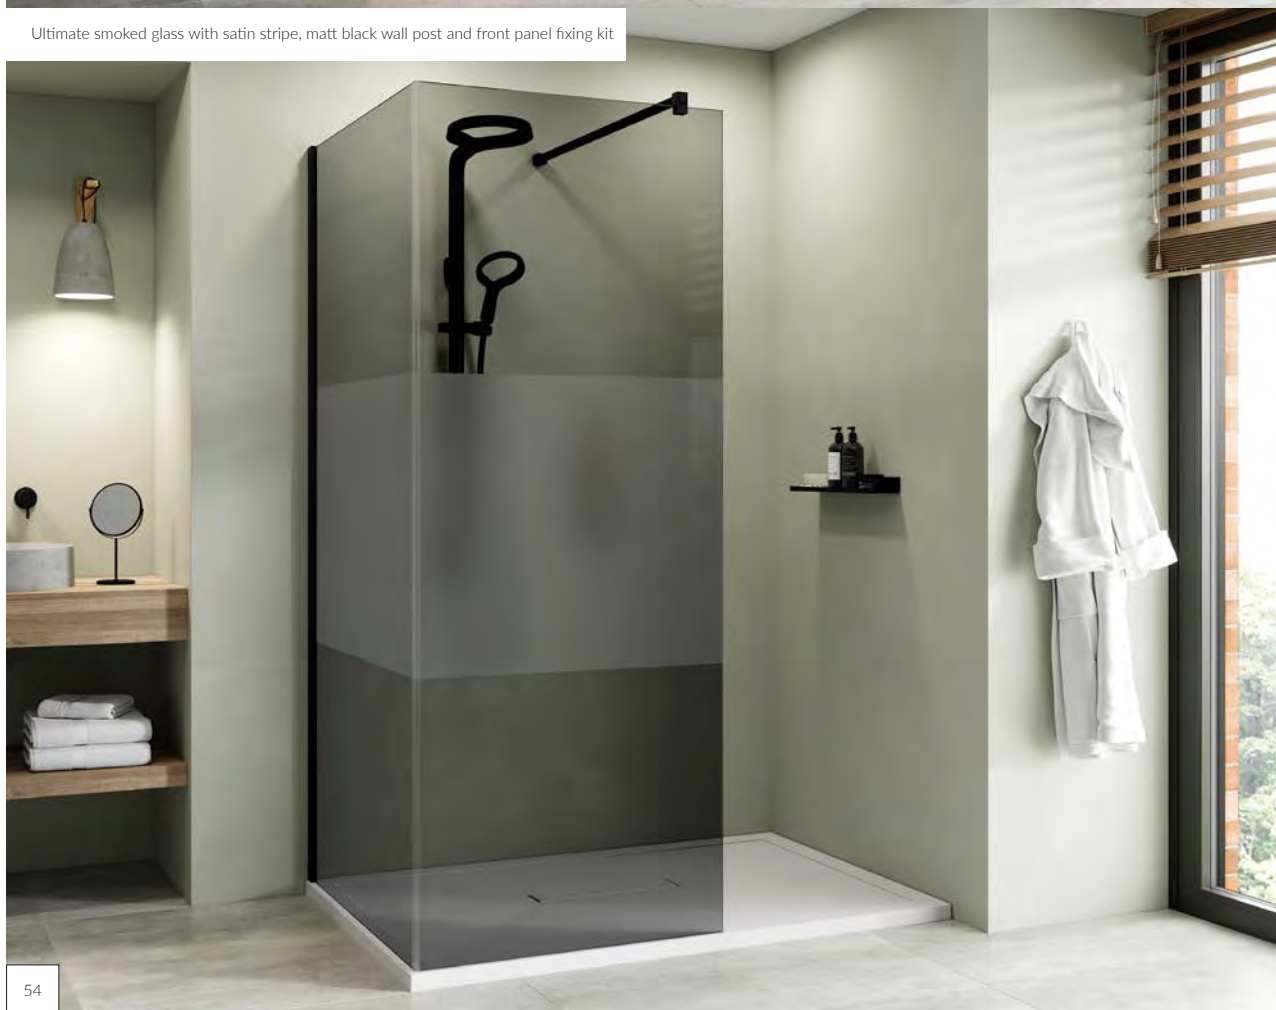

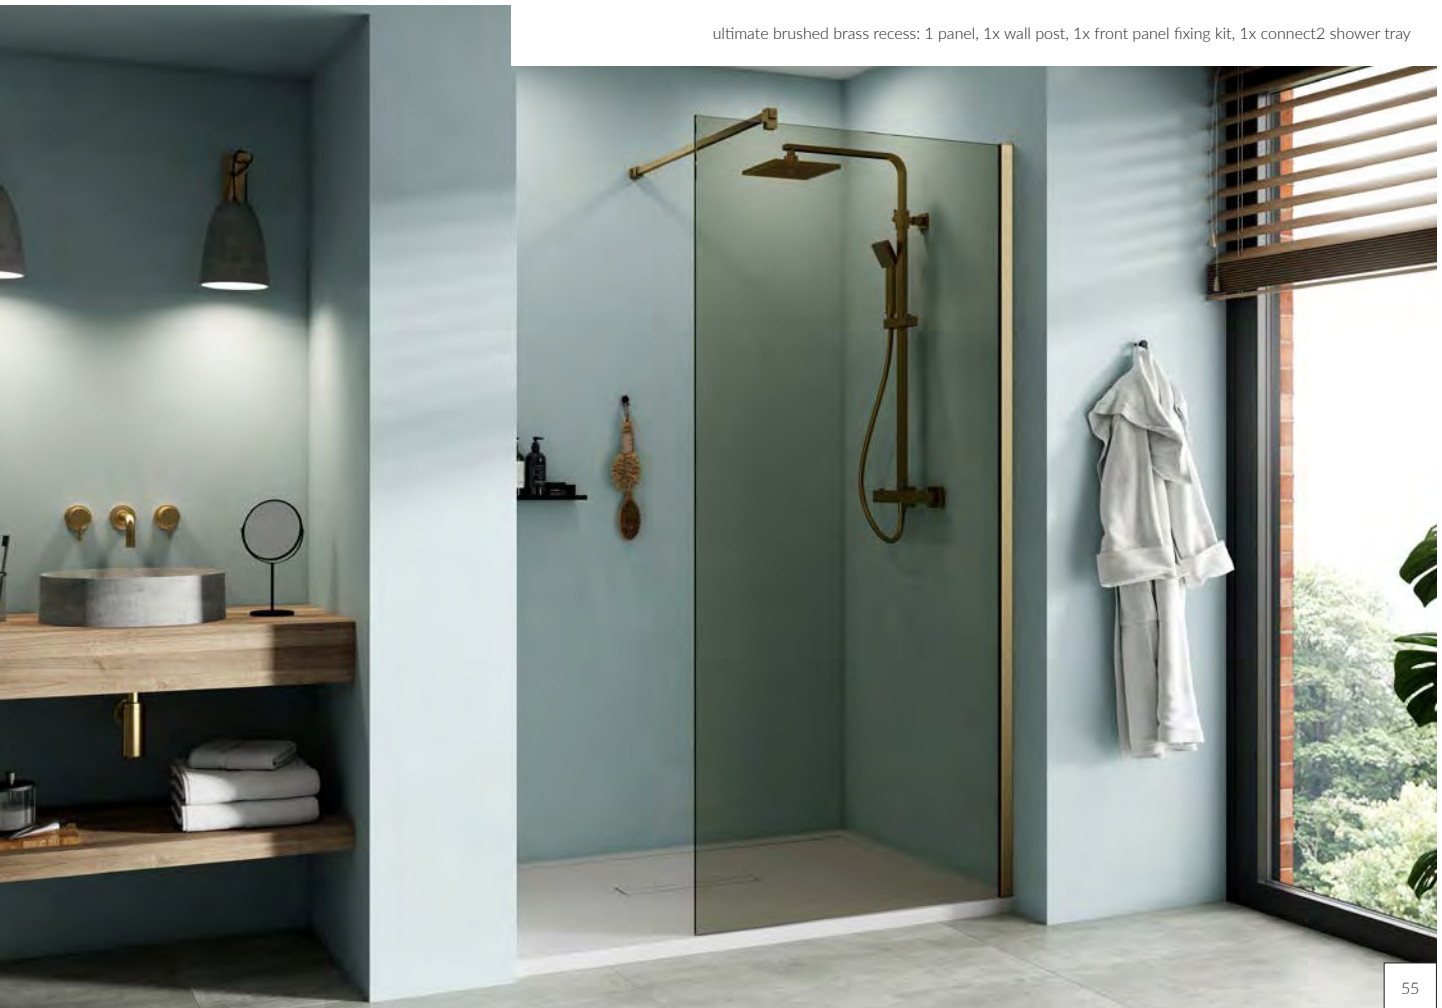

ultimate
10mm coloured glass

Creating a unique walk-in enclosure could not be easier with the colour 10mm options that are included in the ultimate range.

These stunning panels are available in bronze tint, smoked, satin (frosted) and smoked with satin modesty stripe and in 5 panel sizes. Available as standard in chrome/ matt black/ brushed brass and brushed nickel finishes as well as five additional colour finishes including white, brushed bronze and gun metal – let your imagination run wild and create the ultimate showering space with the Kudos ultimate wet-room panel collection.

Features & Benefits:

+ 4 glass colour finishes
+ 5 flat panel sizes
+ Fold away deflector panel
+ 1950mm high (exc. Fittings, 1985mm inc. fittings)
+ Available in 9 colour finishes
+ Lifeshield easy clean glass coating
+ Easy fit dry-seal wall post
+ Lifetime Guarantee
+ Made In Britain

ultimate brushed brass recess: 1 panel, 1x wall post, 1x front panel fixing kit, 1x connect2 shower tray

ultimate**10**
Mirrored décor panel

Part of the ultimate 10mm collection, the mirrored décor panel is a great way of incorporating a full length mirror into your design. Creating the illusion of space whilist being practical.

Features & Benefits:

+ Compatible with 10mm ultimate panels
+ 1985mm high (including fittings)
+ 400mm wide
+ Lifeshield protection for easy cleaning
+ Lifetime Guarantee

ultimate 10mm walk-in wetroom panel with 400mm mirrored décor panel, brushed brass wall post, front panel fixing kit and interconnector

ultimate**10**
Interconnector

Designed to be used alongside ultimate 10mm wet room panel range, the interconnector enables you to connect two panels together allowing you to create either a larger enclosure (without having to worry about the weight of the glass) or to incorporate some of our coloured glass or even our mirrored décor panel into your design.

The interconnector works as a glass clamp with a watertight seal to connect two pieces of ultimate 10mm glass making installing larger enclosures much easier. The interconnector also means that you could use contrasting glass panels from our 10mm range to create a unique shower enclosure.

Features & Benefits:

+ To be used with ultimate 10mm wet room panels

+ 1985mm high (including fittings)

+ Available in 9 colour finishes

+ Covered by the Kudos Lifetime Guarantee

+ Lifetime Guarantee

+ Made In Britain

Brushed brass interconnector and mirrored decor panel
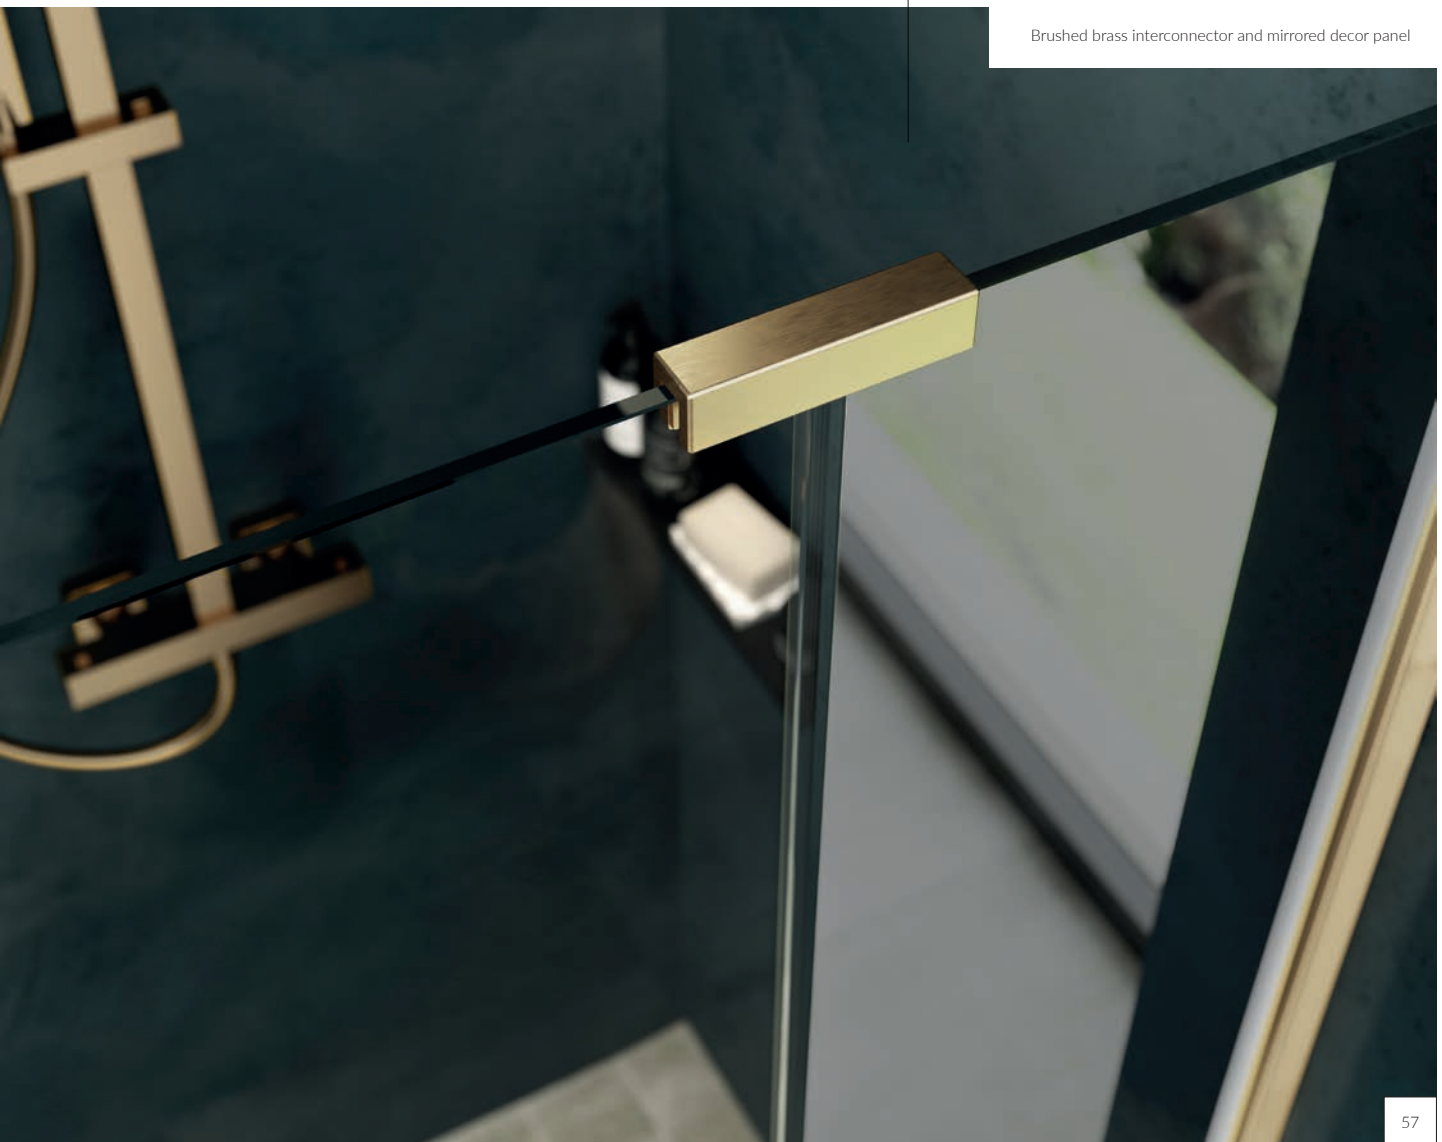

ultimate**10**
10mm glass to glass corner post

The ultimate glass to glass corner post allows you to choose between either a minimalist approach (using the ultimate corner to corner seal) or a more traditional look and feel using the glass to glass corner post.

Features & Benefits:

+ To be used with ultimate 10mm wet room panels

+ 1985mm high (including fittings)

+ Available in 9 colour finishes

+ Lifetime Guarantee

+ Made In Britain

Brushed brass glass to glass corner post

Ultimate fixing kits and colour finishes.

Fixing Kits

To secure your shower panel we offer a number of fixing options. For maximum stability we recommend the Standard fixing kit, available for both front panel and side panels. However, if it is not possible to use this style of fixing, we also offer an angled fixing kit in 2 sizes or a glass to ceiling support which can be cut to the desired length.

Standard Fixing Kits
Shown: Front panel fixing kit with side panel fixing kit. Each stabilising bar is 1000mm long and can be cut to suit. A 1500mm front panel kit is also available.

Angled Fixing Kit
Available in 300mm or 500mm options.

Ceiling Fixing Kit
Ceiling fixing bar is 600mm long and can be cut to suit ceiling height.

See page 60 for suitability of fixings based on the configuration of your walk-in enclosure.

Colour Finishes

Kudos ultimate fittings are available in Chrome/Silver, Matt Black, Brushed Nickel and Brushed Brass. In addition Polished Gold, Polished Bronze, Brushed Bronze, Gun Metal and White are available to special order.

Manufactured from an Acrylic capped ABS skin with a structured resin bonded stone filler. All sizes are available in a high gloss finish or with the new Kudos SR slip resistant matt finish.

bathscreens
& Over-bath

Over-bath showering has long been considered a compromise of practicality over style and performance, but not anymore. The over-bath screen collection by Kudos means that making such a compromise is a thing of the past.

Kudos has been making high quality showering products for the last 20 years, hand-assembled using the best materials, our stunning collection of over-bath panels is designed to complement your bathroom space. All screens and panels are treated with Lifeshield glass protection for easy cleaning and are covered by the Kudos Lifetime guarantee.

The Kudos over-bath showering collection features two distinct ranges: the ultimate 10mm and inspire over-bath.

LIFETIME GUARANTEE*   LIFESHIELD™ GLASS PROTECTION   HIGH PERFORMANCE

*See website for details.

ultimate**10**
Over-bath panels

Based on the Kudos ultimate walk-in shower enclosure system, ultimate fixed over-bath offer a simple yet elegant solution to over-bath showering. Available in 4 panel sizes in stunning 10mm toughened safety glass with Lifeshield™ coating and a choice of fixings, you can create combinations to suit virtually all situations. Available in a number of colour finishes.

A retro-fit Foldaway deflector panel allows for smaller front panels to be fitted to give maximum access to the bath whilst ensuring that when showering the spray is contained with the bathing area.

Features & Benefits:

+ Lifetime Guarantee

connect**2**

Shower trays

The stunning looking connect2 is a uniquely designed shower tray featuring two offset waste positions that ensures an obstruction free connection. Whether square, rectangular or quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

Features & Benefits:

+ Available in three finishes:
  - High Gloss
  - SR finish (slip and stain resistant)
  - Slate effect
+ Unique design avoids the need to cut joists or lift the tray onto a plinth
+ Guaranteed to work with all standard joist sizes and spans
+ Structural resin bonded stone filler for increased stability
+ Super slim at only 35mm high
+ Supplied with a reinforced colour matched waste cover that is magnetically secured, comfortable underfoot and is easily removed for cleaning
+ Covered by the Kudos Lifetime Guarantee

Connect2 high gloss shower tray

SHOWER TRAYS

A revolution in shower tray design.

High Gloss Shower Tray
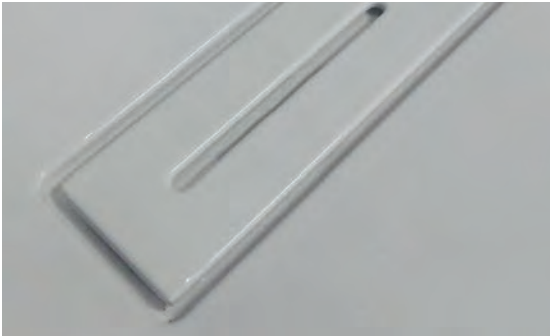

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

Slate Effect Shower Tray

connect2 slate effect trays feature an exclusive surface pattern taken directly from a piece of local slate for a truly authentic finish whilst maintaining the features and benefits of the acrylic surface material. It is both slip and stain resistant and also contains an anti-microbial additive to inhibit the growth of microbes including bacteria and mould.

SR Finish Shower Tray

Slip & Stain Resistant
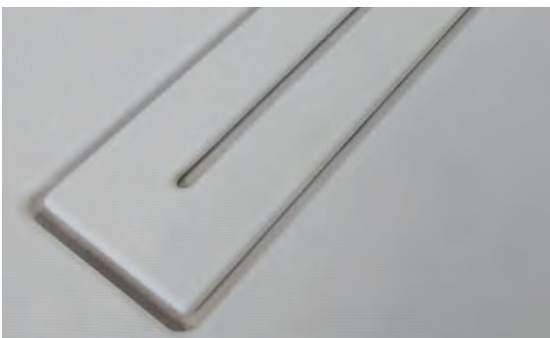

connect2 SR trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing. The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning it cannot be removed and is comfortable to stand on. The textured surface provides a high level of stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime

The unique design of the connect2 tray ensures obstruction free waste connection irrespective of joist position or direction.

connect2 trays are supplied with a high flow waste and a blanking plug secured with solvent weld (not supplied) to block the unused waste hole.

connect2 trays are supplied with a stylish colour matched linear waste cover, magnetically secured and reinforced for comfort and stability underfoot.

Based on industry standard of 400/450/600mm increments as outlined in the NHBC standards 2018

Whether square, rectangular or the quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.
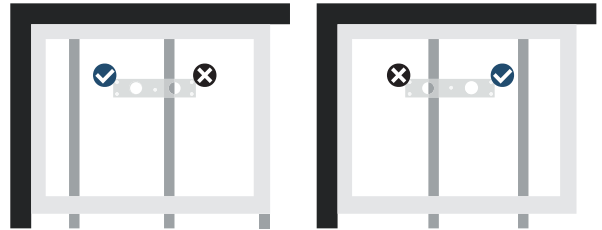

Where joists run parallel to the width of the tray, at least one hole will always be clear.

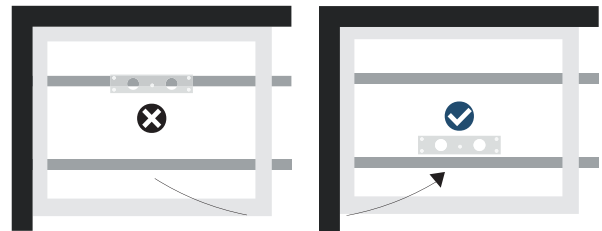

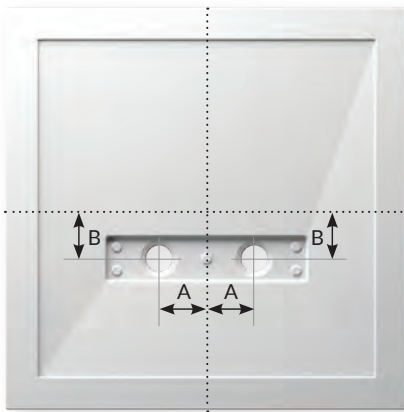

Where joists run parallel to the length of the tray and both holes are obstructed, simply turn the tray 180°. The unique offset position will ensure both will become free.

With the unique connect2 design even Quadrant and the Kudos unique Full Curve shape trays have the ability to avoid joists.

How to raise your connect2 shower tray

Creating a Fascia Panel

Straight Edge (Square & Rectangular) Trays

A Fascia panel can be created using a moisture resistant material (not supplied) which can then be painted, tiled or alternatively covered with a Kudos Acrylic Decorative Fascia Cover to match the tray material.

Quadrant, Curved & Bow Fronted Trays

Fascia panels for Full Curve or Bow Fronted trays require a flexible moisture resistant material such as marine plywood, which can either be painted, tiled with mosaics or covered with a Kudos Decorative Acrylic Fascia Cover to match the finish of the tray.

Creating a Fascia Panel for Kudos Quadrant Trays

The shape of Quadrant trays require the Fascia board material to be manufactured with machined cuts to enable the plinth to follow the shape of the tray. Kudos Quadrant Fascia Board is pre-machined for this purpose.
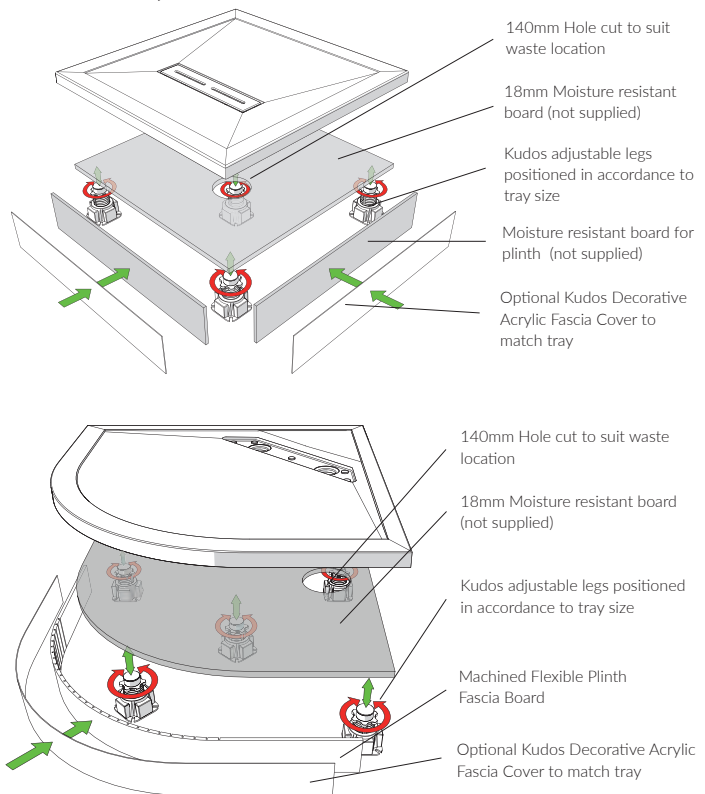

This can then be painted, tiled or covered with a Kudos Acrylic Decorative Fascia Cover.

Fascia Covers

aqua4ma evolution centre waste deck
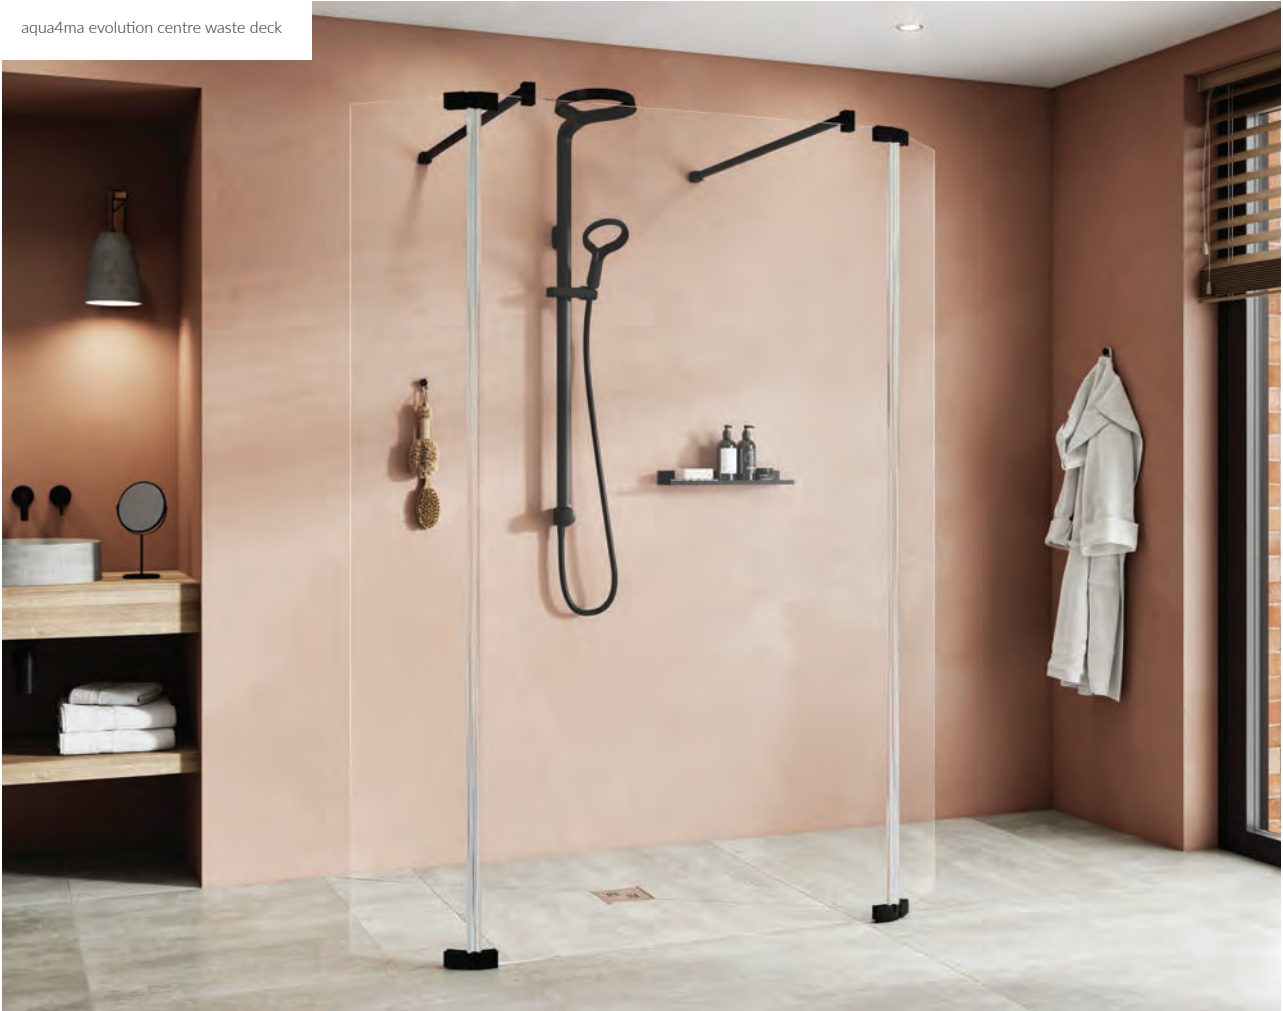

aqua4ma evolution centre waste deck

aqua**4**ma
Shower decks and wet-room system

Practical and sophisticated, it's easy to understand why there has been an increase in the number of wet-room installations. Space enhancing and easy to clean, these spa-like bathrooms represent the ultimate in luxury.

Kudos showers have long led the way in simplifying the installation of wet-rooms, with the iconic aqua4ma system having been installed in 1000s of UK homes, the installation process has been further simplified with the introduction of the aqua4ma Evolution wet-room system.

Versatile, reliable and backed by the Kudos lifetime guarantee, aqua4ma evolution and aqua4ma linear decks ensure that you will be able to find the wet-room foundation that is perfect for you.

Features & Benefits

+ Quick and easy to install
+ Easily trimmed to fit or to avoid joist obstruction
+ Suitable for tiles, vinyl* and micro-cement
+ Fit anywhere in the home on wooden or solid floors (see installation guide for full details)
+ Ready for tiling immediately with no wet trades required
+ Floor and wall panels for a total wet-room installation

*Please order vinyl specific waste

ultimate recess: 1 panel, 1 x matt black wall post, 1 x matt black front panel fixing kit, 1 x aqua4ma evolution centre waste deck
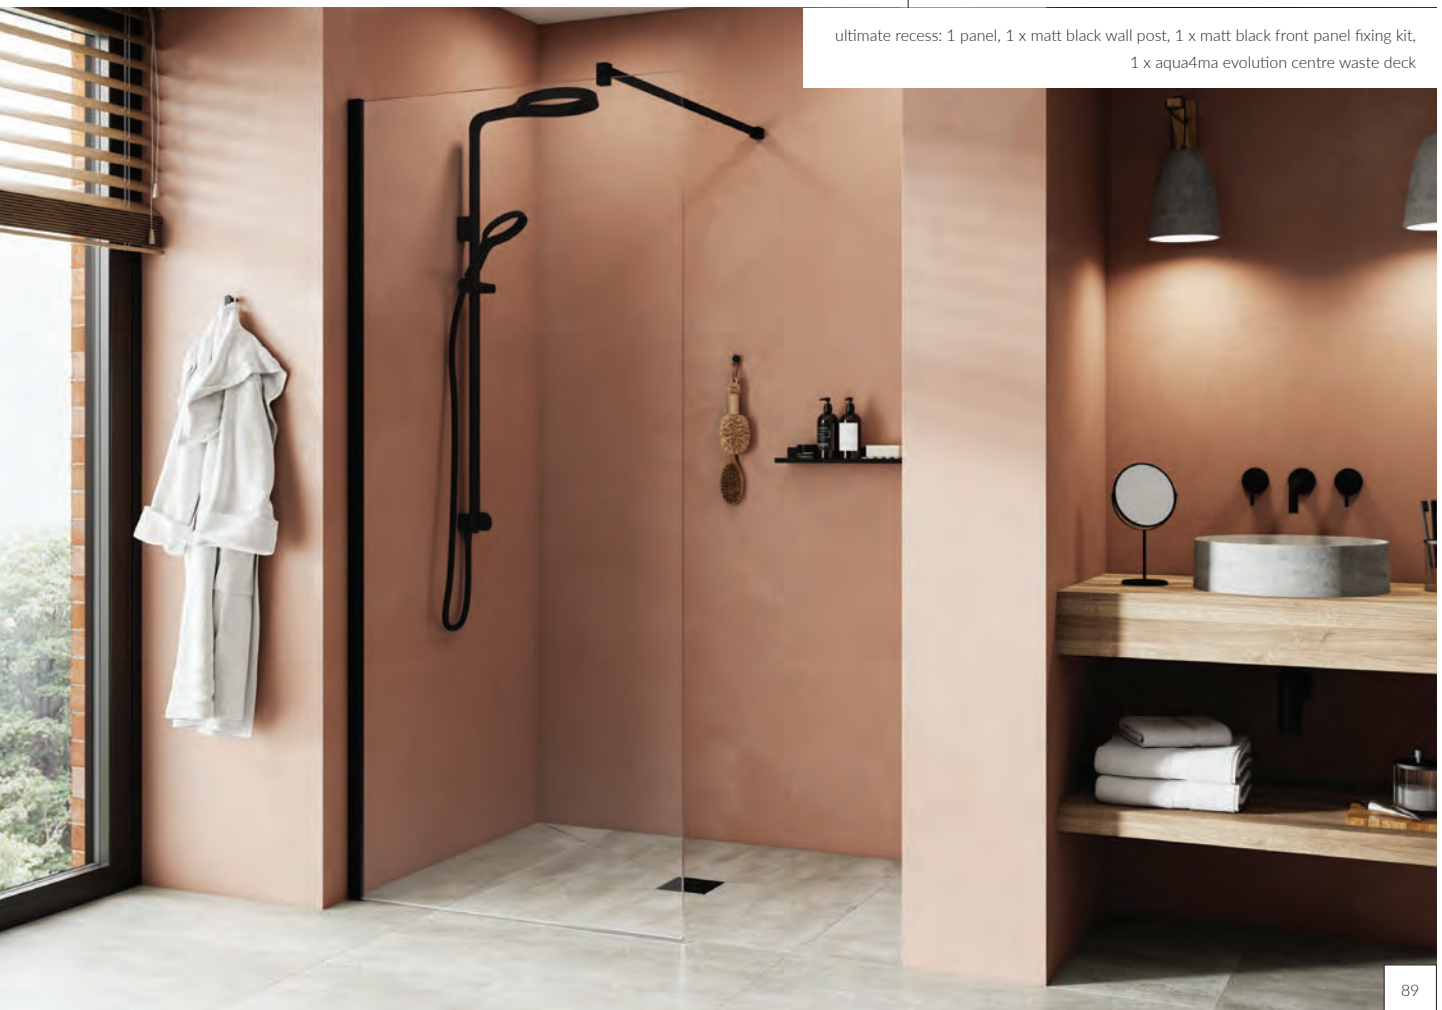

aqua**4**ma
Evolution shower decks

Versatile and easy to install, aqua4ma evolution has been developed to reflect the demand for lower-level, cost effective, wet-room solutions. Available in two style options, each featuring a 90mm waste, aqua4ma evolution can be installed anywhere in the house on wooden or solid floors and is guaranteed to be waterproof for life.

The perfect partner to the ultimate range of enclosures, aqua4ma evolution can be used in just the showering area or on all walls and floors to create a fully watertight wet-room and is ready to tile/ finish on the same day as installation – saving you both time and money.

Features & Benefits:

+ Quick and easy to install
+ Easily trimmed to fit or to avoid joist obstruction
+ Overall depth of just 25mm
+ Suitable for tiles, vinyl** and micro-cement
+ Fit anywhere in the home on wooden or solid floors
+ Can be fitted at joist level on wooden floors*
+ Ready for tiling/finishing immediately
+ Use with aqua4ma floor and wall panels for a total wet-room solution
+ Lifetime Guarantee
+ British Made

* Decks should be fully supported by creating a false floor between joists

Linear shower decks

Versatile and easy to install, aqua4ma linear is an ultra low-level (just 19mm deep), cost effective, wet-room solution. Featuring a stylish tileable waste cover and a 90mm waste, aqua4ma linear can be installed anywhere in the house on wooden or solid floors and is guaranteed to be waterproof for life.

The perfect partner to the ultimate range of enclosures, aqua4ma linear can be used in just the showering area or on all walls and floors to create a fully watertight wet-room and is ready to finish on the same day as installation - saving you both time and money.

Features & Benefits:

+ Quick and easy to install
+ Easily trimmed to fit or avoid joist obstruction
+ Overall depth of 19mm
+ For use with tiles
+ Fit anywhere in the home on wooden or solid floors
+ Ready for tiling/finishing straight away with no wet trades required
+ Use with aqua4ma floor and wall panels for a total wet-room solution
+ Lifetime guarantee

Linear shower deck consists of:

+ 1330 x 1000mm shower deck
+ Stainless steel tray
+ 2 sided levelling strips
+ 1 tube of adhesive

Waste Assembly (order separately):
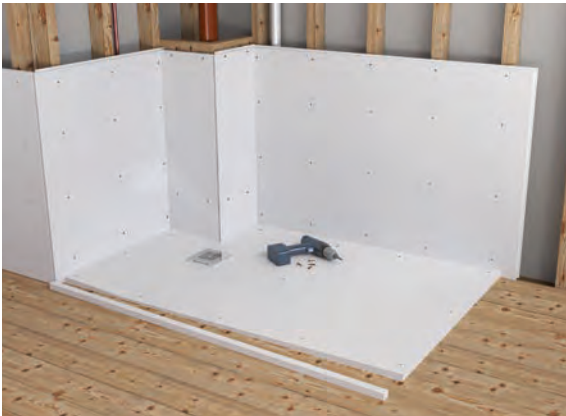

+ 90mm waste for linear

Panels

Wall & Floor Panels

The aqua4ma range of wall and floor panels allow you to create a water tight space that meets your requirements. aqua4ma panels provide the versatility and peace of mind you're looking for.

aqua4ma panels are available in 4 thicknesses: 7mm, 15mm, 19mm (for use with aqua4ma linear only) and 25mm. With either two or three panels in a pack (with the exception of 25mm which are available in either singles or a two pack), the panels measure 1200 x 800mm providing a square metre of coverage. As with aqua4ma shower decks the shower panels are easily trimmable and can be fitted to either floor or walls using either screws or flexible tile adhesive as appropriate.

aqua4ma 7mm panels

Perfect for creating a fully waterproof floor, aqua4ma 7mm panels can be used (on top of plywood as necessary) to create level access by raising the floor to the same level as the deck ready for tiling. The 7mm panels can also be affixed to solid walls to create watertight walls.

aqua4ma 15mm panels

The 15mm tongue and grooved panels can be screwed directly to battens in place of plasterboard and, as the material self seals around screws, no washers or additional sealing is necessary. The above illustration shows how the 15mm panels can be used to box in pipe work as necessary too.

aqua4ma 19mm panels

For use with the aqua4ma linear decks, the 19mm panels can be used to create level access when using Aqua4ma linear. The panels are the same depth as the deck allowing you to extend the waterproof are quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

aqua4ma 25mm panels

For use with the aqua4ma evolution decks, the 25mm panels can be used to create level access when using aqua4ma evolution. The panels are the same depth as the deck allowing you to extend the waterproof are quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

You can use these 25mm panels to make a seat, for shelving, for boxing or any structure you wish to create! Simply solvent weld and screw the panels together and to the aqua4ma wall/ floor panels.

bespoke
Showering solutions

Established for 25 years, Kudos Showers is recognised in the industry for the quality, design and workmanship associated with their extensive product range.

From showers to bathscreens, enclosures to wet-room systems, everything is designed in-house by a team of people with keen attention to detail – ensuring that every Kudos product is built to the same exacting standards.

Kudos Showers also recognise that sometimes products from their core ranges don't meet the customer's requirements – that could be because they're working with an unusual sized space, or have a very specific 'look' in mind. On these occasions, the Bespoke by Kudos range and service really comes into its own.

The 'Bespoke by Kudos' team will work with you to create the shower enclosure that best meets your needs.

Our bespoke design team can produce showering solutions that are tailor made to your requirements.

Why choose *'Bespoke By Kudos'* for your tailor made solution

Quite simply put, Kudos offer the best in market Bespoke solution, we will work with you from measuring* the space you have available to design specification and quote, right the way through to installation**, all the while ensuring that your specific needs are at the forefront of what we do.

Every Bespoke enclosure is manufactured and hand-finished by our in-house team, ensuring that each enclosure is given the same level of care and attention.

We offer a 'measure only*' or 'measure and install**' service, designed to give you additional peace of mind. One of our Support Team will visit and measure the space that has been allocated for your enclosure and, if you wish, will also install the enclosure for you once it's ready.

Glass Colour Options †

- Satin Frosted
- Bronze Tint
- Smoke Grey
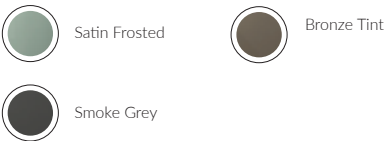

† Despite every effort to provide accurate images of each product's colour and design, actual colours and design may vary slightly.

Available Colour Finishes ††

- Chrome
- Matt Black
- Brushed Brass
- Brushed Nickel
- Polished Gold
- Gun Metal
- Polished Bronze
- White
- Brushed Bronze

**†† Colour Finish options may vary according to selected range.**

Why choose *'Bespoke By Kudos'* for your tailor made solution

How to order...

Ordering from our Bespoke team couldn't be simpler, just 5 steps to your perfect showering solution:

1   Contact your Kudos Retailer who will send us a rough drawing of what you're trying to achieve and/ or the space that you have available. We will confirm if we are able to accommodate your request and will provide you with a guide price.

2   If you wish to proceed you will need to provide the following an accurate drawing of the space that is available, alternatively this is the point at which you can opt to use our measuring service.

3   Once final measurements have been received we will provide a detailed drawing, final price and an estimated delivery date.

4   Once you sign the drawings off a deposit will be required before we move to step 5

5   Once your product is ready we will arrange for delivery and (if you have opted for the measure and fit service) arrange a date for our Support Team colleague to install your enclosure.
