showering solutions

Established for 25 years, Kudos Showers have been recognised in the industry for the quality, design and workmanship associated with their extensive product range.

From showers to bathscreens, enclosures to wet-room systems, everything is designed in-house by a team of people with keen attention to detail – ensuring that every Kudos product is built to the same exacting standards.

Kudos Showers also recognise that sometimes products from their core ranges don't meet the customer's requirements – that could be because they're working with an unusual sized space, or have a very specific 'look' in mind. On these occasions, the Bespoke by Kudos range and service really comes into its own.

The 'Bespoke by Kudos' team will work with you to create the shower enclosure that best meets your needs.

Our bespoke design team
can produce showering solutions
that are tailor made to
your requirements.

BESPOKE SOLUTIONS

Why choose 'Bespoke By Kudos' for your tailor made solution

Quite simply put, Kudos offer the best in market Bespoke solution, we will work with you from measuring* the space you have available to design specification and quote, right the way through to installation**, all the while ensuring that your specific needs are at the forefront of what we do.

Every Bespoke enclosure is manufactured and hand-finished by our in-house team, ensuring that each enclosure is given the same level of care and attention.

We offer a 'measure only*' or 'measure and install**' service, designed to give you additional peace of mind. One of our Support Team will visit and measure the space that has been allocated for your enclosure and, if you wish, will also install the enclosure for you once it's ready.

How to order...

Ordering from our Bespoke team couldn't be simpler, just 5 steps to your perfect showering solution:

- 1 Contact your Kudos Retailer who will send us a rough drawing of what you're trying to achieve and/ or the space that you have available. We will confirm if we are able to accommodate your request and will provide you with a guide price.
- 2 If you wish to proceed you will need to provide the following an accurate drawing of the space that is available, alternatively this is the point at which you can opt to use our measuring service.
- 3 Once final measurements have been received we will provide a detailed drawing, final price and an estimated delivery date.
- 4 Once you sign the drawings off a deposit will be required before we move to step 5
- 5 Once your product is ready we will arrange for delivery and (if you have opted for the measure and fit service) arrange a date for our Support Team colleague to install your enclosure.
