Stefan Chirardello

Manuel Chirardello

A FAMILY DRIVEN LEGACY

Jean Chirardello founded a small furniture workshop in 1956, in the southeast of France, which at the time had only four employees. His son Bernard and his daughters, Catherine and Sylvie, took over and developed the business further. 69 years later, the company, now led by Stefan and Manuel Chirardello, employs over 180 people and produces more than 1,000 bathrooms per week.

Our passion for optimising space and storage, combined with consistently innovative design, continues to drive us every day. Our values of Respect, Commitment, Responsiveness, and Collaboration guide our actions and strengthen our team cohesion, fostering a rewarding work environment.

At Ambiance Bain, being a bathroom manufacturer is more than just a job—it's a family expertise passed down through three generations.

OUR

“VOCATION”*

IMAGINE & PRODUCE

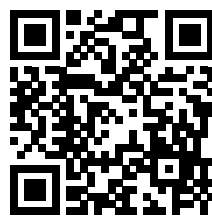

Attractive solutions for optimising
space and storage in the bathroom.

FOR THE ENTIRE BATHROOM

We are the only manufacturer that
produces bathroom furniture along
with complementing basins, shower
trays, and wall panels for the UK market.

*Our Mission

OUR

“

PERSON PERSON PERSON

Gauthier designer partner

ELEGANCE & DIVERSITY WITH A TOUCH OF INDIVIDUALITY

Freelance designers, creatives
and technicians are involved
to co-create our collections.

*Our Personality

INALITÉ*

“ OUR **INDÉPENDANCE** * INDUSTRIELLE”

**TO UNLEASH
CREATIVITY
AND ENSURE
THE QUALITY
OF OUR PRODUCTS**

PRODUCTS DESIGNED TO LAST

A guarantee of great longevity, all Ambiance Bain furniture is assembled, and adjusted in our factory in the South of France. Unlike flat-packed furniture, our pieces are glued and assembled using mechanical clamping, ensuring there is no movement that could compromise their durability over time.

*Industrial independence

HIGH PERFORMANCE OPENING SYSTEMS

By selecting reputable brands and leading manufacturers of drawers and hinges, we ensure that our products are of the highest quality and reliability.

METICULOUSLY HAND CRAFTED FINISHING

Nothing beats the skill and know-how of the craftsman. Expertly crafted at scale, our SMO™ parts are individually sanded, polished and finished by hand.

A RELIABLE 10-YEAR GUARANTEE

Each product undergoes quality control before being packaged. Our furniture, shower trays and wall panels are guaranteed for 10 years against any manufacturing defects.

WHY?

AMBIANCE BAIN FURNITURE

1. Carcases

Manufactured with solid backs in high-density melamine (650kg/m³) and meets EN312 standard. Available in numerous colours to co-ordinate with your fascias.

2. Hinges

Clip-on for easy installation. Soft close dampers, 110° opening and 3 way adjustable for better accessibility.

3. Drawers

Fully opening drawers for easy access and cleaning. Dynamic load: 30kg (no sagging). Soft-close action with three-way adjustable clip-on fittings for perfect fascia alignment.

MIRRORS

Our elegantly crafted mirror collection enhances both style and functionality in your bathroom. Available in a range of shapes and sizes, each mirror is designed to seamlessly complement any interior.

ANTIMIST

Many of our mirrors come complete with or may be fitted with our ANTIMIST heated pads. These prevent an area of your mirror from steaming up with condensation in your bathroom.

LIGHTING PELMET

Fitted with concealed transformer, drivers and wiring to support built-in natural white (4100K) LED low voltage spotlights. With Class II electric shock protection.

MIRRORED SHELVING UNITS

Fitted with mirrored backs, these are durable, UV-bonded 10mm glass shelves that add a sleek touch to your bathroom.

WATER-RESISTANT WORKTOPS

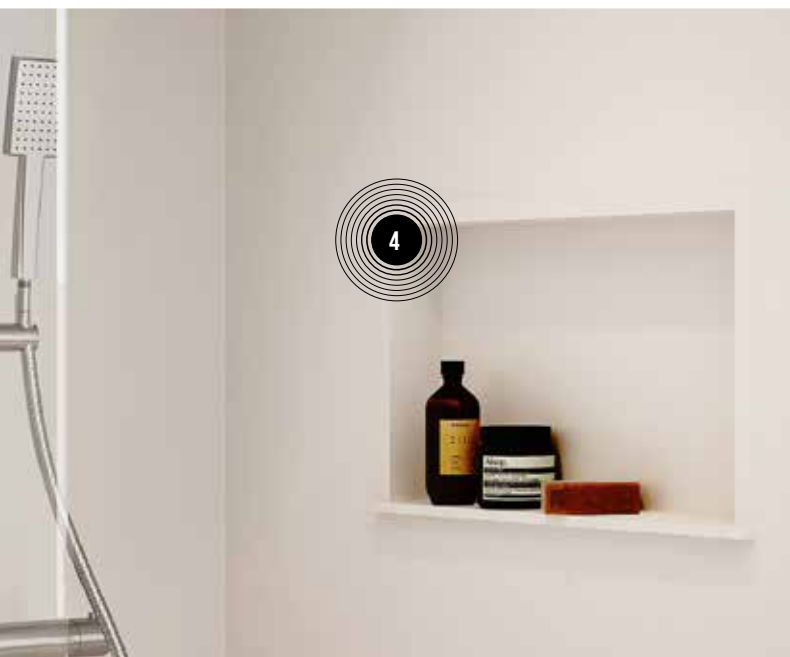

Ambiance Bain offer 4 types of worktops. SMO™ and Staron® solid surface or laminate and foil, the choice is yours.

CONCEALED CISTERNS AND WALL HUNG TOILET FRAMES

WC units feature a GEBERIT dual flush push button cistern (Macdee cistern in 40cm units). All cistern parts are accessible via a removable top fascia panel or from behind the flush plate, and most wall-hung units include a robust GEBERIT steel frame (tested over 400kg/60 stones) with multiple fixing points.

SMO™

Ambiance Bain's SMO™ is an exclusive engineered stone resin material : a mixture of natural stone and a binder with a 1 mm protective gelcoat, ensuring perfect resistance & durability over time (unlike sanitary paints), to produce :

1. Washbasins
2. Shower trays
3. Wall panels
4. Niches & shower seats

SAME COLOUR, SAME FINISH, SAME MATERIAL

Basin unit, shower tray, panels, niche, shelves... it's all coordinated, and not just in white! With a little imagination, your bathroom can be contemporary with a Total Look.

MADE-TO-MEASURE WITHOUT LIMITS

A material for bespoke design and comfort: shower benches, wall recess, made to measure column cladding... Ideal for renovation

HYGIENIC & EASY TO CLEAN

Easy to clean and resistant to everyday cleaning products and cosmetics. Washbasins with splash-backs for optimum hygiene and practicality.

ANTI-SLIP PROPERTIES

Anti-slip properties up to PN24

EASE OF INSTALLATION

The panels can be installed on existing surfaces, even tiled, without the need for re-levelling. Some ranges of shower tray can also be adjusted on site.

REPAIRABLE & DURABLE

A durable material that can be repaired over time if necessary. Repair kits are available.

CAST IN ONE PIECE WITHOUT JOINTS

The absence of any bonding zones protects our SMO products from leakage-related weaknesses or cracking over time.

3 COLLECTIONS DESIGNED FOR THE UK - AND BEYOND!

MODULAR

1

Our Modular collection features a wide range of stylish, ready-made bathroom furniture designs. Each range is available in set sizes with defined specifications and complementary units, making it easy to create a cohesive bathroom space.

PAGE 22

CONNEX

2

A contemporary bathroom furniture range that seamlessly connects design and functionality, offering innovative configurations that adapt to your lifestyle and space requirements.

PAGE 88

A EXCLUSIVE COLLECTION FOR THE UK

British bathrooms are often more compact, with architectural constraints. Ambiance Bain has designed clever, space-saving furniture and made-to-measure washbasins to meet market expectations and requirements.

The harmony between French design and British trends guarantees an elegant modern aesthetic.

FITTED

3

A sleek and space-efficient collection that maximises storage with a seamless, built-in look, perfect for creating a clean and clutter-free bathroom environment.

4 DESIGN OPTIONS FOR THE SAME BATHROOM

This simple solution hides all plumbing and waste pipework.

By reducing the WC unit and basin sizes you can add a toilet roll unit.

Introducing an offset curved basin unit with designer shaped bowl as well as a hotel style large mirror to increase the feeling of space.

Adding a tall WC unit brings a different feel but adds cavernous storage above the toilet.

STRAIGHT

ROUNDED-END

Rounded worktop ends perfectly complement curved furniture, creating a seamless, elegant look while adding visual comfort, especially when the furniture is positioned near a door. The gentle curve allows for easier door movement, preventing any obstruction and ensuring smooth, unrestricted access, all while maintaining a beautifully complete bathroom design

FILLERS

Filler panels ensure a flawless, custom fit, wall-to-wall configuration, eliminating gaps between units and walls for a clean, completed look.

FITTED SOLUTIONS

STORAGE

2 DRAWER BASIN UNIT

This unit offers ample space for your bathroom essentials. The two functional drawers provide easy access to toiletries, towels, and other necessities.

SLIDING DRAWER UNIT

20 cm wide pull-out sliding drawer units with 2 metal basket trays to keep your essentials neatly organised and within reach.

MADE-TO-MEASURE CUPBOARD DOORS

Many standard sizes or even made-to-measure doors and panels are available to match your furniture and conceal your airing cupboard, boiler or any other space.

FITTED SOLUTIONS

FINISHING TOUCHES

CUSTOM SHELVES

20mm thick laminated or SMO™ shelves can be used to create window sills, dwarf wall cappings and bath decks.

BATH PANELS

Bath panels are available in various sizes, styles, and all colours and finishes to beautifully complement your bathroom furniture.

END PANELS

Complete the look of your bathroom with our range of stylish end panels. Available in three elegant designs—Rounded, Plain and Provence.

FITTED SOLUTIONS **CLOAKROOM**

Make the most of your space with our cloakroom designs, tailored to fit even the smallest areas. Our range features smart storage solutions, compact furniture, and stylish basins, all designed to maximise functionality without compromising on style

WC UNITS

Choose from our extensive selection of WC units, available in both standard and tall sizes to suit your space and style. Whether you prefer a compact design for a smaller bathroom or a taller unit for added storage, we have the perfect solution

TOILET ROLL UNITS

Complete your bathroom with our toilet roll units, available in both open and 1-door styles. Thoughtfully designed for practicality, these units offer a convenient and stylish storage solution.

A collage of various door material and handle samples. At the top, there's a light wood panel with a silver metal handle. Below it, a textured fabric panel with a wooden handle. To the right, two vertical panels in muted green and blue. Further right, a dark wood panel and a light beige panel. In the center, a large, bold, black-outlined text 'DOORS' is superimposed over a grey textured panel and a white panel. To the left of the text, a large panel with a brown and gold marble pattern. Below the text, a grey textured panel. To the right, a white panel with a horizontal wood grain pattern. At the bottom left, a light wood panel with two horizontal copper handles. Below that, a dark wood panel. At the bottom center, a bright orange panel. To the right, a light wood panel with a black handle, and a grey stone or concrete panel with a speckled pattern.

CERTIFIED PANELS

100% of the melamine panels used in all our bathroom furniture collections, are PEFC and FSC certified.

The PEFC and FSC labels guarantee responsible management of forests, preserving biodiversity balancing current and future needs.

WASTE RECYCLING

Our sawdust is reused as a source of heating. Panel off-cuts are donated to local secondary schools in France for a second life.
