Introduction to Flova

About Flova

Established in 1991, Flova is a leading manufacturer of premium bathroom brassware. With over 35 years of expertise, we combine advanced technology with a keen eye for design, delivering a high-end bathing experience defined by quality and lasting performance.

Precision In-House Manufacturing

Every Flova product is made and inspected in our purpose-built, fully automated in-house production centre. This ensures accuracy, consistency, and reliability – giving complete confidence in every installation.

Quality in Every Detail

From selecting the finest materials to achieving perfectly refined finishes, attention to detail is central to everything we do. The result is durable, precisely engineered products that deliver a flawless user experience.

Innovation and Design

Through continuous research and development, Flova leads in modern bathroom solutions. Recognised with hundreds of awards for design and technical innovation, the brand consistently sets new standards in brassware.

Sustainability & Health

Flova is committed to a sustainable future through smart design and advanced technology. Using 100% low lead brass, we ensure drinking water is safe and healthy, while thermostatic technology provides complete peace of mind.

The Art of Colour

Colours beyond variety—built to last.

Diamond Chrome

Brushed Nickel

Gun Metal

Matt Black

Whether in Diamond Chrome or one of our colour finishes, the quality remains the same.

Flova offers a wide range of finishes designed to suit every style. No matter the colour, each one stands the test of time—corrosion-resistant, wear-resistant, fade-proof, and fingerprint-resistant. Built to last, every finish comes with the reassurance of a 15-Year guarantee—the perfect balance of aesthetics, durability, and peace of mind.

Brushed Gold

Water, nature's most precious resource

In the UK, the average person uses almost 125 litres of water a day. Now, more than ever, we must act.

Save 23% water with every shower

Our Air-Mix Technology is at the heart of our water-saving efforts, blending 1 litre of air with 4 litres of water, delivering a full, luxurious shower experience while reducing water consumption by 23%.

Safe drinking water

At Flova, we prioritise your family's health by ensuring that the water you use is clean, safe, and free from harmful substances. That's why we exclusively use low lead materials in all our products, adhering to the highest health standards for drinking water.

Single lever basin mixer

Stream

The perfect harmony of water and sophistication.

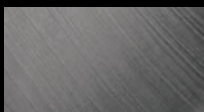

The Stream collection showcases Flova's latest wide aerated outlet design, delivering a smooth, controlled flow that feels comfortable and reduces unwanted splash. It offers a clean, modern water experience with practical everyday performance.

With its refined profile, Stream brings a contemporary edge while keeping a balanced, understated look. Available in Diamond Chrome and Gun Metal, it complements modern bathroom aesthetics and pairs easily with a wide range of interiors.

Stream's distinctive rain-style outlet produces a dense, gentle flow that's both relaxing and efficient. Designed to reduce water consumption without compromising performance, it reflects Flova's commitment to quality, innovation, and modern minimalism.

Diamond Chrome

Gun Metal

The Stream collection offers complete flexibility throughout the bathroom, with options including a sleek 1-hole bath filler, deck mounted basin taps and wall mounted basin taps. Pair effortlessly with concealed shower systems such as GoSlide®.

GM-STRBAS

Single lever basin mixer

Engineered with precision, the wide aerated outlet delivers a controlled, uniform flow that mirrors the smooth continuity of a natural waterfall. Its advanced design minimises splash while enhancing visual clarity and user comfort, achieving an optimal balance between form and function.

GM-STRTBAS
Tall single lever basin mixer

STRBAS
Single lever basin mixer

STR2H-TRIM

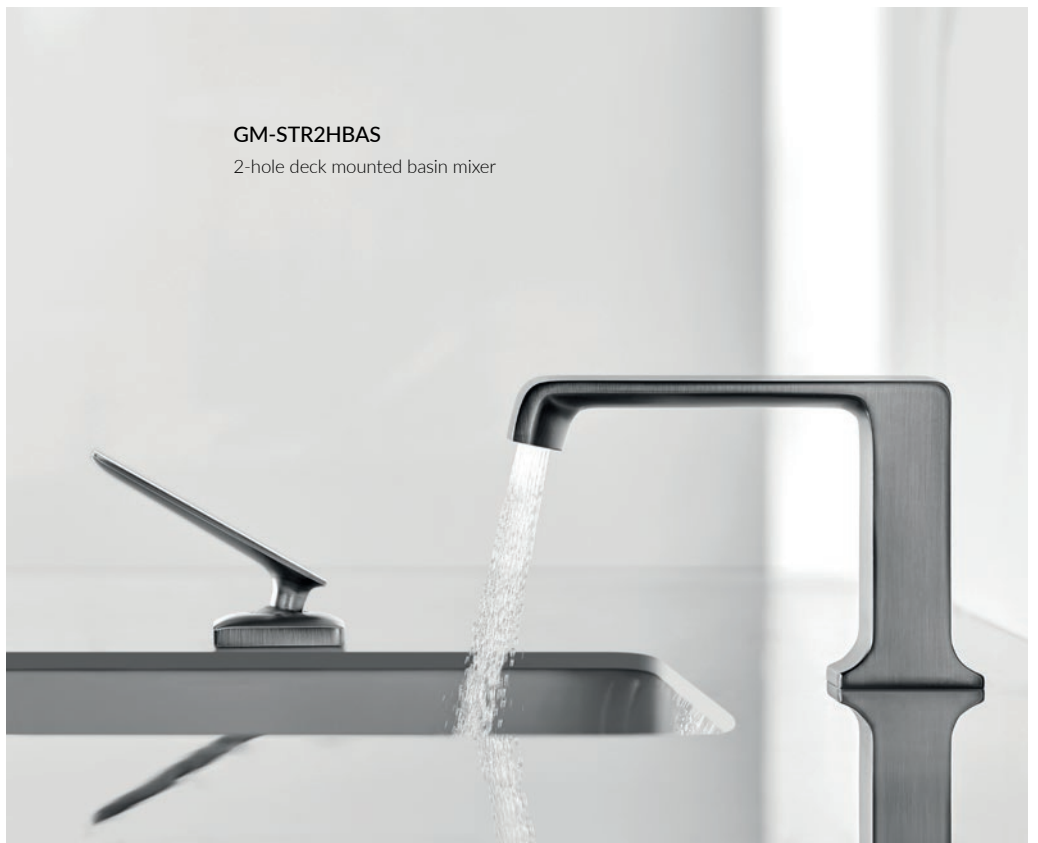

2-hole concealed basin mixer

The Stream collection offers a selection of basin mixers designed to complete your ideal bathroom. For freestanding basins, choose a tall basin mixer or a wall mounted version to achieve a sleek, contemporary finish.

GM-STR2HBAS
2-hole deck mounted basin mixer

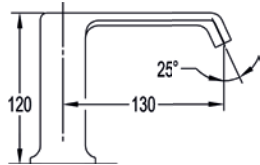

The new generation of wall mounted basin and bath mixers adopts an innovative integrated design, placing the cartridge and handle in the spout, allowing the mixer body and the basin to be centered and aligned, creating a beautiful and symmetrical appearance. The specially designed SmartBOX has clear markings and is easy to install, providing more convenience for concealed installation.

Ascend

Rise above the ordinary.

The Ascend collection fuses minimalist geometry with fluid lines, creating a form that is both modern and enduring. From basin mixer to bath spout, every detail demonstrates Flova's pursuit of refined craftsmanship and effortless elegance.

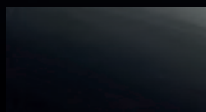

A sense of modern elegance flows through every detail, where sculpted forms meet soft, natural light. Each piece creates a calm, refined atmosphere, turning the bathroom into a sanctuary of understated sophistication.

Diamond Chrome

Brushed Nickel

Matt Black

Brushed Bronze

Brushed Brass

From colour to material, from form to proportion, the Ascend collection speaks a unified design language that creates harmony between taps, showers and the surrounding space. Beneath the simplicity of its lines lies precise structural engineering and perfectly balanced functionality. Every combination has been carefully refined to deliver daily comfort and effortless elegance, bringing a considered sense of balance and subtle visual tension to the bathroom environment.

ASTBAS

Tall single lever basin mixer

A sense of modern elegance flows through every detail, where sculpted forms meet soft, natural light. Each piece creates a calm, refined atmosphere, turning the bathroom into a sanctuary of understated sophistication.

The GoSlide® shower valve with integrated handshower pairs flawlessly with the Ascend floor standing bath spout, delivering precise control and effortless operation.

BRO-GSL2KIT

GoSlide® 2-outlet with integrated handshower

BRO-ASFMSPOUT

Floor standing bath spout

The Ascend manual diverter enables seamless switching between a wall mounted bath spout and handshower.

Each element embodies Flova's dedication to refined engineering, blending intuitive functionality with understated elegance for a truly luxurious bathing experience.

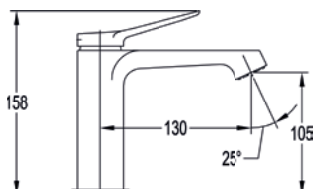

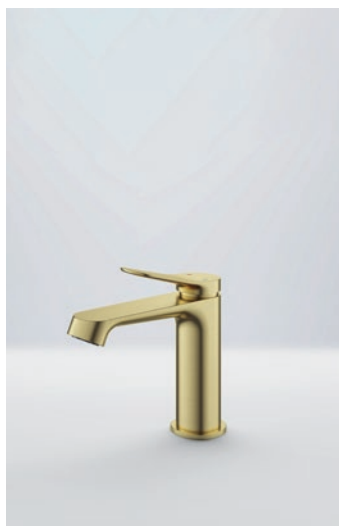

Experience seamless control and versatility with our GoSlide® 2-outlet shower valve featuring an integrated handshower. Designed for smooth switching between outlets, it delivers a consistent, balanced water flow, combining convenience and modern functionality for a luxurious showering experience.

Moonlight

Refined design that shines in every light.

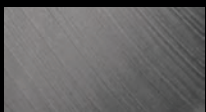

The Moonlight collection brings a fresh take on timeless bathroom design, blending classic forms with beautifully slim, refined lines. Its minimalist silhouette creates a feeling of calm elegance, making it the perfect choice for modern homes seeking subtle sophistication.

With a wide selection of basin tap styles and bath filler options, Moonlight offers the flexibility to suit every space. Each piece is available in five stunning finishes, allowing you to coordinate seamlessly with your décor and elevate the overall look of your bathroom.

To complete the collection, Moonlight also includes complementing concealed shower solutions, designed to deliver both visual purity and exceptional performance. Together, they create a cohesive, contemporary bathroom environment that feels effortlessly luxurious.

Diamond Chrome

Brushed Bronze

Brushed Brass

Moonlight isn't just about looks—it's designed for everyday elegance. Slim, refined profiles meet practical functionality, offering a bathroom collection that's as easy to live with as it is to admire. With versatile finishes and matching shower solutions, it brings a sense of harmony and understated luxury to any space.

Elevate your bathroom with the Moonlight basin mixer collection, available in both deck mounted and wall mounted designs. The 3-hole deck mounted mixer features a swivel spout, while tall mixers are perfectly proportioned for freestanding basins. Each piece delivers effortless operation paired with refined Moonlight elegance.

BRO-MLFMSM

Floor standing bath and shower mixer

Perfect for statement bathrooms, the Moonlight floor standing bath and shower mixer combines graceful proportions with a swiveling spout for effortless reach and flexible use, making it ideal for freestanding baths. For built-in baths, the Moonlight deck mounted bath and shower mixer delivers the same refined aesthetic in a sleek, integrated design.

Concealed showering offers an elegant solution, maximising space while creating a sleek, uncluttered aesthetic. The Moonlight collection offers these in both GoClick® and GoTurn®, marrying sophisticated design with effortless functionality.

Levo

Timeless design, tailored for modern living.

The Levo collection embodies a timeless elegance, bringing together clean, gentle lines with a contemporary sense of sophistication. Designed to complement both modern and transitional interiors, Levo offers a refined aesthetic that feels effortlessly at home in today's living spaces.

With attention to detail and everyday practicality in mind, Levo delivers both style and performance. From sleek basin mixers to versatile bath fillers, each piece showcases a harmonious balance of form and function, ensuring a cohesive look throughout the bathroom.

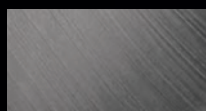

The collection is completed by a choice of concealed and exposed showering solutions. This flexibility allows homeowners and designers to tailor the space precisely to their needs, while maintaining the signature Levo elegance that defines the entire range.

Diamond Chrome

Brushed Nickel

Gun Metal

Brushed Gold

The Levo collection pairs contemporary elegance with practical performance, defined by smooth operation and carefully refined details. Its clean lines and balanced proportions create a modern, understated aesthetic, while precise controls ensure a reliable and comfortable experience in any bathroom setting.

Levo basin mixers offer versatile solutions for every bathroom, from deck mounted designs in a variety of heights—ideal for everything from compact cloakrooms to luxurious freestanding basins—to sleek wall mounted mixers in 2 or 3-hole configurations. Wall mounted options free up basin space for easier cleaning and a clean, minimalist look, while offering greater flexibility in basin placement and height, perfectly combining contemporary style with everyday practicality.

Levo floor standing bath and shower mixers bring a clean, contemporary look to any bathroom. Designed to complement freestanding baths, they combine elegant, gentle lines with a practical swivel spout for added functionality and effortless control of water flow.

Floor standing bath and shower mixer

GoClick® flow control offers a user-friendly way to manage multiple outlets with precision. Control each outlet independently or simultaneously, allowing for a fully customisable shower experience.

For more information on GoClick® see page 232.

Discover the versatility of our concealed showering solutions, available in stylish round and square GoTurn® and GoClick® options. Ideal for pairing with a slide rail and hand shower set or transforming into a seamless over bath solution with a bath filler and overflow waste, they combine modern design with effortless functionality for a truly tailored showering experience.

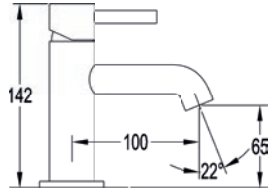

The Levo exposed shower combines contemporary design with everyday safety and comfort, featuring an adjustable height shower column to suit all users. Its easy to clean slimline rainshower delivers a luxurious experience, while cool to touch controls ensure safe operation for the whole family, making Levo a practical and stylish choice for any modern bathroom.

Smart

Style and function in harmony.

The Smart collection is defined by clean, confident lines and a modern, minimal aesthetic. Subtle curves soften the geometry, creating a balanced design that feels precise yet inviting.

Manufactured from solid brass, each piece delivers durability and a reassuring sense of quality. The collection is available in four carefully considered finishes, allowing Smart to integrate seamlessly into a range of contemporary bathroom settings.

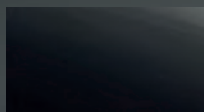

Smart offers a comprehensive product range, including deck mounted and wall mounted basin mixers, floor standing bath and shower mixers, GoTurn® finishing sets, and concealed shower solutions. Designed for consistency across the space, the collection provides flexibility without compromising on design integrity.

Diamond Chrome

Gun Metal

Matt Black

Brushed Brass

Designed to create a cohesive look throughout the bathroom, the Smart collection brings clarity and consistency to the space. Its considered proportions and versatile configurations keep the design clean, balanced, and harmonious.

MB-SM2HBAS-TRIM
2-hole concealed basin mixer

The Smart collection offers deck mounted and wall mounted basin mixers, sized for spaces from compact cloakrooms to statement basins, combining precision engineering with a refined minimalist aesthetic.

GM-SMTBAS
Tall single lever basin mixer

BRB-SMSBAS
Single lever basin mixer

MB-SMTBSM
Floor standing bath and shower mixer

The Smart floor standing bath and shower mixer features clean, uninterrupted lines that define a modern, contemporary look. Its minimalist design and precise detailing bring a sense of elegance and sophistication to any freestanding bath.

MB-SM-TRIM

Round GoTurn® finishing set

Smart concealed GoTurn® showering solutions are available in both round and square designs, with four sophisticated colour options. Ideal for creating a seamless, fully integrated shower, they pair effortlessly with the Air-Mix rainshower and solid brass pressure boost handshower for a luxurious finish.

For all Smart shower packs, see page 109.

Liberty

Timeless elegance, modernly defined.

The Liberty collection seamlessly captures the spirit of timeless sophistication, bringing together classic elegance with contemporary touches. Each piece is designed to deliver enduring charm and style, making it a perfect fit for both traditional and modern bathrooms.

With its elegant, classic design, the Liberty collection is available in four beautiful colour finishes. The range includes versatile options such as deck mounted and wall mounted basin taps, ensuring the perfect fit for any bathroom layout.

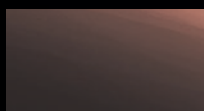

The collection also offers a comprehensive range of bath and shower solutions, from bath fillers to concealed and exposed showering options. Every element is crafted to combine style and functionality, creating a bathroom experience that is both luxurious and practical.

Diamond Chrome

Brushed Nickel

Oil Rubbed Bronze

Brushed Brass

The Liberty collection offers everything you need to create a beautifully coordinated bathroom. From basin taps and bath fillers to versatile showering options, every element is designed to work together seamlessly, allowing you to craft a space that is elegant, cohesive, and timeless.

LITBAS-BN

Tall single lever basin mixer

The Liberty collection seamlessly combines classic sophistication with contemporary design. From elegant basin taps to indulgent rainshowers, each piece exudes timeless elegance and refined luxury.

LIBAS
Single lever basin mixer

LI3HBAS-ORB
3-hole deck mounted basin mixer

The Liberty floor standing bath and shower mixer is the ultimate statement of elegance and functionality. Its sleek, freestanding design introduces modern luxury to any bathroom, while the precision engineered mixer delivers effortless control of water flow and temperature.

LIFBMSM-BRB
Floor standing bath and shower mixer

Available in exposed and concealed options, Liberty combines sleek elegance with modern performance. Featuring smooth operating mixers and a solid brass rainshower, it delivers a seamless, luxurious bathing experience.

Urban

Sharp form, soft feel.

The Urban collection redefines modern elegance, combining a sleek, square body with a sleek spout. Its minimalist geometry is thoughtfully designed to create a statement in any space, offering a refined aesthetic that balances contemporary style with understated sophistication.

Straight lines in the elements and tap levers are softened by gentle, rounded edges, creating a dynamic yet approachable design.

Versatility lies at the heart of the Urban collection. Whether paired with bold, industrial interiors or subtle, serene designs, its timeless form effortlessly complements any setting. This is a collection designed not just to fit a space, but to elevate it, offering luxury, style, and functionality in perfect harmony.

Diamond Chrome

Bold yet understated, the Urban collection is made from solid brass, offering both durability and a sleek, contemporary aesthetic. Its sleek spouts and gentle curves transform everyday taps into subtle design statements.

UR2HBAS-TRIM
2-hole concealed basin mixer

The Urban basin taps combine sleek design with effortless functionality. From concealed wall mounted mixers to deck mounted single lever options, each piece blends the collection's signature square lines with softened edges, bringing a contemporary, inviting touch to any washbasin.

The Urban collection offers versatile bath solutions, with deck mounted or floor standing mixers to suit any bath. Bold square lines meet soft, rounded edges for a modern, inviting look in every bathroom.

UR4HBSM

4-hole deck mounted bath and shower mixer

URFMBSM

Floor standing bath and shower mixer

Urban

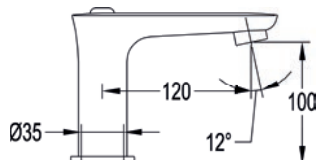

The Urban exposed shower column brings together style and performance, featuring both a luxurious rainshower and a soothing waterfall function. Its Air-Mix technology ensures a comfortable, full-bodied flow while the easy to clean handshower adds practical versatility.

Dekka

Contemporary style, subtle elegance.

The Dekka collection combines striking design with gentle curves to create a bold yet refined aesthetic. Carefully balanced proportions and smooth contours give each piece a confident presence, while maintaining a sense of softness and elegance that suits both contemporary and transitional interiors.

With its captivating charm, Dekka brings an understated sophistication to any space. The flowing lines catch the eye without overpowering the room, adding a sense of luxury and considered design that elevates everyday environments.

Designed to stand out while remaining effortlessly stylish, the Dekka collection is an ideal choice for those seeking a statement that feels timeless. Its refined character makes it a versatile addition, enhancing spaces with elegance, confidence, and lasting appeal.

Diamond Chrome

The Dekka collection brings a sense of balance and refinement to the bathroom, with gentle curves and confident lines creating a cohesive, elegant look. Its considered design enhances the overall space, delivering a finish that feels both luxurious and effortlessly stylish.

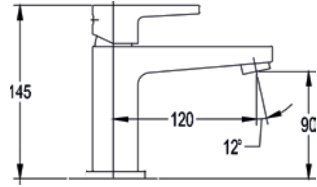

Dekka offers four different sizes of basin mixer, giving you the flexibility to choose the perfect option for any bathroom layout or style.

Concealed showering solutions designed to create a sleek, uncluttered aesthetic, perfect for modern and contemporary bathrooms seeking a refined finish.

Fusion

Engineered for modern living.

The Fusion collection introduces a gentle harmony between bold edges and softened contours. Its streamlined body and elegantly extended spout create a calming, spa-like aesthetic—perfect for spaces that prioritise understated elegance and contemporary design.

Designed to balance visual impact with subtle sophistication, Fusion brings a sense of flow and tranquillity to the bathroom. Clean lines are softened by smooth transitions, resulting in a form that feels both modern and timeless, effortlessly complementing a wide variety of interior styles.

Beyond its refined appearance, Fusion reflects a thoughtful approach to everyday luxury. Precision engineering and quality materials ensure lasting performance, while the carefully considered design elevates the daily ritual of washing into a more relaxed, considered experience.

Diamond Chrome

Fusion is a celebration of balance, where confident geometry meets refined detail. Every element has been carefully considered to create a tap that feels intuitive to use and pleasing to the eye, making it an ideal choice for both residential bathrooms and luxury hospitality settings.

FN3HBAS

3-hole deck mounted basin mixer

The Fusion basin taps combine sleek, modern lines with subtle curves, delivering a refined look that enhances any bathroom. Their elegantly extended spouts and smooth operation provide both style and functionality, making everyday handwashing a more luxurious experience.

FN4HBSM

4-hole deck mounted bath and shower mixer

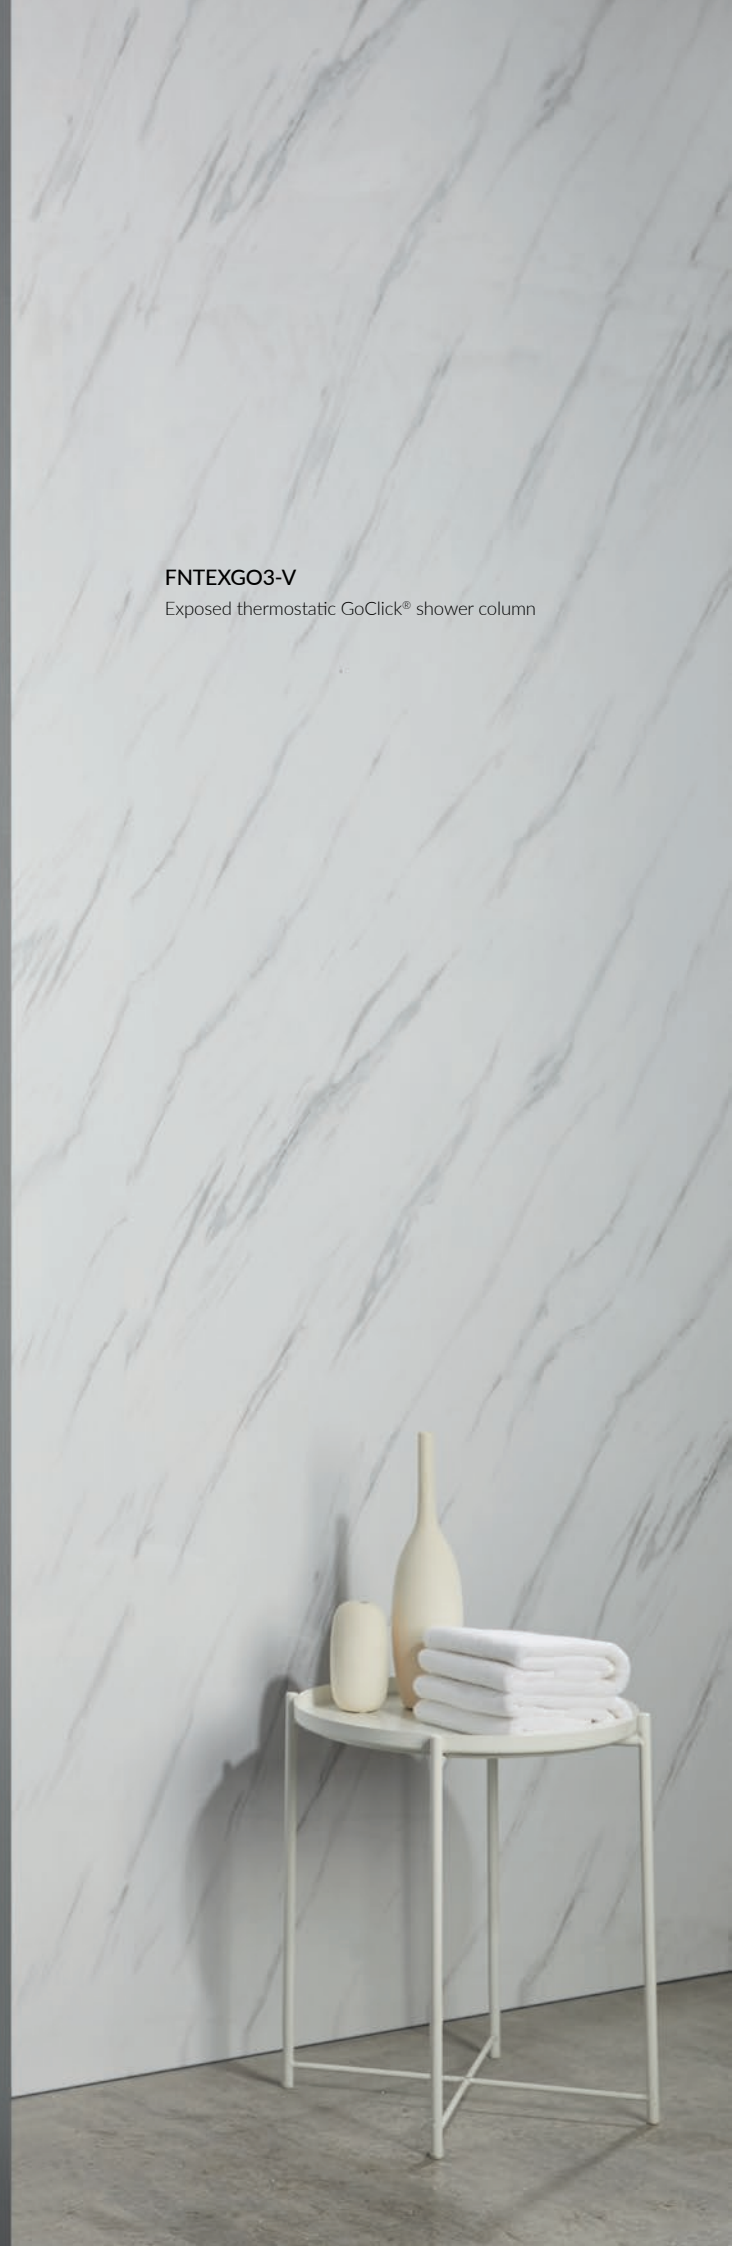

This contemporary 4-hole deck mounted bath filler combines smooth, intuitive control with a practical, easy to clean handshower—perfect for stylish, low-maintenance bathing.

Allore

Elevate the everyday.

The Allore collection presents a modern, sophisticated take on brassware design, where elegance meets practicality. Its flowing contours and carefully considered proportions transform everyday bathroom fittings into pieces of refined craftsmanship.

With a focus on balance and subtle detail, Allore brings a quiet sense of luxury to any bathroom. Its sculptural lines create a timeless look, perfectly suited to both contemporary and traditional interiors, adding a touch of understated sophistication.

Built to last, the Allore collection combines striking design with enduring quality. Each piece delivers flawless performance, making the bathroom not just functional, but a space of modern elegance and everyday indulgence.

Diamond Chrome

The Allore collection brings effortless style to every aspect of the bathroom, from sleek basin mixers to striking floor standing bath and shower mixers. Its range of concealed showering solutions adds a clean, minimalist finish, allowing the fluid, sculptural design of each piece to shine while delivering exceptional performance.

ALTBAS

Tall single lever basin mixer

The Allore collection offers a sophisticated modern expression of brassware design. Its fluid contours and balanced proportions produce a refined, sculptural effect that brings a sense of quiet luxury to the bathroom.

This refined deck mounted bath and shower mixer, along with the floor standing bath and shower mixer, combines sleek, modern design with smooth, effortless functionality. Designed for ease of use and consistent performance, it delivers a perfect balance of style, safety, and luxury, making every bathing experience both elegant and reassuringly precise.

Spring

Flow naturally, live beautifully.

The Spring collection by Flova is inspired by the gentle flow of a natural spring, blending innovative design with precise craftsmanship. Each piece brings calm and sophistication to your bathroom, turning everyday routines into a seamless water experience.

With sleek taps and concealed showers, the collection combines practicality with modern elegance. Every detail is designed for effortless operation and refined style, complementing contemporary bathroom interiors.

Flova's Spring collection offers a perfect balance of quality, design, and serenity, creating a bathroom experience that is both stylish and effortless.

Diamond Chrome

The Spring collection by Flova is inspired by the gentle flow of a natural spring, combining innovative design with precise engineering. With sleek taps and concealed showers, it transforms water into a smooth, effortless experience while bringing modern elegance to your bathroom.

SRTBAS
Tall single lever basin mixer

SRBAS
Single lever basin mixer

Spring single lever basin mixers combine clean lines with understated elegance. Featuring sleek, flat spouts and slim levers, they create a modern yet timeless look, perfectly suited to contemporary bathroom designs.

SRBAS
Single lever basin mixer

Concealed wall mounted and 3-hole deck mounted basin options, featuring sleek, flat spouts and levers for a modern, timeless design.

SR4HBSM
4-hole deck mounted bath and shower mixer

Flexible bathing solutions with a 4-hole deck mounted bath and shower mixer in solid brass, featuring a swivel spout and easy to clean handshower nozzles for lasting performance and effortless convenience.

SR-TRIM
2-outlet GoTurn® finishing set

Spring delivers versatile showering solutions with both GoTurn® and GoClick® options, including 2 and 3-outlet GoClick® shower valves. Enjoy complete peace of mind with thermostatic anti-scald protection and simultaneous operation for a seamless shower experience.

SRGO-3
3-outlet GoClick® finishing set

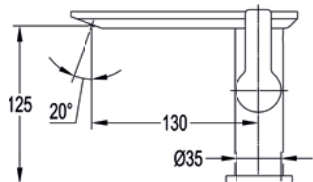

The GoClick® thermostatic landscape shower valve features Flova's mechanical push buttons with precise volume control. Available in 3 and 4-outlet options, each outlet can be adjusted individually thanks to its high flow cartridge, allowing all outlets to operate simultaneously for a luxurious, spa-like experience.

GoClick® flow control offers a user-friendly way to manage multiple outlets with precision. Control each outlet independently or simultaneously, allowing for a fully customisable shower experience.

For more information on GoClick® see page 232.

Cascade

Elevating water into style.

Inspired by the effortless flow of nature, the Flova Cascade collection brings calm and clarity to the modern bathroom. Its refined, contemporary design transforms everyday water use into a soothing, visual experience.

Made from solid brass, Cascade delivers a crystal clear, free-flowing waterfall that is both smooth and consistent. Precision engineering ensures lasting performance and a sense of quality in every detail.

A water-repellent finish helps keep surfaces looking pristine, allowing water to bead and run off with ease. Elegant, practical, and beautifully balanced, Cascade is where natural inspiration meets modern design.

Diamond Chrome

The Cascade collection elevates the bathroom with a serene, flowing waterfall effect that blends modern elegance with natural inspiration. Made from solid brass with a water-repellent finish, it combines smooth performance, lasting quality, and effortless style.

GoTurn[®] Technology

One box, over 30 styles.

The Flova SuperSlim SmartBOX supports up to 3 outlets — rainshower, handshower, or bath filler — with no need to change the valve body.

Compatible with over 30 finishing sets, it separates installation from finishing selection, making phased project execution easier and more flexible. Simpler for installers. Smarter for designers. Easier for maintenance.

Universal SuperSlim SmartBox - 38 finishing set options in 8 colours.

Complete peace of mind

With thermostatic precise temperature control, GoTurn® offers safety, comfort, and peace of mind for the entire family.

15-Year Guarantee

Backed by a 15-Year Flova Guarantee, you can enjoy lasting peace of mind, supported by our market leading, fully comprehensive aftercare service.

Universal for 1, 2 or 3 outlets

The universal GoTurn® SuperSlim SmartBOX is supplied with all required fittings for seamless installation as a one, two, or three outlet shower control.

SuperSlim installation depth

GoTurn® fits effortlessly into even the smallest cavities, thanks to its market-leading installation depth of just 57mm.

Quick & easy installation

Supplied with Flova's SmartBox technology to help support a quick and easy installation process.

8 colour finishes

A versatile range of eight colour finishes to suit any space.

GoTurn® Finishing Sets

A versatile, simple and timeless shower.

GoTurn® finishing sets offer exceptional flexibility for modern bathrooms, allowing one finishing set to control 1, 2, or 3 outlets. Designed to support phased project execution, they make installation simpler, design decisions more adaptable, and ongoing maintenance easier. A smarter solution for installers, designers, and long-term performance.

First Fix - SuperSlim SmartBOX

Choose your favourite style and complete the look with a choice of 38 finishing sets.

GoSlide® Technology

Effortless control at your fingertips.

With Flova's new GoSlide® design, adjusting the flow is as simple as a single, smooth slide - no fiddly switches or complicated controls. Just intuitive, precise operation that puts you in control.

Sleek, stylish, and engineered for everyday comfort, GoSlide® transforms your showering experience. Compared to traditional controls, it's not only easier to use - it makes every shower feel more enjoyable, more refined, and perfectly tailored to you.

The next generation of showering with effortless slide control.

High flow, total confidence

GoSlide® offers an exceptionally high flow rate and works with all water systems—medium gravity, mains fed, or pumped (negative or positive). Its flexibility makes it ideal for confident specification in any bathroom.

Precision flow

GoSlide® features Flova's patented all-brass cartridge (EP24173172.8), engineered for long life, smooth operation, and reliable high flow. Tested to 70 bar and over 1 million cycles, it ensures uninterrupted performance.

Complete peace of mind

With thermostatic precise temperature control, GoSlide® offers safety, comfort, and peace of mind for the entire family.

15-Year Guarantee

Backed by a 15-Year Flova Guarantee, you can enjoy lasting peace of mind, supported by our market leading, fully comprehensive aftercare service.

Quick & easy installation

GoSlide® finishing sets use Flova's SmartBox technology, ensuring a quick and easy installation every time.

30 finishing sets in 6 Colours

GoSlide® is available in mini, medium, and landscape plates, with 2 or 3-outlet options and multiple colours, offering a solution to fit any space.

DripFree® Rainshowers

Reduce limescale, more comfort, no drip.

Reduces limescale

DripFree® rainshowers feature intelligent design to reduce limescale. A built-in vacuum system stops flow instantly and removes 75% of residual water, while a small remaining seal maintains pressure for cleaner, longer-lasting performance. All DripFree® showers feature limescale-repellent nozzles for easy cleaning and maintenance.

SoftRain experience

The DripFree® rainshower collection features Flova's exclusive SoftRain technology. By utilising 84% more ultra-fine, easy to clean spray nozzles than other standard fixtures, it creates a therapeutic, spa-like experience that feels indulgent yet remains exceptionally water-efficient.

Solid brass construction

DripFree® rainshowers are engineered for reliable performance at both low and high water pressures. Constructed from solid brass, they deliver consistent flow, strength, and long-lasting durability in any bathroom setting.

15-Year Guarantee

Backed by a 15-Year Flova Guarantee, you can enjoy lasting peace of mind, supported by our market leading, fully comprehensive aftercare service.

Air-Mix Rainshowers

Save water without compromising shower performance.

Pure comfort

Our Air-Mix Technology combines 1 litre of air with every 4 litres of water, creating a full, luxurious shower while saving water.

23% water saving

Air-Mix Technology reduces water consumption by 23% while delivering a full, luxurious shower. At Flova, we're committed to saving water through smart design and innovation.

Innovation meets durability

Flova's innovative approach ensures a satisfying shower without compromising performance. All Air-Mix rainshowers are made from solid brass for lasting durability and long life.

Easy to clean nozzles

All Air-Mix rainshowers feature limescale-repellent nozzles for easy cleaning and maintenance.

15-Year Guarantee

Backed by a 15-Year Flova Guarantee, you can enjoy lasting peace of mind, supported by our market leading, fully comprehensive aftercare service.

Aftercare

To keep your product looking immaculate, clean all surfaces immediately after use with a soft cloth to prevent dirt and limescale build up. Occasionally, use a soft microfibre cloth with a mild, non-abrasive cleaner or a weak washing-up solution, and rinse thoroughly with clean water. Avoid abrasive cloths or sponges, as they may scratch the surface.

Certificates

Flova proposes a more healthy water environment. Throughout our product development, our innovation and designs have earned numerous certificates: ISO9001 Quality Management System, ISO14000 Environmental Management System, American CUPC Certificate, NSF 61-9 Drinking Water Safety Certificate, NSF 372 Lead-free Certificate, UK WRAS Certificate, Limited Metal Pollutants in Precipitation Certificate, etc.
