- + Made in Britain

\*10mm only, 11 8mm panel sizes

ultimate corner: x2 single panels, x1 wall post, x1 front panel fixing kit, x1 fold away deflector panel and glass to glass corner seal on a connect2 tray.

# Ultimate deflector panels

## Deflector Panels

Designed to contain the majority of over-spray and splashing within the showering area, Kudos ultimate deflector panels are available in four styles, each option is able to be retro-fitted and can be added at a later date if required.

Enjoy the pleasure and appearance of a walk-in shower even where space is at a premium. With the ability to fit a deflector panel it is now possible to create a functional and stunning enclosure even as small as 1200mm\*.

### Fixed Deflector Panel:

Supplied with fixings to connect to standard fixing kit recess or corner. This 255mm fixed deflector panel provides a 90° angled barrier to prevent splashing outside of the showering area.

**Not suitable for use with angled or ceiling fixing kit. Not for use with curved panels**

A = Rec min access 500mm    B = 265mm

### Hinged Deflector Panel:

Available in 300 and 400mm widths in both 8 & 10mm glass thickness, the hinged deflector rotates through 180° for easy access. Featuring heavy duty hinges with crystal clear seals for minimalist appearance. Available in both 8 & 10mm glass thickness and featuring heavy duty hinges and crystal clear vertical seal.

**Suitable for use with flat and curved panel enclosures and all ultimate fixing kits**

A = Rec min access 500mm    B = 300mm or 400mm    C = 180° rotation for easy access

### Fold-Away Hinged Deflector Panel:

Designed to fit neatly behind the front panel when not in use, the 300mm Fold-Away deflector panel stops at a 45° angle to the front panel when in use to provide the optimum protection from over-spray. Available in both 8 & 10mm glass thickness.

**Suitable for use with flat panel enclosures and all ultimate fixing kits**

A = Rec min access 500mm    B = 300mm  
C = 135° rotation stops at optimum position for maximum overspray protection

### Roller Deflector Panel:

Designed to fit neatly behind the front panel when not in use, the ultimate roller deflector provides maximum coverage to minimise overspray from your walk-in enclosure. The integrated, full length, threshold strip provides further protection. Available in both 8mm and 10mm glass thicknesses.

**Suitable for use only with flat panel enclosures and the ultimate front panel fixing kit.**

A = Rec min access 500mm    B = 300mm  
C = Adjustable stops allow for max 485mm overhang

**Note: All ultimate Hinged Deflector Panels are handed please suffix codes with LH or RH.**

**All illustrations show Right Hand option.**

\*Please note that whilst deflector panels will contain a significant amount of overspray they are not intended to be watertight so some water may leave the showering area (particularly with smaller configurations).

## CORE COLLECTION

# ultimate

## Roller deflector

Brushed brass roller deflector

Part of the ultimate range of walk-in enclosures the ultimate roller deflector is 500mm wide and is available in 4 colour finishes and both 8mm and 10mm clear glass options.

Retro-fittable\* and treated with LifeShield for easy cleaning the roller deflector is designed to contain the majority of overspray and splashing within the showering area. Featuring a stylish finger pull the ultimate roller deflector is supplied with a trimmable runner meaning that it can be used on enclosures as small as 1200mm and up to (and including) enclosures as large as 2000mm.

The roller deflector isn't suitable for installation with an angled or ceiling fixing kit and you are required to order a front panel fixing kit when purchasing the roller deflector.

*\*existing enclosure must include a front panel fixing kit, installed as per instructions, for this deflector to be installed retrospectively.*

### Features & Benefits

- + 1985mm (including fittings) high
- + 500mm wide
- + Available in 8mm and 10mm toughened safety glass options
- + Retro-fittable
- + Can be used to create corner or recess options
- + Available in chrome, matt black, brushed brass and brushed nickel
- + Can be installed to open either to the left or right
- + Treated with Lifeshield for easy cleaning
- + Lifetime Guarantee
- + Made In Britain

## Interconnector

Brushed nickel interconnector and mirrored decor panel

Brushed brass interconnector and mirrored decor panel

Designed to be used alongside ultimate 10mm wet room panel range, the interconnector enables you to connect two panels together allowing you to create either a larger enclosure (without having to worry about the weight of the glass) or to incorporate some of our coloured glass or even our mirrored décor panel into your design.

The interconnector works as a glass clamp with a watertight seal to connect two pieces of ultimate 10mm glass making installing larger enclosures much easier. The interconnector also means that you could use contrasting glass panels from our 10mm range to create a unique shower enclosure.

### Features & Benefits:

- + To be used with ultimate 10mm wet room panels
- + 1985mm high (including fittings)
- + Available in 8 colour finishes
- + Lifetime Guarantee
- + Made In Britain

# Ultimate fixing kits and colour finishes.

## Fixing Kits

To secure your shower panel we offer a number of fixing options. For maximum stability we recommend the Standard fixing kit, available for both front panel and side panels. However, if it is not possible to use this style of fixing, we also offer an angled fixing kit in 2 sizes or a glass to ceiling support which can be cut to the desired length.

**Standard Fixing Kits**  
Shown: Front panel fixing kit with side panel fixing kit. Each stabilising bar is 1000mm long and can be cut to suit.  
A 1500mm front panel kit is also available.

**Angled Fixing Kit**  
Available in 300mm or 500mm options.

**Ceiling Fixing Kit**  
Ceiling fixing bar is 600mm long and can be cut to suit ceiling height.

See page 44 for suitability of fixings based on the configuration of your walk-in enclosure.

## Colour Finishes

Kudos ultimate fittings are available in Chrome/Silver, Matt Black, Brushed Nickel and Brushed Brass. In addition Polished Gold, Brushed Copper, Brushed Gun Metal and White are available to special order.

Chrome right hand two panel in-fold bathscreen

Kudos Two Panel In-Fold Screens feature a 500mm fixed panel that is permanently fixed to the bath and a smaller 375mm in-folding panel which sits behind the fixed panel when not in use, allowing easy access to the bath.

When in use the two panels provide a generous 875mm showering area. High quality Click-to-Lock hinges secure the screen so it is positioned along the inner edge of the bath.

**Features & Benefits:**

- + 6mm or 8mm glass options
- + Optional towel rail
- + Click-to-Lock hinges
- + SmartSeal technology
- + Lifetime Guarantee
- + Toughened safety glass with Lifeshield™ protection
- + Adjustment for out of true walls
- + Made In Britain

Connect2 high gloss quadrant shower tray

CORE COLLECTION

# connect<sup>2</sup>

## Shower trays

The unique design of the connect2 tray ensures obstruction free waste connection irrespective of joist position or direction.

The stunning looking connect2 is a uniquely designed shower tray featuring two offset waste positions that ensures an obstruction free connection. Whether square, rectangular or quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

### Features & Benefits:

- + Available in four finishes:
  - High Gloss
  - SR finish (slip and stain resistant)
  - Slate effect
- + Unique design avoids the need to cut joists or lift the tray onto a plinth
- + Guaranteed to work with all standard joist sizes and spans
- + Structural resin bonded stone filler for increased stability
- + Super slim at only 35mm high
- + Supplied with a reinforced colour matched waste cover that is magnetically secured, comfortable underfoot and is easily removed for cleaning
- + Covered by the Kudos Lifetime Guarantee

Connect2 high gloss shower tray

# A revolution in shower tray design.

---

## High Gloss Shower Tray

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

## Grey Slate Effect Shower Tray

connect2 slate grey effect trays feature an exclusive surface pattern taken directly from a piece of local slate for a truly authentic finish whilst maintaining the features and benefits of the acrylic surface material. It is both slip and stain resistant and also contains an anti-microbial additive to inhibit the growth of microbes including bacteria and mould.

## SR Finish Shower Tray

**Slip & Stain Resistant**

connect2 SR trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing. The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning it cannot be removed and is comfortable to stand on. The textured surface provides a high level of stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime

## White Slate Effect Shower Tray

connect2 white slate effect trays feature an exclusive surface pattern taken directly from a piece of local slate for a truly authentic finish whilst maintaining the features and benefits of the acrylic surface material. It is both slip and stain resistant and also contains an anti-microbial additive to inhibit the growth of microbes including bacteria and mould.

The unique design of the connect2 tray ensures obstruction free waste connection irrespective of joist position or direction.

connect2 trays are supplied with a high flow waste and a blanking plug secured with solvent weld (not supplied) to block the unused waste hole.

connect2 trays are supplied with a stylish colour matched linear waste cover, magnetically secured and reinforced for comfort and stability underfoot.

**\*Based on industry standard of 400/450/600mm increments as outlined in the NHBC standards 2018**

Whether square, rectangular or the quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

Where joists run parallel to the width of the tray, at least one hole will always be clear.

Where joists run parallel to the length of the tray and both holes are obstructed, simply turn the tray 180°. The unique offset position will ensure both will become free.

With the unique connect2 design even Quadrant and the Kudos unique Full Curve shape trays have the ability to avoid joists.

# Waste locations codes and dimensions.

# How to raise your connect2 shower tray

## Creating a Fascia Panel

### Straight Edge (Square & Rectangular) Trays

A Fascia panel can be created using a moisture resistant material (not supplied) which can then be painted, tiled or alternatively covered with a Kudos Acrylic Decorative Fascia Cover to match the tray material.

### Quadrant, Curved & Bow Fronted Trays

Fascia panels for Full Curve or Bow Fronted trays require a flexible moisture resistant material such as marine plywood, which can either be painted, tiled with mosaics or covered with a Kudos Decorative Acrylic Fascia Cover to match the finish of the tray.

### Creating a Fascia Panel for Kudos Quadrant Trays

The shape of Quadrant trays require the Fascia board material to be manufactured with machined cuts to enable the plinth to follow the shape of the tray. Kudos Quadrant Fascia Board is pre-machined for this purpose.

This can then be painted, tiled or covered with a Kudos Acrylic Decorative Fascia Cover.

### Fascia Covers

*Description	Product Code
Decorative Acrylic Fascia Cover 1200mm High Gloss Finish	C2T12FC
Decorative Acrylic Fascia Cover 1900mm High Gloss Finish	C2T19FC
Decorative Acrylic Fascia Cover 1200mm White SR Finish	C2T12FCSR
Decorative Acrylic Fascia Cover 1900mm White SR Finish	C2T19FCSR
Decorative Acrylic Fascia Cover 1200mm Slate Grey Finish	C2T12FCSLGR
Decorative Acrylic Fascia Cover 1900mm Slate Grey Finish	C2T19FCSLGR
Decorative Acrylic Fascia Cover 1200mm Slate White Finish	C2T12FCSLWH
Decorative Acrylic Fascia Cover 1900mm Slate White Finish	C2T19FCSLWH
Pre-machined cut flexible Plinth Fascia for Quadrant Trays	C2TQPLF

\* All of the above are 150mm high

## Essential for Connect2 Trays

**Note:** In all cases the Acrylic Decorative Fascia Cover is not to be used without a suitable Fascia board. Sand and cement is still required between the tray and board, please refer to the instructions

## Shower Tray Leg Sets

All Kudos Shower Trays are designed to be fitted to either a wooden or concrete floor and should be fully supported. Leg height can be adjusted from min 88mm to max 172mm.

## Shower decks & wet-room system

aqua4ma evolution centre waste deck

Practical and sophisticated, it's easy to understand why there has been an increase in the number of wet-room installations. Space enhancing and easy to clean, these spa-like bathrooms represent the ultimate in luxury.

Kudos showers have long led the way in simplifying the installation of wet-rooms, with the iconic aqua4ma system having been installed in 1000s of UK homes, the installation process has been further simplified with the introduction of the aqua4ma Evolution wet-room system.

Versatile, reliable and backed by the Kudos lifetime guarantee, aqua4ma evolution and aqua4ma linear decks ensure that you will be able to find the wet-room foundation that is perfect for you.

### Features & Benefits

- + Quick and easy to install
- + Easily trimmed to fit or to avoid joist obstruction
- + Suitable for tiles, vinyl\* and micro-cement
- + Fit anywhere in the home on wooden or solid floors (see installation guide for full details)
- + Ready for tiling immediately with no wet trades required
- + Floor and wall panels for a total wet-room installation

\*Please order vinyl specific waste, for use with centre waste deck

- + Stainless steel tray
- + 2 sided levelling strips
- + 1 tube of adhesive

**Waste Assembly (order separately):**

- + 90mm waste for linear

## CORE COLLECTION

## aqua4ma

## Wall and floor panels

The aqua4ma range of wall and floor panels allow you to create a water tight space that meets your requirements. aqua4ma panels provide the versatility and peace of mind you're looking for.

aqua4ma panels are available in 4 thicknesses: 7mm, 15mm, 19mm (for use with aqua4ma linear only) and 25mm. With either two or three

**aqua4ma 7mm panels**

Perfect for creating a fully waterproof floor, aqua4ma 7mm panels can be used (on top of plywood as necessary) to create level access by raising the floor to the same level as the deck ready for tiling. The 7mm panels can also be affixed to solid walls to create watertight walls.

**aqua4ma 15mm panels**

The 15mm tongue and grooved panels can be screwed directly to battens in place of plasterboard and, as the material self seals around screws, no washers or additional sealing is necessary. The above illustration shows how the 15mm panels can be used to box in pipe work as necessary too.

**aqua4ma 19mm panels**

For use with the aqua4ma linear decks, the 19mm panels can be used to create level access when using Aqua4ma linear. The panels are the same depth as the deck allowing you to extend the waterproof area quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

panels in a pack (with the exception of 25mm which are available in either singles or a two pack), the panels measure 1200 x 800mm providing a square metre of coverage. As with aqua4ma shower decks the shower panels are easily trimmable and can be fitted to either floor or walls using either screws or flexible tile adhesive as appropriate.

**aqua4ma 25mm panels**

For use with the aqua4ma evolution decks, the 25mm panels can be used to create level access when using aqua4ma evolution. The panels are the same depth as the deck allowing you to extend the waterproof area quickly and easily, simply bond the joins with aqua4ma solvent weld for a fully watertight floor.

You can use these 25mm panels to make a seat, for shelving, for boxing or any structure you wish to create! Simply solvent weld and screw the panels together and to the aqua4ma wall/ floor panels.

# bespoke

Showering solutions

Established for over 25 years, Kudos Showers is recognised in the industry for the quality, design and workmanship associated with their extensive product range.

From showers to bathscreens, enclosures to wet-room systems, everything is designed in-house by a team of people with keen attention to detail – ensuring that every Kudos product is built to the same exacting standards.

Kudos Showers also recognise that sometimes products from their core ranges don't meet the customer's requirements – that could be because they're working with an unusual sized space, or have a very specific 'look' in mind. On these occasions, the Bespoke by Kudos range and service really comes into its own.

The 'Bespoke by Kudos' team will work with you to create the shower enclosure that best meets your needs.

Our bespoke design team can produce showering solutions that are tailormade to your requirements.

# Why choose 'Bespoke By Kudos' for your tailormade solution

Quite simply put, Kudos offer the best in market Bespoke solution, we will work with you from measuring\* the space you have available to design specification and quote, right the way through to installation\*\*, all the while ensuring that your specific needs are at the forefront of what we do.

Every Bespoke enclosure is manufactured and hand-finished by our in-house team, ensuring that each enclosure is given the same level of care and attention.

We offer a 'measure only\*' or 'measure and install\*\*' service, designed to give you additional peace of mind. One of our Support Team will visit and measure the space that has been allocated for your enclosure and, if you wish, will also install the enclosure for you once it's ready.

\* This is a separate chargeable service.

\*\* Installation only available where a Kudos representative has measured the enclosure.

### Glass Colour Options †

- Satin Frosted
- Bronze Tint
- Smoke Grey

† Despite every effort to provide accurate images of each product's colour and design, actual colours and design may vary slightly.

### Available Colour Finishes ††

- Chrome
- Matt Black
- Brushed Brass
- Brushed Nickel
- Polished Gold
- Brushed Gun Metal
- Brushed Copper
- White

†† Colour Finish options may vary according to selected range.

# Why choose 'Bespoke By Kudos' for your tailormade solution

---

## How to order...

Ordering from our Bespoke team couldn't be simpler, just 5 steps to your perfect showering solution:

- 1** Contact your Kudos Retailer who will send us a rough drawing of what you're trying to achieve and/ or the space that you have available. We will confirm if we are able to accommodate your request and will provide you with a guide price.
- 2** If you wish to proceed you will need to provide the following an accurate drawing of the space that is available, alternatively this is the point at which you can opt to use our measuring service.
- 3** Once final measurements have been received we will provide a detailed drawing, final price and an estimated delivery date.
- 4** Once you sign the drawings off a deposit will be required before we move to step 5
- 5** Once your product is ready we will arrange for delivery and (if you have opted for the measure and fit service) arrange a date for our Support Team colleague to install your enclosure.
