Welcome to the VitrA Vitality Collection

—
Instant inspiration, endless possibilities
for your dream bathroom

The VitrA Vitality Collection has everything you need to make your bathroom dream a reality.

With over **1,000** items, the VitrA Vitality Collection offers you plenty of choice. Catering for all budgets, there's no need to compromise on style or colour, with some products available in up to six different colours.

From classic and traditional to high-design luxury, you really can design the bathroom you've always dreamt of.

Something special

—
All the ranges in this collection are exclusively available to VitrA's independent bathroom showroom partners, offering you quality product, custom design backed by local service

Why choose VitrA

You're in safe hands, with six decades of innovation and manufacturing experience

VitrA

The award-winning VitrA Innovation Centre encourages architects and designers to run free with their imagination and explores new products, materials, processes and technologies.

Possessing one of the largest production complexes in the world, VitrA's state-of-the-art factory produces ceramic sanitaryware, bathroom furniture, taps, showers and tiles.

Sustainability

At VitrA, we're passionate about creating a healthier world, starting right from your bathroom

How do we do it?

Picture this: our ceramic factory in Bozüyük, Turkey, now houses a state-of-the-art solar panel plant on its rooftop. This year alone, it's set to produce an incredible 5.4 million kilowatts of clean, renewable energy. And that's just the beginning! Our plans include expanding this solar initiative across 112,000 square metres, aiming to cover 37% of our electricity needs straight from solar power.

But we don't stop there. Our dedicated teams are hard at work, focusing on every aspect of our production journey. From innovating product packaging to significantly reducing water consumption, we're committed to making a real impact. And you're a crucial part of this journey towards a more sustainable future.

Together, with every purchase you make, you're contributing to a world where every step towards a greener tomorrow counts.

Join us in making a difference, one bathroom at a time

Circular economy

By adopting the circular economy as a core business strategy, we aim to optimise resource use in line with Eczacıbaşı Group's environmental policies and promote energy savings through sustainable products.

We successfully diverted **75,344 tons** of recycled materials, such as cardboard, plastic, and metal, from landfills and reintegrated them into the production cycle.

Product responsibility

We aim to create a more sustainable product portfolio by minimising environmental impact from the design stage onwards and encouraging individuals to adopt healthier and more sustainable lifestyles.

Our **VitrA Recycled Washbasin** saves **5kg of raw materials per unit** and lowers global warming potential by **30%**, earning recognition at the **Green Good Design** and **ISO Green Transformation Awards 2024**.

Shaping the future

The world's first **100%*** recycled ceramic washbasin.

Our **100%** recycled ceramic washbasin is a first in the industry and reflects our commitment to using less resources, minimising waste and maximising our contribution to the circular economy.

According to a study conducted by LCA (Life Cycle Assessment) and VitrA, the production of these basins minimises our environmental impact on global warming and fossil fuels by **30%** per product. We believe that this pioneering innovation will set a new standard in sustainable design within the industry.

Recycled round countertop bowl without overflow hole, OTH, 40cm
 Matt Taupe £350 - **7992B066-0016**

By choosing to reclaim materials that would otherwise have been discarded, we are actively reducing our environmental footprint

Design with freedom & flexibility

With our versatile ranges, your bathroom isn't confined to one look.

At VitrA, we believe in offering choice to inspire endless possibilities with your bathroom design whilst being practical and affordable. Our broad and diverse ranges are designed to stand alone as well as seamlessly complement each other, so that you can craft a multitude of unique designs for one space.

Whether you seek a tranquil retreat, an energetic space, or something in between, we provide the flexibility so that you can bring your vision to life.

Key features

- 
VitrA Hygiene
 Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%
- 
VitrA Clean
 Limescale is persistent in most bathrooms. WC pans and bidets are coated with VitrA Clean technology. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years
- 
Soft-close seat
 Special hinge for silent and soft-closing
- 
Quick release seat
 The screw-free fitting of the quick release VitrA WC seat makes it easy to remove and refit after cleaning
- 
Sonic Flush
 VitrA Sonic Flush is clever technology that cleans every inch of the toilet bowl. Inspired by the principle of laminar flow, it flushes by spreading the water in the most powerful way, without splashing or making noise
- 
RIM-EX **Rim-ex**
WC pan Superior-hygiene, rimless WC pans
- 
Space-saving
 Short-projection, wall-hung, concealed installation

Ceramic & furniture ranges

Where style meets functionality.

From sleek ceramics that catch the eye to furniture designed for both form and function, our collections offer a vast breadth of design styles. With **14** different ranges that can be used in collaboration, we guarantee to elevate every corner of your bathroom.

Sareta Round

Ceramic range available in

White

Furniture range available in

- High Gloss White
- Matt White
- Matt Graphite
- Matt Terracotta
- Matt Green
- Maple Oak

Combining bold colour blocks, solid matt finishes and the warmth of Maple Oak for a distinctive, contemporary look

Sareta Round introduces softer shapes and curved edges to create a more relaxed, contemporary bathroom look. The rounded design pairs solid matt colours with Maple Oak finishes for a balanced and modern feel. Handleless drawer fronts keep the furniture looking clean and minimal, while wall-hung units help maintain a light, uncluttered space. Available in a range of sizes and finishes, Sareta Round provides a stylish and practical furniture solution.

- Matt Terracotta
- Matt Green
- Maple Oak

Simple, linear forms and a seamless handleless profile create a confident, contemporary look defined by colour and proportion

Sareta Square brings a bold, contemporary look to the bathroom with clean lines and a strong geometric design. The range combines solid matt colours with the warmth of Maple Oak, creating a modern furniture solution that stands out. Handleless drawer fronts maintain a clean aesthetic, while wall-hung units help create a lighter, more spacious feel. Available in a range of sizes and finishes, Sareta Square offers a versatile option for modern bathroom spaces.

Experience convenience with the washbasin units integrated LED sensor light, ensuring optimal visibility - even when it's dark

Sento brings Scandinavian style into your bathroom. This furniture range is designed to complement the popular Sento toilet. Four matt furniture finishes and five basin sizes are available, including a compact cloakroom option. With sensor LED lighting underneath the washbasin units and a leg set option, this range provides a new take on bathroom furniture.

Softly sculpted forms
and subtle illumination
bring refined simplicity to
contemporary bathrooms

Gloria introduces a refined, softly sculpted approach to bathroom furniture. Gentle curves and a seamless wall-hung design create a calm, contemporary look, enhanced by subtle integrated lighting beneath the basin. A palette of smooth matt finishes, including Matt White, Matt Taupe and Matt Stone Grey, bring warmth and a sense of calm to modern bathroom designs.

M-Line offers sleek ceramics with the choice of two bathroom furniture styles

The M-Line furniture collection offers two distinct designs. The Edge series boasts intricate detail and premium materials; made from composite wooden veneer. Meanwhile, the Pure series presents a relaxed, yet stylish approach, catering to simpler needs with a modern matt finish.

NEW M-Line WCs

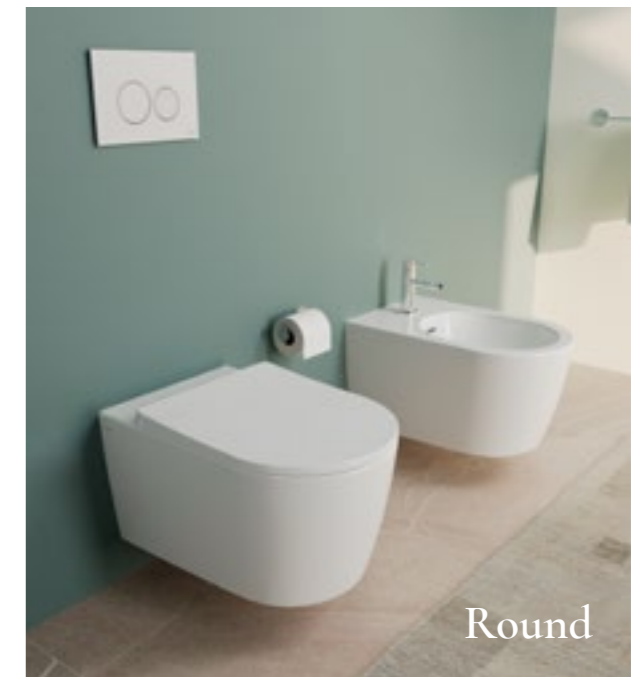

M-Line toilets and bidets combine clean, contemporary design with refined everyday performance. Available in wall-hung and back-to-wall options, the range is designed to sit effortlessly within modern bathroom spaces.

Two distinct forms shape the collection. M-Line Square offers a more defined profile, with straight lines and a confident, modern form. M-Line Round features a clean D-shape and seamless, monolithic look for a softer visual presence.

At the heart of the range is Sonic Flush technology. Powerful and efficient, it delivers enhanced cleaning performance while operating with significantly reduced noise - creating a noticeably quieter bathroom experience.

Square

Round

Ceramic WC pans include Vitra Clean technology for effortless cleaning

Choose from square toilets...

Wall-hung WC pan, square, Sonic Flush

Sonic Flush

The perfect cleaning technology

Powerful yet splash free

Powerful yet quiet

SCAN ME for Sonic Flush video

Guided by the principles of laminar flow, Sonic Flush ensures water moves seamlessly and efficiently across the bowl, reaching every part of the surface.

The triple-outlet design maximises momentum while reducing turbulence, resulting in a flush that is up to **31%** more efficient than standard rimless toilets. This controlled, consistent flow prevents splashing and minimises airborne particles, creating a cleaner, more hygienic bathroom environment. Quiet, precise, and remarkably effective, Sonic Flush elevates the everyday with intelligent simplicity.

120% Better flushing performance

At the rear of the Sonic Flush is a strong momentum manifold with 3 outlets designed using the laminar flow principle

2x Less splash

Sonic Flush provides a cleaning power that not only exceeds the norm, it also prevents water from splashing and provides a hygienic toilet experience

7x Quieter

Due to the characteristics of laminar flow, it reduces the turbulent kinetic energy of the water and prevents the noise caused by the chaotic collisions of the water that is flushed

Sonic Flush is one of the quietest toilets in the world

According to accredited lab tests, Sonic Flush has **8.45 dBA** less sound energy than a normal WC.

8.45 dBA means that it produces approximately **7 times** less noise. Certified by Quiet Mark

“ Washbasins, furniture, taps, showers & accessories – designed to work together or as standalone pieces ”

Tom Dixon

The Liquid collection evokes a sense of permanence with soft and rounded forms in durable white porcelain. The bones of this collection are the all-white ceramics, offset with signature chunky brassware in either gloss black or classic chrome finish – a quintessential and timeless core aesthetic for the bathroom. The range also includes distinctive wall tiles, available in five designs and with colour options of White, Black, Grey, Sage Green and Ecru, furniture and accessories.

“ I like contemplating new & better ways of doing things ”

Terri Pecora

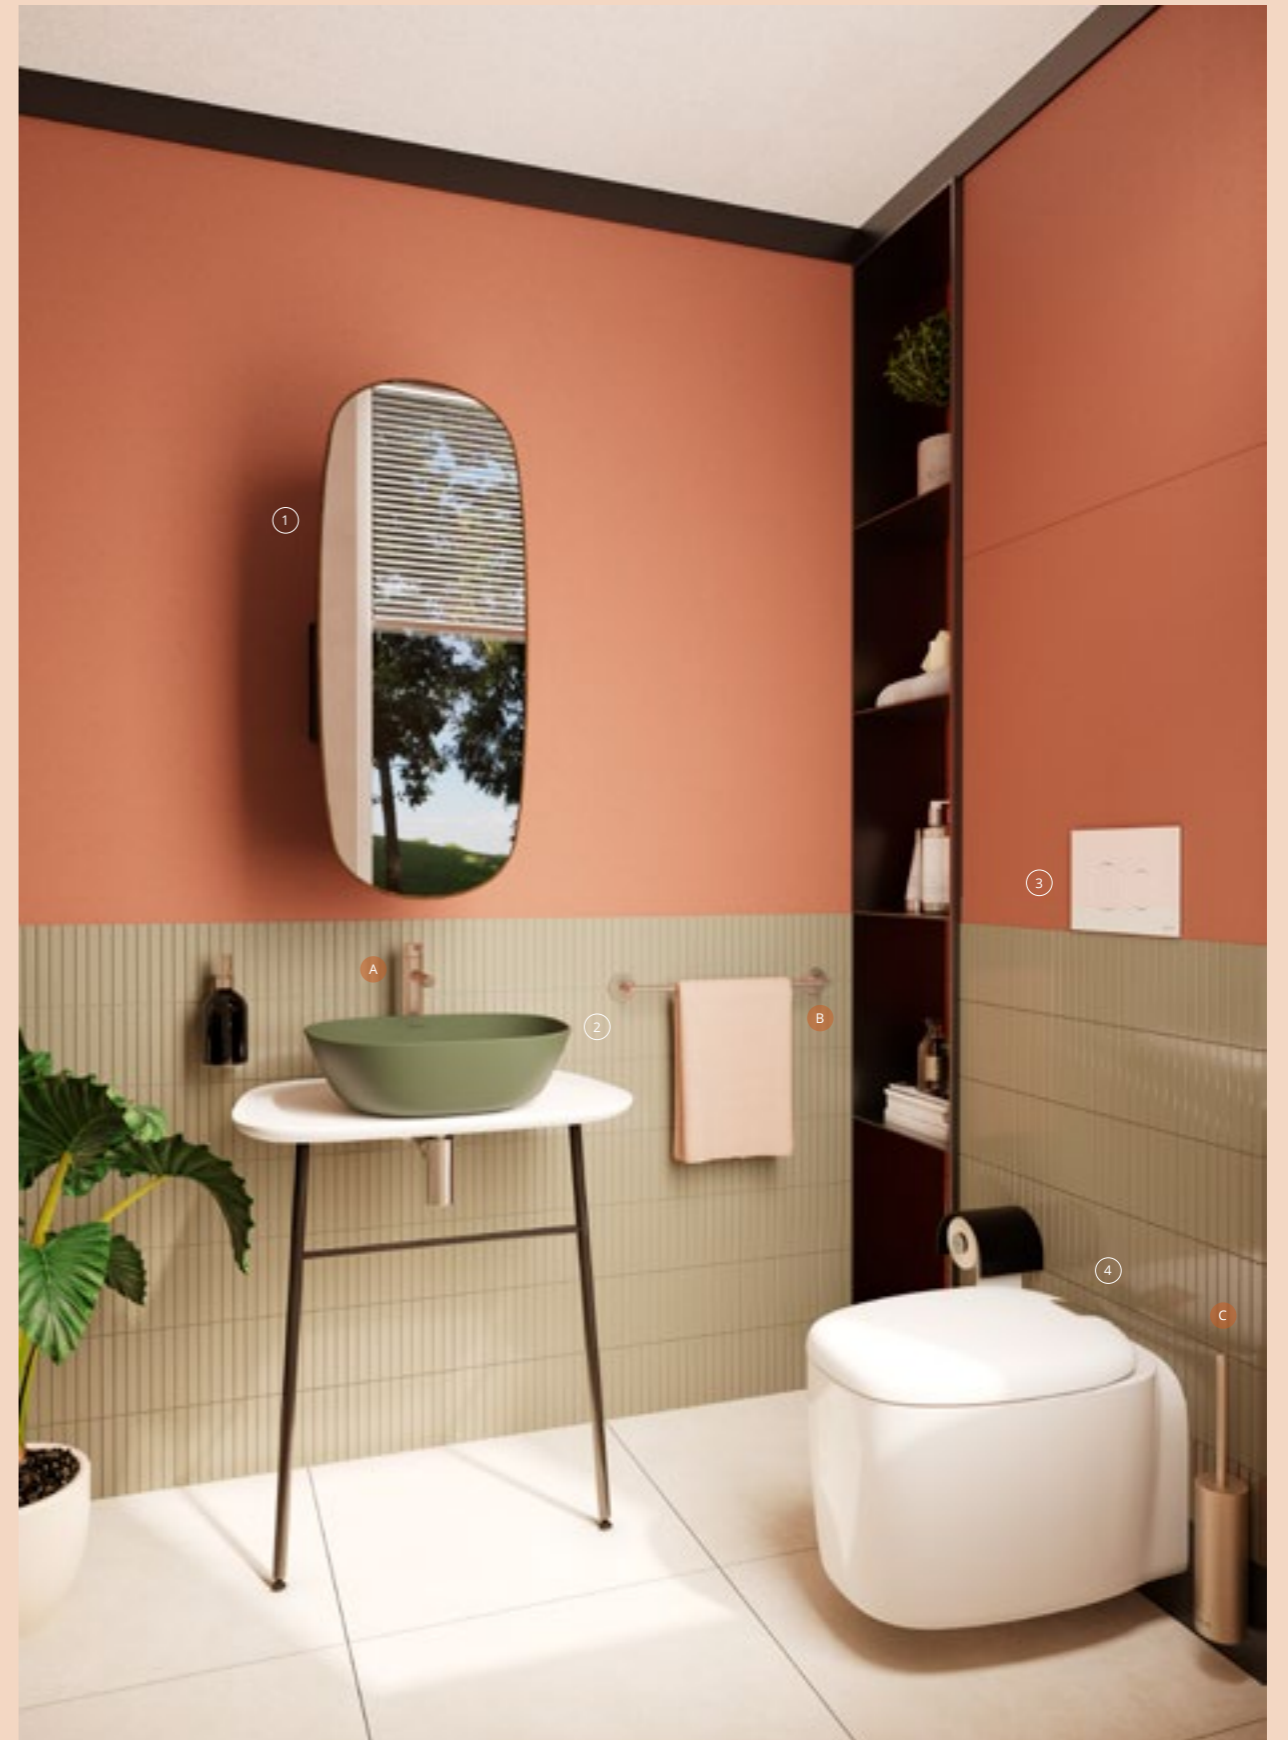

Inspired by the heritage of communal bathing spaces and rituals, the award-winning Plural collection presents the bathroom as an informal living space, making it the new heart of the home. Organic-shaped design elements can be used in multiple combinations to form a personalised intimate setting.

“ Using basic geometric forms shaped by simplicity, Equal creates a minimalist bathroom feel ”

Claudio Bellini

Combining crisp minimalism with functionality, Equal offers a classic monochrome appeal with a clean metallic finish. Inspired by the natural synthesis of man-made structures, Equal's linear designs create a simple foundation to your room in stylish neutral tones.

White - £1,300 (777B403-6377)

Frames

V-Fix Frames are crucial for a modern bathroom, supporting and holding wall-hung toilets firmly in place without the need for expensive structural building work.

Whatever your project needs, VitrA's range of frames offers you complete flexibility. The reduced height frame is perfect when space is at a premium or the room has a sloping roof or low window. The frames can be used in solid, stud and double-stud wall scenarios and are both available with a choice of flushing volumes.

Need an alternative to a wall-hung frame?

Our Vitrus glass concealed cisterns for wall-hung and back-to-wall WCs can be used with any wall type, removing the need to create a false wall to hide the frame (see page 221).

Water pressure

It's important to understand the water pressure in your plumbing system when choosing your brassware. Whether it's a gravity, combination boiler, pump assisted or mains high pressure (ask your installer if you're unsure), knowing your system will help you find the best product.

The minimum water pressure requirements for each product are marked in the brochure. Most products will suit any water system, however the high pressure products are designed to work with high pressure systems for maximum pressure. Equally, if you have low water pressure, there are lots of products that will work for you.

MP Medium
(0.4 - 1.0 bar)

Eco-friendly features

Water and energy-saving products are marked throughout with these symbols. Our mixers include adjustable cartridges to limit maximum heat and flow from the tap, which can save up to 60% water waste.

Water-saving

Thermostatically controlled
A thermostatic mixer maintains a consistent water temperature by recognising changes in water pressure or temperature and adapting to them.

Taps

Find the perfect complement to your bathroom with our stunning tap collection.

Championing both aesthetics and ergonomics, each piece is meticulously engineered to optimise flow, temperature regulation and the use of water and energy. All products include a 10-year guarantee on chrome plating and a 1-year replacement-only guarantee on all working parts.
