DANSANI BATH & SHOWER

DANSANI
DANISH BATHROOM DESIGN

10 YEAR WARRANTY

CREATE YOUR OWN

SANCTUARY

Have you thought about how much time you spend in the bathroom every morning and every evening all year round? And how wonderful is it just once in a while to be able to lock the door and be yourself, as in really yourself? Relax, breathe and enjoy a little respite.

So it is really important that the bathroom is inviting and lends itself to creating the right mood. That the aesthetics are in order and that the style, colours and coherence in the design have been thought about.

Let us help you to create your own personal sanctuary - an oasis that invites you to start each day with a smile. Dive into the catalogue's many inspiring bathrooms and use these as your starting point.

If something is worth doing, it's worth doing well

THOMAS BJERRUM FOUNDER, DANSANI

WE FOCUS ON

SUSTAINABILITY

SUSTAINABILITY IN EVERY WAY

Dansani takes responsibility and takes good care of our environment. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis are the 17 UN sustainable development goals.

That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw materials, water and energy efficiently to reduce the environmental impact. We have, among other initiatives, installed solar panels to generate electricity on the roof of our production facilities and offices.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We exclusively focus on solutions that also meet our high quality standards - because long-lasting durability is an important element in a sustainable product. We therefore have 10-year warranties on all furniture and shower solutions. Obviously, it is also possible to repair or swap out individual components which may further extend the life of the product. It may be an electronic driver for lights in the drawer, a drawer front may have been damaged or a PVC seal for a shower door.

But obviously, there are also other elements in play. Below we describe initiatives related to our packaging and in each ranges' inspiration pages you will find specific information about the components and raw materials used in that particular range so that you can make an informed decision.

PACKAGING

We have already replaced polystyrene with recyclable cardboard in the packaging for a large selection of our products and we continually work towards replacing the rest. In addition we have completely eliminated the use of plastic in the packaging of shower enclosures. Through these initiatives we are actively working to create a better future for both you and the environment.

CONTINUE

YOUR JOURNEY

In this Dansani catalogue you'll find lots of inspiration for bringing your dream bathroom to life, along with price lists that lay out all the options when it comes to sizes, finishes, and decors.

We also invite you to keep exploring our website, dansani.co.uk, where you can create your own wish lists, find the perfect retailer and dive into helpful articles on everything from designing a small bathroom to creating the perfect mood.

DANISH DESIGN & LUXURY & WELLNESS

WELLBEING - SEDUCTIVE - PERSONALITY

DANSANI LUNA

Sleek Danish design meets intelligent functionality in your Luna bathroom - an inviting space that lets the joy of wellness greet you every morning.

Luna offers countless opportunities for personal design and decoration allowing you to create a bathroom that matches your vision. Choose from three style universes - or mix and match elements to design a space uniquely your own.

Urban, Classic, or Vintage - each of Luna's universes offers furniture fronts in a variety of styles: smooth, framed, fluted, grooved or with integrated handles. Choose from any colour or a curated selection of wood decors in stunning shades. Find a basin that fits perfectly and don't forget a beautiful mirror and accessories to complete the look. Clever accessories don't just make everyday life easier - they bring joy to it.

In Luna's 3 universes enjoy the freedom and find inspiration to design your wellbeing sanctuary with passion and personality - and it is designed and produced in Denmark.

MODULAR & MINIMALISTIC

URBAN

Strong, clean lines, that are understated. From simple settings with hidden design details to sharp settings with straight lines to create the look.

CUSTOMISED

FOR YOU

There is a really sharp look to this whole setting which is completely customised for the room. The dark matt rubber-like decor is exclusive and masculine, while the straight lines of the integrated handles complete the sharp look. Note the Angular basin which is made to measure and available in sizes up to 240cm. Of course you get to choose whether there should be a single or double basin.

Angular basin shown here in the made-to-measure version in Dekton® Trilium decor, which contains up to 80% recycled material.

FIND THE BEAUTY IN

UNIQUE ANGLES

The fluted fronts maintain clean design lines while introducing a unique asymmetrical pattern for a fresh, distinctive look.

«

A sloping ceiling is not a problem, but an exciting opportunity to do something clever. The flexibility of the Luna Urban concept enables you to take full advantage of the various walls and angles in the room and create uniform, tailored design solutions to make maximum use of the space.

ADD EXTRA

WOW FACTOR

Dansani mirrors not only look good when you see yourself in them. They are also beautifully decorative in their own right and can create some amazing effects in your bathroom – many of our mirrors have integrated LED lights and lighting control.

The combination of extensive colour choice, mirrors, lights and additional elements such as the open shelves and units add a real wow factor to your bathroom.

CUSTOMISED SOLUTION FROM

WALL TO WALL

A sharp and cool look that makes clever use of the sloping wall for additional storage while enhancing not just the bathroom but your home. The combination of two cabinets with worktops on both the top and the bottom creates a beautiful and functional wall-to-wall solution. An effective way to make optimal use of the whole room.

The black frame drawer front adds an extra dimension to the space by framing the furniture. We've also added the on-trend Illumi shelf to complete the look.

The Illumi shelf creates coherence in the design while being really practical by offering generous shelf space, beautiful integrated lighting and handy USB ports for charging.

DANISH DESIGN & LUXURY & WELLNESS

OPEN SHELF
The new open shelf has a depth of 35cm and can be wall hung or combined with the base cabinet. It provides you with practical storage and a beautiful way to showcase your favourite items.

Urban 120 cm - Brown oak, black frame

Kantate double basin 1,044.- Article no. 531922003 / **Vanity unit** 1,986.- Article no. U23-8052 /

CREATIVITY IN TIGHT SPACES

SMALL & COOL

If your bathroom is tight for space the minimal style of the Urban universe is perfect for creating a calm and sophisticated look. There are also many creative tips for when there is just room for one small vanity unit and on best using the wall space in general. There may be room for a wall cabinet or two over the toilet, or if you choose a mirror cabinet like the one shown opposite. the room feels larger. Mirror cabinets and wall cabinets provide lots of practical storage space.

The new Prisma lamp completes the overall look with its simple design and provides both functional light at the mirror and ambience to the room.

A great little setting of Mini Larghetto on a vanity unit with door alongside the Squircle mirror.
Squircle lends softness to the overall look with exquisite lighting that is of course also adjustable.

FURNISHING TIP
Lighting and lighter colours make a room larger, like this setting where the furniture has an integrated handle to maintain the minimalist design. Plus we have provided lots of storage with the deeper bottom drawer in the vanity unit, the mirror cabinet and a wall cabinet that doesn't protrude into the room. Internal shelves, USB ports and the electric socket are practical accessories hidden from sight. With everything in drawers and cabinets, a small bathroom is never untidy, but looks light and inviting.

Defined by its unique edge profile the new Ledge basin embodies understated elegance. Complement its design with a porcelain pop-up waste for a refined, cohesive finish.

NEW

A Handy magnifying mirror with integrated lighting and touch control can be used anywhere. It is shown here in the mirror cabinet on a magnetic holder, so you can even take it on holiday if you like. It is simple to charge with the integrated USB port.

TIMELESS ELEGANCE

CLASSIC

The classic virtues of Nordic design shine through in every detail, creating a refined and timeless look. Within the Classic universe you'll find elegant smooth fronts, framed fronts with optional wooden décor gables and beautifully crafted grooved veneer fronts.

IN-BUILT MIRROR AND STORAGE IN ONE
At first glance it's a mirror. Look closer, and you'll find clever, hidden storage built seamlessly into the wall - keeping your essentials close and your space effortlessly sleek.

A slim and elegant light frame surrounds the mirror on all sides providing soft, even illumination that can be easily adjusted using the built-in light control. A modern solution where style and function blend seamlessly.

COMFORT MEETS FUNCTION

EVERY DAY

This classic green-and-brass combination transforms your bathroom into a calming oasis. Customise the unit, basin and worktop to the alcove for a flawless fit and use the practical wall cabinets to store toothbrushes and skincare products - always within reach but never cluttering your space.

Beautiful, practical details bring a little smile each time you enter your bathroom.

INVITE NATURE

INSIDE

A timeless Nordic look with grooved fronts in light oak veneer and the elegant Refined legs. The black open shelf ties the look together beautifully, creating a natural, inviting space.

Adjust the glass shelves to suit the height of your favourite perfumes and creams for easy access every day.

Choose drawers with built-in lighting or easily add rechargeable drawer lights later.

The Radience mirror cabinet combines sleek design with intelligent features. An elegant light frame highlights your reflection and the built-in anti-mist pads reduce fogging, even in steamy bathrooms. Inside there's plenty of space for your daily essentials alongside a power socket and USB port, a magnifying mirror and mirrors on the door interiors for effortless styling from any angle.

Add a personal touch with open modules that showcase your favourite items.

Defined by simplicity and precision the Luna Classic integrated handles offer a sophisticated, seamless aesthetic, finished in black as standard. Or opt for a bespoke colour drawer front and we'll ensure the handles are perfectly colour-matched for a cohesive look.

INVITING IN EVERY

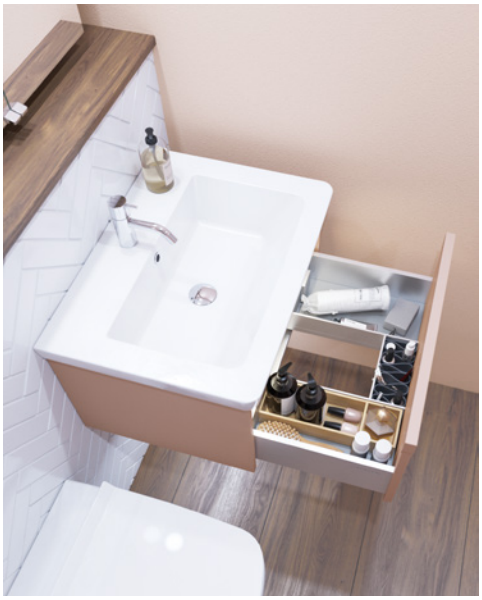

DETAIL

Even a small bathroom can feel stylish and inviting with a few smart design tips. Introduce colour but stick to a cohesive palette for a harmonious design.

In this compact bathroom the simple integrated handle—finished to match the drawer front and wall colour—creates a stylish, cohesive look. Decorative mirrors and a practical mirror cabinet help make the space feel bigger. The mirror cabinet also includes a power socket, USB ports and ample shelf space for all of your toiletries.

EXCEPTIONAL

LIGHTING

We've spent years perfecting the quality of our lighting, making us one of the few suppliers to achieve light that comes remarkably close to natural daylight. This means you'll see yourself in the most authentic light possible - and love what you see. Because good lighting doesn't just illuminate; it enhances your quality of life.

We've also designed our lighting to be both practical and enjoyable in everyday use. No more searching in the dark - the built-in light gives you a clear overview whenever you open a cabinet or drawer.

GET MORE LIGHTING TIPS

Did you know that quality lighting can enhance your well-being? Studies show that we feel most comfortable in daylight. Since we spend around 80% of our time indoors it's essential that indoor light should closely replicate natural daylight, no matter the time of day.

Lighting influences the body's circadian rhythm so too much light in the evening can make it harder to fall asleep. Controlling the lighting in your bathroom can help address this challenge. Soft, warm red lighting won't disrupt your body's rhythm before bedtime. Whereas in the morning lighting should be brighter and a cooler blue tone to help you wake up. This ensures you can style your hair and apply makeup accurately, so you look as natural as possible in daylight.

ONE TOUCH CONTROL

All Luna mirrors and mirror cabinets feature touch control allowing you to adjust both the colour and brightness of the lighting with a single press of a button - perfectly suited to the time of day and your personal needs.

You can combine mirrors, spotlights and pendant lights in a group, so they can be adjusted together with a single touch. Adjusting the mirror lighting will also adjust the colour and brightness of the spotlights and pendant lights. This unique wireless control is simple to set up and doesn't require a Wi-Fi connection – you just need to purchase one receiver unit to connect up to 5 pendants or 4 spots. Please note that our new wall lamps come with a built-in receiver unit.

LIGHTING AT NIGHT

No need to fully wake up during a nighttime bathroom visit. Luna vanity units can be equipped with a night-light function and motion sensor, providing subtle illumination under the furniture - just enough to guide your way without disturbing your rest.

»

Effortlessly control your lighting with the remote control - adjust mirrors, spotlights and pendants separately, or set up three groups to create the perfect mood. With three preset lighting scenes you can transform your space at the touch of a button from practical everyday light to soft, ambient mood lighting.

AMBIENCE WITH NOSTALGIA

VINTAGE

Vintage brings light, organic design that provides the perfect backdrop for a personal, decorative interior style. Mix romantic touches, retro elements and soft, rounded lines to create a feminine, inviting look.

Here the Dansani Vintage soft front showcases its gently rounded edges, creating a warm and welcoming bathroom. The integrated handle with its subtle opening complements the design and encourages creative expression with colours and accessories.

YOUR

CHOICE

Luna Vintage isn't just soft and feminine; it can feel masculine too, as this setting shows. We provide the inspiration and you bring the personal touch.

With the Larghetto basin you get the maximum amount of bowl area which is really practical in a smaller bathroom.

The Hoop mirror features a frame colour-matched to the furniture creating a harmonious, cohesive look. Positioned in front the elegant Reach shelf provides the perfect space to display decorative items or your favourite perfume.

LITTLE EXTRAS THAT MAKE A BIG

DIFFERENCE

Clever storage solutions make it simple to keep your bathroom organised and clutter-free.

Our wall cabinet is perfect for small perfumes and skincare products, providing an excellent overview. Add elegant wooden boxes to store tiny items neatly. Compact in design, it fits even the smallest bathrooms.

The base cabinet maximizes the space under a sloping wall or window, providing ample room for towels and larger bottles. Choose version A for maximum storage or version B which features a removable wooden drawer and a convenient laundry basket.

CLEAR THE

CLUTTER

Ample, practical storage helps reduce clutter, especially in busy households. Tall cabinets provide space for family towels, clean clothing and even a convenient laundry bag that can be easily pulled out when it's time to put a wash on.

The tall cabinet comes with different interior layouts. Version A is a basic model with six shelves. The 30cm version B includes two removable wooden trays, while the 40cm version B features three door-mounted shelves for easier access to your items. Version C includes three door-mounted shelves, two wooden trays and a convenient pull-out laundry bag for added convenience. Choose the width and layout that suits both your bathroom and your lifestyle.

STYLISH

A beautiful mirror enhances both your reflection and your bathroom. Choose from round, oval or square shapes - each featuring soft lines for a modern, welcoming look.

The lighting is designed to adapt to every moment of your day: bright and precise for makeup application or grooming and easily adjustable with just a touch - switching from cool working light to warm mood lighting. You can also dim the intensity to create the perfect lighting for any task.

A mirror is never just a mirror. With Dansani, you enjoy beautiful design, everyday functionality and quality that stands the test of time.

PERFECTLY

FRAMED

A mirror cabinet is more than just a beautiful storage solution. Use the mirrored doors to check your hairstyle from every angle and the magnifying mirror for precision when perfecting your brows.

This is also the perfect place to charge and store your electric toothbrush using the integrated socket and USB ports, while keeping all your face creams and toiletries neatly organised. The adjustable lighting ensures your face is beautifully illuminated for precise styling every time.

DANISH DESIGN & FEATURES FOR LIVING

With plenty of shelf space, Dansani mirror cabinets let you adjust the shelves on both sides to suit the height of your bottles, toothbrush and daily essentials.

A FULL OVERVIEW OF

ALL THE OPTIONS

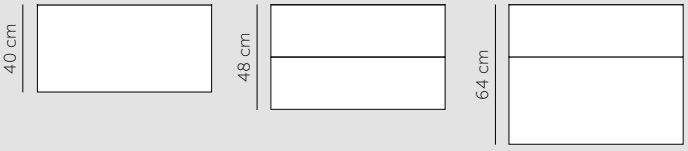

Here you can explore all three of our design universes - Urban, Classic and Vintage - along with the available front types, heights and the full range of colours and décors. For added flexibility, Classic cabinets are also available with elegant open units that bring a touch of personality to your design. Once you've selected the front type and height of your vanity unit, it's time to choose the colour, handle and of course a beautiful basin to complete the look.

FIND YOUR

INSPIRATION

Our designers have carefully selected a palette of colours that capture the essence of contemporary interior design — refined, balanced, and on trend.

You can choose whatever matt colour (sheen 30) you like from two different colour systems, NCS S (standard colours only) or RAL Classic. A one-time colour set-up fee applies for each chosen colour, regardless of how many products you order.

Please note that a colour code can look different depending on brand, materials, finish and light.
For this reason, we recommend that you choose a colour in cooperation with your retailer.

NCS – Natural Colour System®© property of and used on licence from NCS Colour AB, Stockholm 2019. The colours might not exactly match original NCS colour samples.

DEFINE YOUR STYLE WITH HANDLES

Accentuate your style with a beautiful handle that complements your selected brassware and mirror. Choose the style you love — timeless, elegant, or classic. For example, you could choose the classic Grace handle in copper or brass, or the new Natura handle in light wood.

SUSTAINABILITY INSIGHT
At Dansani we're always seeking out materials that are kinder to the planet. The black Button handle is made from OceanIX Plastic — recycled plastic from items such as old fishing nets.

FULL-LENGTH OR COUNTERTOP

CHOOSE YOUR BASIN

Modern basins appeal to all the senses and we offer both fully cast and freestanding models.
Available in a variety of sizes and depths they suit both large and smaller bathrooms.

CUBE
Genuine sanitary porcelain, white gloss

MATERIALS &

SURFACES

SANITARY PORCELAIN - BASIN

Sanitary porcelain is a durable ceramic material with soft, rounded edges. Its hard, smooth, glossy surface makes cleaning easy and it requires minimal maintenance even after years of use. Avoid using abrasive cleaners to preserve the finish.

SOLID SURFACE - BASIN

Solid surface is a strong material with a matt, silky finish that feels pleasant to the touch. Its ultra-thin design creates a minimalist, stylish look that perfectly complements your vanity unit. The basin is easy to maintain with standard bathroom cleaners, though abrasive products should be avoided. Minor damage can be repaired.

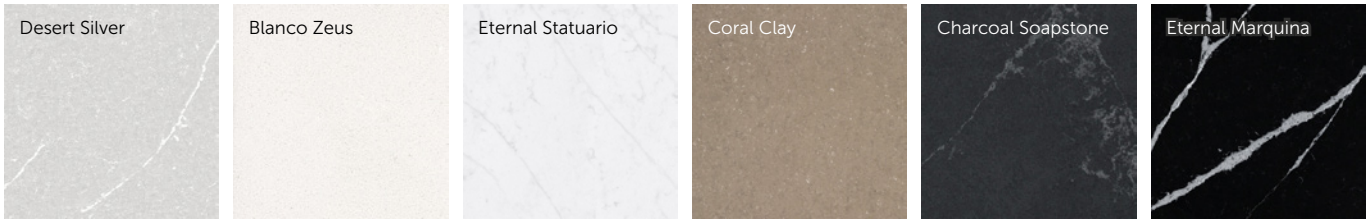

DEKTON® TRILIUM - BASIN + WORKTOP

Dekton® is an exceptionally strong material and the Trilium finish is a CO_2-neutral choice produced using 100% renewable energy sources and containing up to 80% recycled material. Dekton® is heat- and shock-resistant, scratch-resistant and easy to clean with all standard bathroom cleaners.

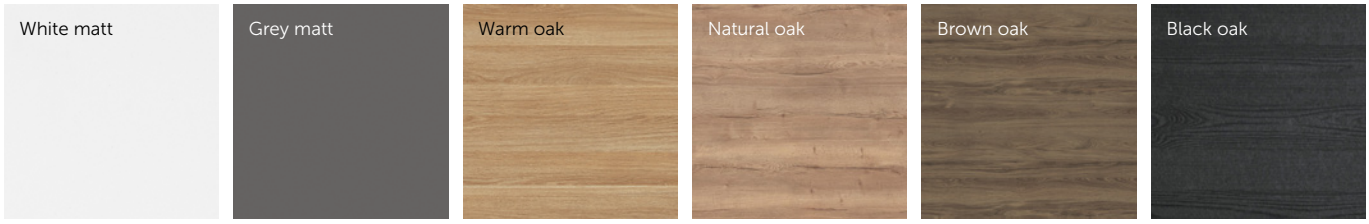

SILESTONE® - BASIN + WORKTOP

Silestone® is a quartz-based material containing at least 20% recycled material. As beautiful as natural stone, it has a tough, resistant surface. Manufactured using advanced, environmentally conscious techniques, Silestone® is also a sustainable choice.

LAMINATE - WORKTOP

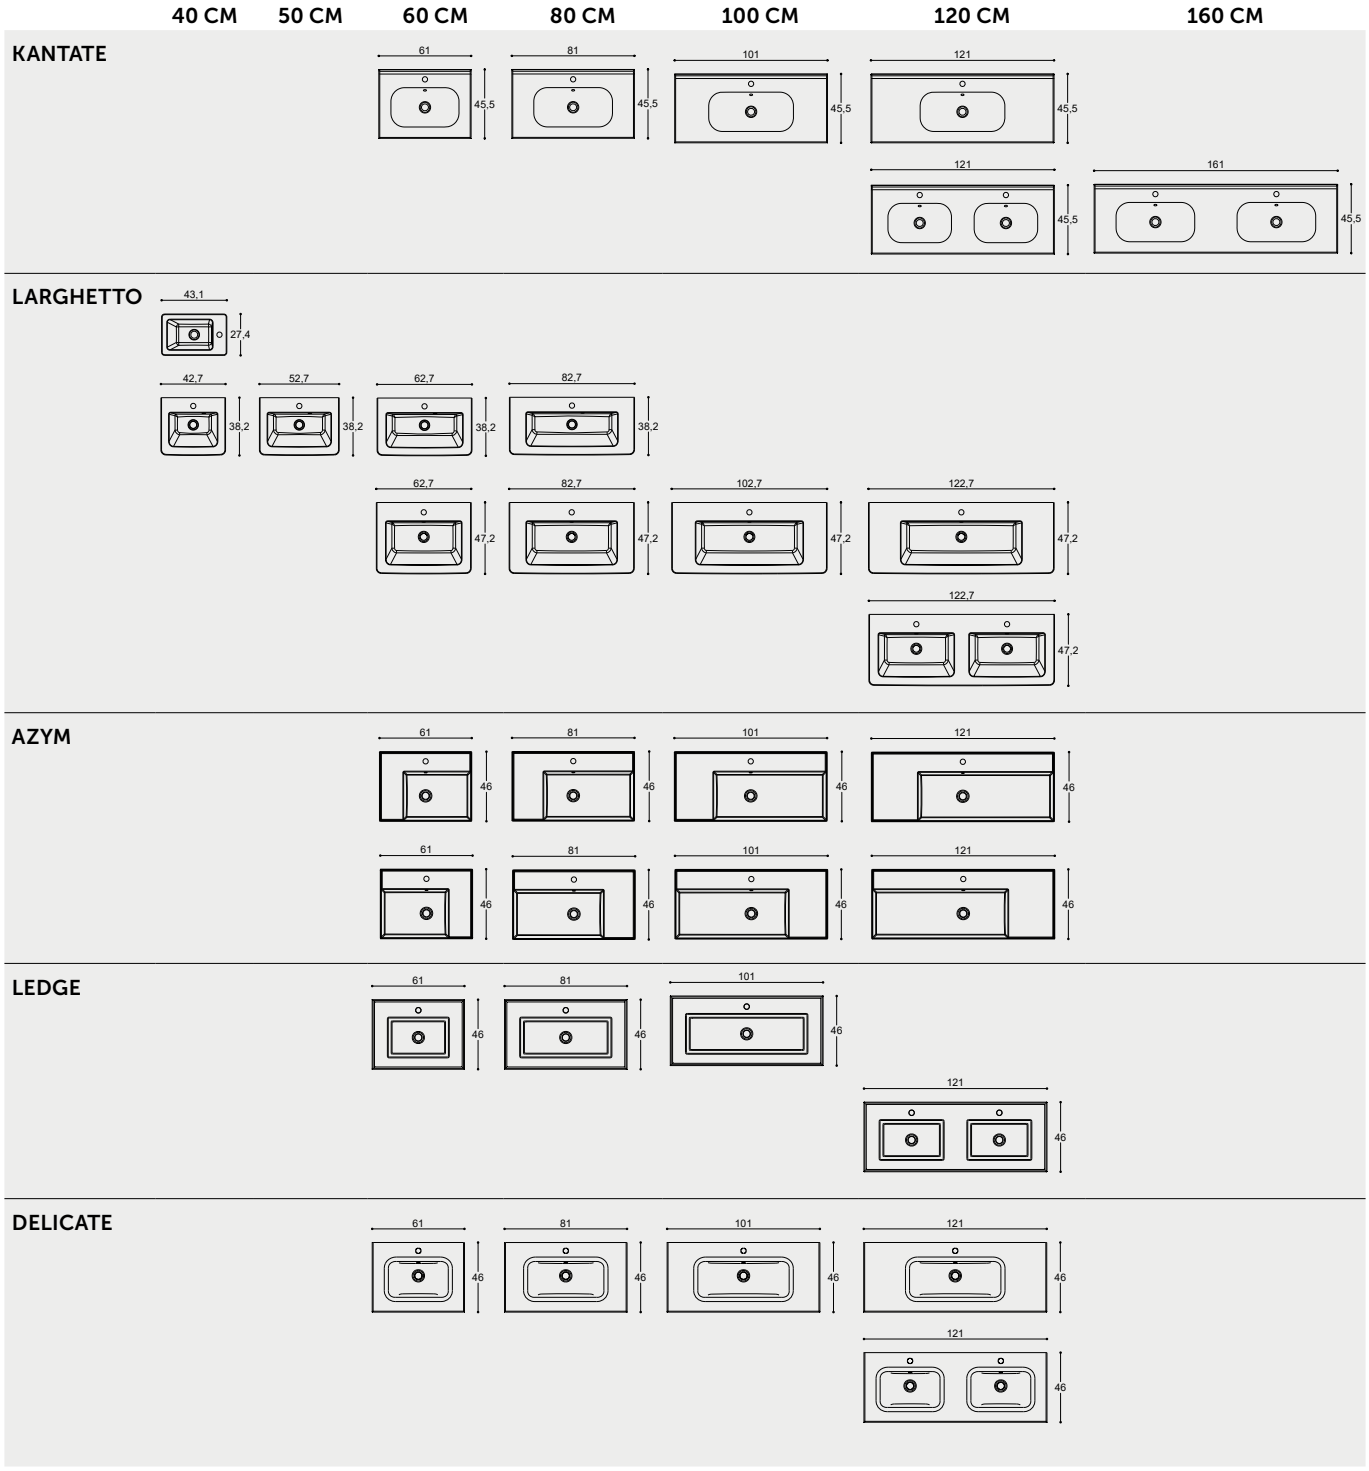

For countertop basins you can create a cohesive, elegant look by selecting a wooden worktop in the same décor as your furniture. The 25mm laminate worktop matches the high quality of our furniture.

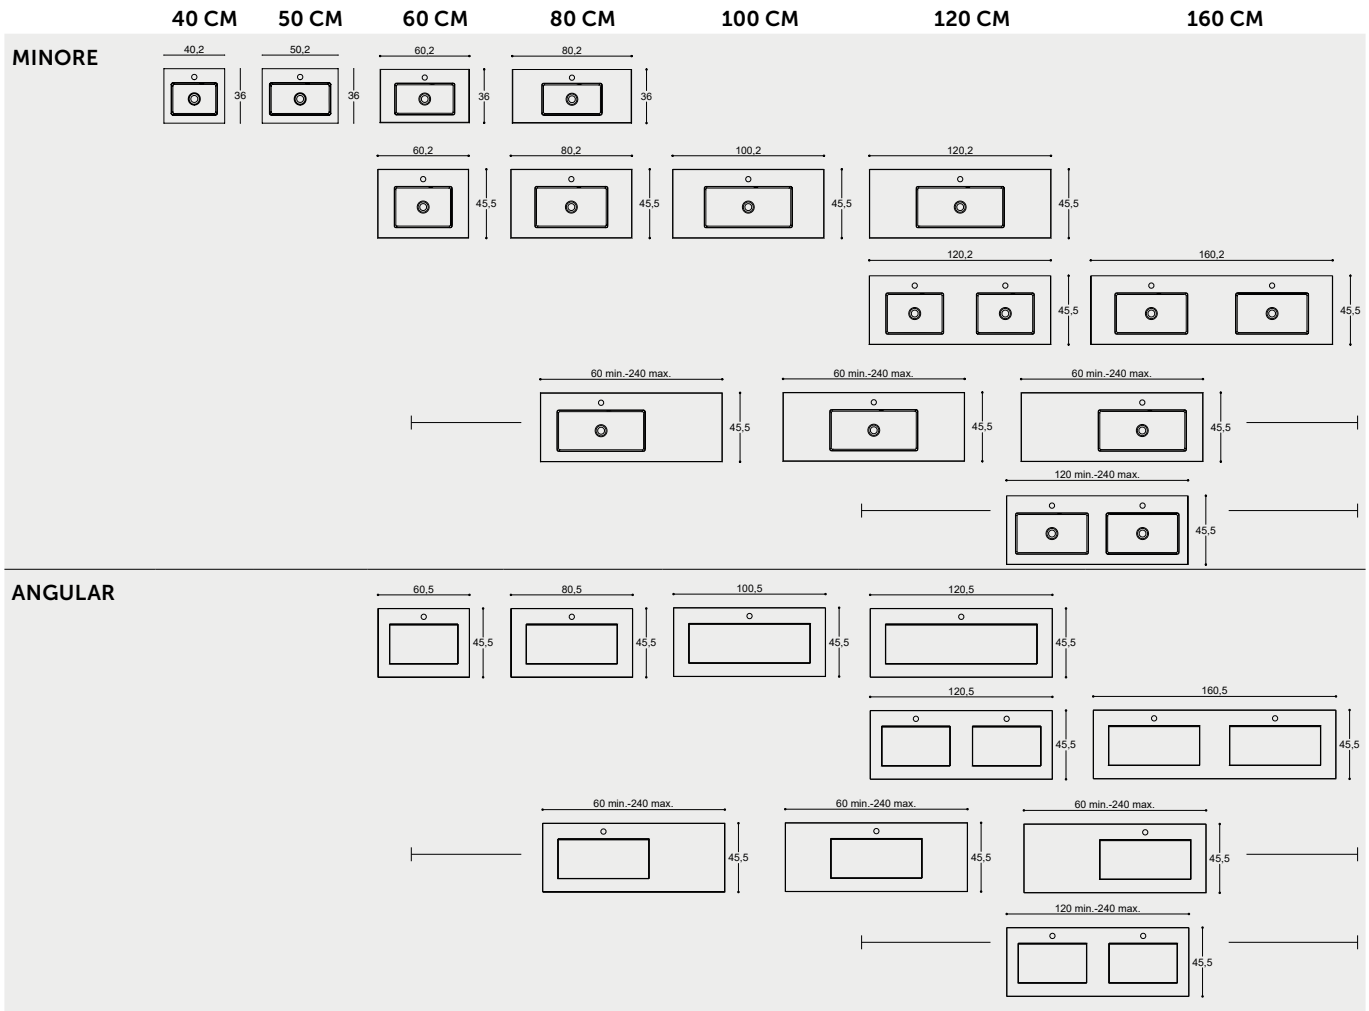

OVERVIEW OF

BASINS

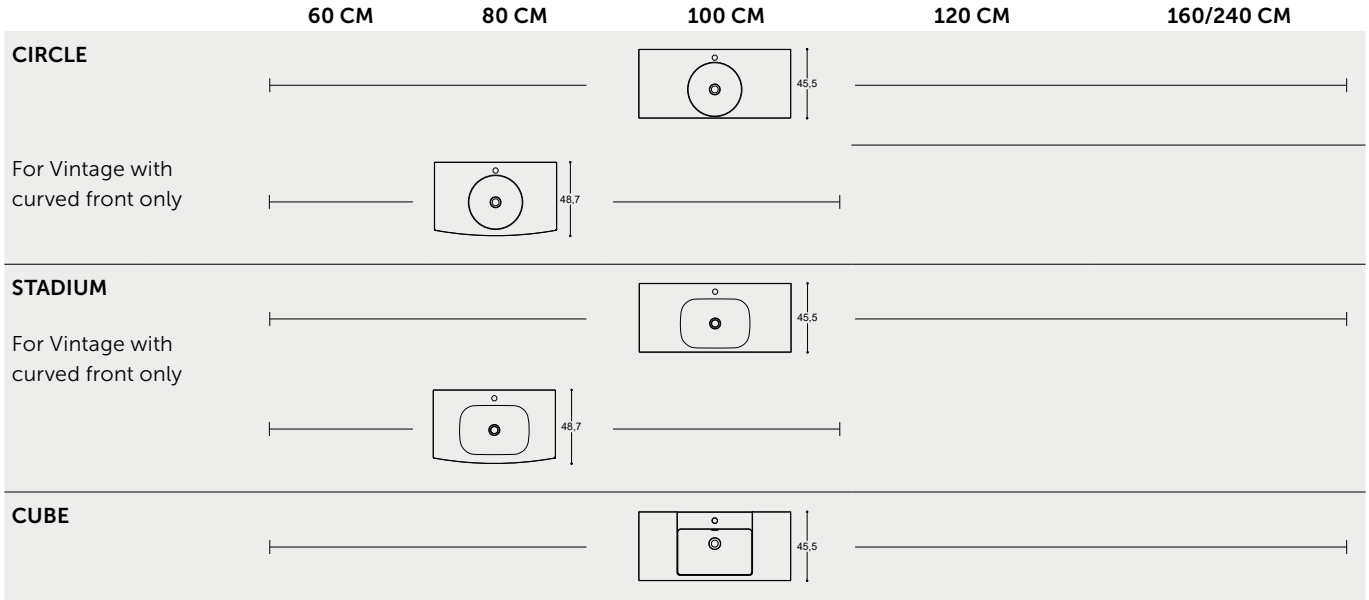

BASINS - FOR URBAN, CLASSIC AND VINTAGE WITH INTEGRATED HANDLE

BASINS - FOR URBAN, CLASSIC AND VINTAGE WITH INTEGRATED HANDLE

COUNTERTOP BASINS FOR WORKTOPS - FOR URBAN, CLASSIC AND VINTAGE WITH CURVED FRONT

LUNA & THE ENVIRONMENT

MATERIALS FOR CABINETS AND WORKTOPS

The cabinet carcass and worktops are made from melamine-covered particle board, composed of two-thirds recycled wood. Any material not reused for new boards is incinerated to generate energy for production, ensuring nothing goes to waste.

All new wood in our Luna furniture comes from sustainable forestry. Currently 93% of all wood used in our furniture is fully certified and traceable, with the goal of reaching 100%.

Dansani A/S is now PEFC Chain of Custody certified - PEFC/09-31-216. By sourcing PEFC-certified wood, we support the sustainable management of forests globally.
We plan to offer all our ranges as PEFC-certified and already a number of our bathroom furniture pieces carry PEFC certification.

Read more specifically about the different fronts under product information.

BASINS AND WORKTOP MATERIALS

Our Silestone® basins and worktops contain 20% recycled material, while the Dekton® Trilium basins and worktops contain up to 80% recycled raw material. Additionally, 99% of the water used in production is reused and all electricity comes from 100% renewable sources.

Porcelain basins are strong and long-lasting. They can be safely crushed for road fill or other uses and where a return program exists, recycled into new basins.

LIGHTING AND MIRRORS

All light sources use energy-efficient LED technology with a life expectancy of up to 20 years based on 4 hours of daily use. When it reaches the end of its life, the lighting can be easily dismantled and disposed of safely in an environmentally responsible way.

All our mirrors are crafted to the highest quality standards ensuring long-lasting performance.

DANSANI SUSTAINABILITY ACTION

We're constantly introducing new initiatives - stay tuned here.

CUSTOMISED &

FLAWLESS

Make the choice to match your own taste and style.
We now offer the smooth glass Form basin, in made to measure sizes, for our Luna range of bathroom furniture.

PRODUCT INFORMATION

SOLID SURFACE BASINS
Solid surface basins are made from a robust composite material with a waterproof surface that is easy to clean. To maintain the basins we recommend our care set for solid surface basins.
Please note: The slim basin design means the basin must be supported by furniture under the full width.

PORCELAIN BASINS
Porcelain basins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

NOTE ON MINORE BASINS
The Minore basin can be ordered with or without overflow. When ordering a basin without an overflow a concealed waste kit, a continuous flow waste or an automatic opening waste must be installed.

SILESTONE® AND DEKTON® WORKTOPS AND BASINS
Silestone® consists of more than 90 % natural quartz and the surface is hard-wearing and easy to clean. The Angular basin is also available in the Trilium decor which as a Dekton® material is produced from recycled material for a lower environmental impact.
NB: The thin design requires support from cabinets across the full width. However, the basin or worktop is strong enough for an overhang up to 100mm without support.

LAMINATE WORKTOPS
All laminate worktops are made of 25 mm laminate-covered particle board with ABS edging strips.

CABINETS
16mm melamine-coated particle board with ABS edging strips and PU glue. Matt white and custom colour are MDF finished with moisture-resistant, two-component lacquer, which has a easy to clean surface. Classic cabinets with grooved fronts are made from oak veneer on 15mm MDF.
The cabinets in all styles are supplied as assembled units with adjustable brackets for wall mounting. Vanity units are supplied with aluminium coloured bases and rear bracing panels as standard. Tall cabinets and wall cabinets are also supplied with 4mm glass shelves in smoked glass with polished edges as standard.
Optional extras are available such as push-open on selected cabinets, underlight, built-in LED lighting and accessory packages. For more information on optional extras, please see the price list.

FRONTS
CLASSIC:
The fronts are inset between the cabinet sides (gables) and are available as a framed front, with integrated handle or a plain front in 19mm MDF boards finished with moisture-resistant, two-component lacquer. The grooved fronts are 18mm MDF board faced with oak veneer. Fronts with wood decors are 19mm particle board finished in melamine.
Integrated handles are made of anodized black aluminum or matched to a custom colour. For custom colours the fronts with integrated handles are painted with moisture-resistant two-component lacquer.

VINTAGE:
The fronts are inset between the gables, curved and available in a grooved version as 21mm MDF boards finished with moisture-resistant, two-component lacquer. Alternatively a softer version is also available. These fronts are 22mm MDF boards with 20° curved edges and an integrated handle, finished with moisture resistant, two-component lacquer and are in front of the cabinet sides (gables).

URBAN:
The fronts are in front of the gables. Wood decors are 19mm melamine-coated particle board with ABS edging strips. White matt and custom colours are 19mm MDF boards finished with moisture-resistant two-component lacquer.

DOORS
All doors are fitted with metal clip hinges that can be adjusted in 3 directions. Hinges are fitted with integrated dampers that ensure that the doors close softly and silently.

DRAWERS
The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Rubber mats are supplied as standard in all drawers.
Optional extras such as power socket, LED lighting in drawers and push-open are available as optional extras. For more information please see the price list.

FLOATING SHELVES
Supplied complete with concealed fittings. 25mm melamine-coated particleboard with ABS edging strips.

MIRRORS
All mirrors are supplied with a touch panel to control the lighting and adjustable fittings to ensure a perfect result when installing.
Frames for mirrors in white and black are powder-coated aluminium while the brass finish is anodised aluminium.
All mirrors are IP44-rated.
Pre-installed anti-mist pad can be added to all mirrrors except the Soft mirror. The pre-installed anti-mist pad is turned on / off with the light control.

MIRROR CABINETS
All mirror cabinets come with lighting control, an electric socket and a twin USB port. The double-sided mirror doors have adjustable hinges. A round 5x magnifying mirror which can be placed on the inside of the door is included.
Mirror cabinets are melamine-covered particle board construction with 4mm movable, tinted glass shelves
All mirror cabinets are IP44-rated.
Radience mirror cabinets are supplied with antimist pads in the doors and a touch panel on both the door and the electrical socket, allowing control of the lighting with the doors both open and closed.
Underlights to provide light onto the basin area and interior lighting options are available as extras for selected mirror cabinets.
Wooden trays for small items are available as extras for mirror cabinets.

WIRELESS LIGHTING CONTROL FOR MIRRORS AND MIRROR CABINETS
Wireless lighting control may be added to mirrors and mirror cabinets so that they can control other mirrors and mirror cabinets with a wireless lighting control device. Plus ceiling lights, pendants and Illumi shelves with lighting control and a wireless receiver can also be linked. The control is reciprocal so that two mirrors or mirror cabinets can control each other's lights along with the system they are connected to.
The wireless system is a closed 2.4 GHZ system that does not require Internet access or a router so doesn't create interference with other wireless systems.
See more information about installation, pairing and the system range in the installation instructions for the products at dansani.co.uk

CEILING LIGHTS, PENDANTS AND ILLUMI SHELVES
12V system with dimming and colour temperature from 2,100-6,500 Kelvin controlled from the mirror or mirror cabinet. NB: Requires a Dansani wireless receiver built into the ceiling that can control up to 4 Jupiter spot lights or 5 ceiling / pendant lights. If more ceiling lights/pendants are required more wireless receivers must be purchased.

NB: Will only function when paired with a Dansani mirror or mirror cabinet with built in wireless light control or a remote control for wireless lighting control.

DRAWER LIGHTS
Additional lighting running the width of the drawer with a set colour temperature of 3,150 Kelvin automatically turns on when the drawer is opened and are angled downwards into the open drawer to avoid dazzling the user. The drawer lights are IP44-rated.

UNDERLIGHT AS A NIGHT LIGHT
Underlights (or downlights) in vanity units have a built-in motion sensor on which the range and timer for the lighting can be set. The downlight turns on automatically when motion is detected and is the perfect night light. The sensor comes with a cable with one additional connection so that a side cabinet with downlight can be connected to the same sensor. The sensor can be purchased separately for subsequent installation with the downlight in other cabinets. If you choose a mirror or mirror cabinet with lighting control you can also order downlights for tall cabinets. By adding wireless lighting control the lighting brightness and colour in these cabinets adjusts with the mirror or mirror cabinet.
See more information about installation, pairing and the system range in the installation instructions for the products at dansani.co.uk

ENERGY LABEL AND PRODUCT DATA SHEET
Can be downloaded by searching for the relevant product at dansani.co.uk or by requesting a printed copy.

LIGHTING IN GENERAL
Dansani develops its own LED lighting with low power consumption and very high quality light to reproduce colours correctly (Ra 90-95).
Dansani makes an effort to ensure a long life expectancy by designing lighting products so that drivers and LEDs can dissipate the heat, but it is important to note that the life expectancy is significantly reduced if the light is constantly left on.
All mirrors and mirror cabinets come with 12V incremental lighting control from a very warm light of 2,100 Kelvin to a cool light of 6,500 Kelvin and gradual dimming. The most recent setting is remembered when the light is turned off and remains off for a min. of 5 seconds

IP44 CLASSIFICATION
At Dansani your safety is our priority. All the electrical components in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-rated products so you can place your furniture as close as possible to the water source while retaining all the storage space you need. For more information, see "Ranges" at dansani.co.uk
All of our furniture with electrical components is also CE-certified with labels showing the product classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

FLEXIBLE LAYOUT
Functional storage trays for drawers and cabinets, which can be arranged to suit your needs. The trays are made of high-quality oak plywood and finished with a matt lacquer. Also suitable for drawer solutions and you can combine with the flexible compartment organiser and acrylic inserts for a fitted look.

HANDLES
Our furniture is supplied without handles. These can be ordered as optional extras from our wide range of handles, each with their own design, colour and look. Alternatively for a cleaner look you can choose the push-open solution.

FITTING INSTRUCTIONS
Are included with all orders.

WARRANTY
There is a 10 year warranty against manufacturing defects. On heated towel rails there is a 5 year warranty. Consumables and normal wear and tear are not covered.
For further information regarding warranty, quality and tolerances please visit dansani.co.uk

PRACTICAL INFORMATION

BEFORE ORDERING LUNA
Furniture in custom colours and made-to-measure basins are produced to order. Therefore we have a lead time of 6-8 weeks for custom colour and bespoke items while products in our standard decors are on a 2-3 week lead time.
– Always indicate carcass colour.
- Remember accessories such as handles, push-open, built-in lighting and trays in drawers.

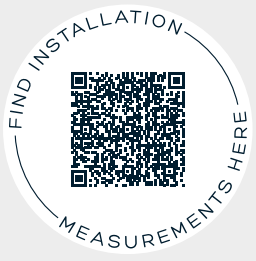

BEFORE INSTALLING LUNA FURNITURE
Please read the fitting instructions carefully before commencing installation. All plumbing work should be carried out by a competent plumber. All electrical connections must be made by a qualified electrician. Please note that the dimensions of the basins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

MAINTENANCE
Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture.
Cleaning materials containing abrasives and strong acids should not be used. Please make sure that basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

GENERAL
Dansani reserve the right to make any alterations to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement , we therefore reserve the right to modify specification and prices without prior notice. **Special orders and furniture that has been fitted cannot be returned.**
Please visit www.dansani.co.uk for further information.

194 MIDO & THE ENVIRONMENT

WHERE

STYLE MEETS FUNCTION

Discover the stylish and functional Mido Urban bathroom range from Dansani - designed to bring timeless elegance and quality to your home. The vanity units come in five widths with three basin options making it easy to select the perfect solution for your space.
The mirrors and mirror cabinets feature sleek, modern LED lighting, while the double-sided mirror doors offer a flawless view from every angle.

Mido Urban combines timeless design with practical details - the perfect choice for the modern home.

FURNISHING IDEA:
Keep your bathroom furniture in neutral shades and bring personality to the space with colour on the walls. It's easier and more economical to refresh painted walls when you want to change the mood.

SMART CHIC MIRROR SHELF
It's the little details that make a difference. The Chic metal shelf floats elegantly in front of the mirror ready to hold your accessories or favourite diffuser.

EXPERIENCE

NORDIC WARMTH & WELL-BEING

Dansani Mido Classic uniquely combines Nordic functionality with timeless aesthetics. Choose from solid plain fronts or embossed striped fronts in classic white, soothing light blue or warm light sand finishes. In 2026 we're adding two new plain front decors: dusty blue and Nordic green.

This elegant design can be paired with an open module for a stylish, contemporary look or kept simple with a vanity unit featuring a single drawer.

Choose Mido Classic in 50cm, 60cm or 80cm short projection options or 60cm, 80cm, 100cm or 120cm widths in standard projection to suit your bathroom space perfectly. With Mido Classic you can create your own personal sanctuary of wellness.

QUALITY & DURABILITY

MIRROR CABINETS

SANITARY PORCELAIN / SOFT, ROUNDED EDGES AND AN EXTRA HARD-WEARING SURFACE
Sanitary porcelain is a durable ceramic material with soft, rounded edges. Its hard, smooth, glossy surface makes cleaning easy and it requires minimal maintenance even after years of use. Avoid using abrasive cleaners to preserve the finish.

MARBLECAST / STRAIGHT SIMPLE EDGES WITH A DURABLE SURFACE
Marblecast sheets are moulded from a heavy polymer resin blended with crushed marble and coated with a durable gelcoat. The protective finish makes the surface hard, smooth and easy to clean. Marblecast basins allow sharper designs, offer greater uniformity than porcelain and deliver exceptional durability.

ROOM FOR EVERYONE
Double basins are a smart solution for busy households - whether children brushing their teeth or adults getting ready at the same time. It reduces stress during morning and evening routines, helping each day start and end in a more relaxed way.

MIDO &

THE ENVIRONMENT

MATERIALS FOR CABINETS, DOORS AND FRONTS

Mido bathroom furniture consists of melamine-covered particle board. If you choose the white matt decor, the front of the furniture is a lacquered MDF board.

Recycling is high on the list of priorities at Dansani. The melamine-covered particle board we use for Mido consists of two-thirds recycled wood. Any material not reused for new boards is incinerated to generate energy for production, ensuring nothing goes to waste.

All new wood in our Mido furniture comes from sustainable forestry. Currently 93% of all wood used in our furniture is fully certified and traceable, with the goal of reaching 100%.

Dansani A/S is now PEFC Chain of Custody certified - PEFC/09-31-216. By sourcing PEFC-certified wood, we support the sustainable management of forests globally. We plan to offer all our ranges as PEFC-certified and already a number of our bathroom furniture pieces carry PEFC certification.

BASINS
The Mido basins made of sanitary porcelain are strong and long-lasting. They can be safely crushed for road fill or other uses and where a return program exists, recycled into new basins.

LIGHTING AND MIRRORS
All light sources use energy-efficient LED technology with a life expectancy of up to 20 years based on 4 hours of daily use. When it reaches the end of its life, the lighting can be easily dismantled and disposed of safely in an environmentally responsible way.

All our mirrors are crafted to the highest quality standards ensuring long-lasting performance.

DANSANI SUSTAINABILITY ACTION

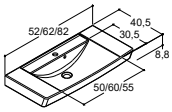

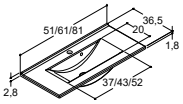

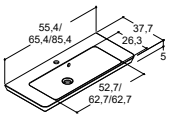

We're constantly introducing new initiatives - stay tuned here.

PRODUCT INFORMATION MIDO URBAN

PORCELAIN BASINS
Dansani porcelain basins are manufactured from sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard and smooth surface which is easy to clean.

MARBLECAST
Marblecast sheets are moulded from a heavy polymer resin mixed with crushed marble. Then a durable gelcoat is applied. The final surface finish consists of a protective coating that protects the marblecast from scratches and against commonly used cosmetics and hygiene products. The surface is hard and smooth and easy to clean.

CABINET CARCASS
16 mm plain melamine coated particle board with ABS-edging strips and moisture-resistant PU glue. The furniture is supplied fully assembled with brackets for installation. White back panels in all white tall units and aluminium finish back panels are supplied in all other decors. 4 clear glass shelves in tempered safety glass with polished edges and 1 wooden shelf are delivered as standard in all tall units. Vanity units with shelf and base in aluminium finish.

DOORS AND FRONTS
White fronts are made from 19mm MDF boards coated with a moisture-resistant two-component lacquer, while other finishes are supplied with fronts in 19mm melamine coated particle board with ABS edging strips and moisture-resistant PU glue. All doors are fitted with soft-close and clip on/off hinges that can be adjusted in 3 directions ensuring optimal performance of the doors.

DRAWERS
The soft closing drawers have metal sides and when open they are fully accessible. They close gently due to the integrated soft closing mechanisms. The drawers are fully adjustable.

MIRRORS
All mirrors come with adjustable fittings for a perfect result and are supplied with energy-saving IP44 approved LED lighting except the Select model which has optional 230V lights that can be purchased separately. Mirrors have an optional anti-mist pad to reduce fog build up. Black mirror frames are powder-coated aluminium.

MIRROR CABINETS
All mirror cabinets are supplied with integrated socket double-sided soft closing mirror doors and glass shelves in tempered safety glass as standard. Gables in 16 mm melamine coated particle board, top and base in aluminium finish. The Top mirror cabinets have energy-saving LED lighting and are IP44 approved. For the Select mirror cabinet without lighting 230V lights can be purchased separately. Energy rating labels and product data sheets can be downloaded from the product database at dansani.co.uk or a hard copy can be requested.

DRAWER DIVIDERS
Functional drawer dividers that can be arranged as required. The trays are made of solid oak. We recommend our wood care oil, which gives a beautiful whitewash finish, to maintain the life of the trays.

HANDLES
A chrome Base handle is supplied with every unit and is included in the displayed prices. Alternative handles are available to purchase from our extensive range.
Wooden handles can vary in both texture and colour which is a characteristic of wood products. This means that natural variance in wood or colour may occur and these cannot be considered a defect in the product. Genuine wood veneer reacts to sunlight and colour changes will occur over time.

FITTING INSTRUCTIONS
Are included with every delivery.

WARRANTY
There is a 10 year warranty against manufacturing defects. Consumables and normal wear and tear is not covered.

For further information regarding warranty, quality and tolerances please visit dansani.co.uk.

PRACTICAL INFORMATION

BEFORE YOU FIT THE FURNITURE
Please read the fitting instructions carefully before commencing installation. All plumbing work should be done by a competent plumber. Please note that the dimensions of the porcelain basins are subject to variation within the tolerances indicated.

MAINTENANCE
Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that the basin and furniture are dry after use. This will make cleaning easier and prevents your furniture being damaged by moisture.

GENERAL
Dansani reserve the right to make any alterations to the products and make product improvements. Dansani cannot be held liable for errors due to misprints. Special orders and furniture that has been fitted cannot be returned.

Please visit dansani.co.uk for further information.

INSTALLATION GUIDE

For more information on installation and first-fix measurements check under each product at dansani.co.uk or at dansani.co.uk/installation.

MATCH

218 INSPIRATION

238 DESIGNING A SMALL BATHROOM

239 MATCH & THE ENVIRONMENT

Elegant and timeless look featuring slim, rectangular profiles in satin, polished or matt black finishes.

Height of 200cm provides adequate protection, especially if the shower head is installed on the ceiling.

6mm safety glass.

Easy cleaning and maintenance with EasyCare treatment on the inside.

Both standard and asymmetric solutions are available, to make optimal use of space.

Perfect installation on off-square walls and on uneven flooring through various adjustment options.

All models are reversible without having to adjust them or use tools.

DANSANI MATCH

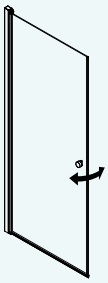

Create a shower solution that fits your bathroom perfectly, no matter its size and shape. You can easily choose a combination of 6 different types of doors and fixed shower panels.

10 YEAR WARRANTY

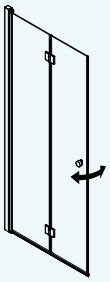

COMBINE TO CREATE AN ENCLOSURE

EXACTLY AS YOU WANT IT

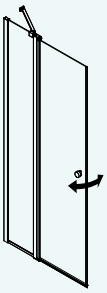

The Match shower series consists of 6 basic models along with the practical Tower storage unit, which can be combined to form the exact shower solution to suit your bathroom. All models are supplied with profiles in black, polished or satin, and they are reversible, so you don't need to differentiate between a right or left-handed version. All Match models except C and H, can be combined with the smart Tower unit. Tower avoids clutter in the shower area and integrates seamlessly with the panel or door for a complete solution. All models are 200cm high.

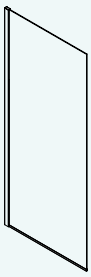

A - HINGED DOOR
70 / 80 / 90 / 100cm
Can be combined with Tower
Selected models also available with frosted glass or tinted glass

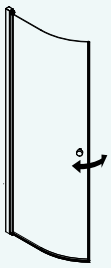

B - BIFOLD DOOR
70 / 80 / 90 / 100cm
Can be combined with Tower
Selected models also available with frosted glass or tinted glass

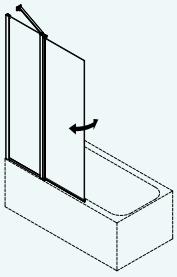

C - HINGED DOOR WITH IN-LINE PANEL
90 / 100cm

D - FIXED SHOWER PANEL
50 / 70 / 80 / 90 / 100 / 120 / 140cm
Can be combined with Tower
Selected models also available with frosted glass or tinted glass

E - QUADRANT HINGED DOOR
80 / 90 / 100cm
Can be combined with Tower
Selected models also available with frosted glass or tinted glass

H - BATH PANEL WITH HINGED DOOR
100cm

TIPS FOR SMALL BATHROOMS
Match is the perfect choice for the smaller bathroom. Save space by pushing closed or folding away the doors when not in use. Or select a fixed shower enclosure that you can install fixtures right up to.
Get more interior design inspiration for small bathrooms on p. 238.

»

HINGED DOOR AND FIXED SHOWER PANEL WITH TOWER
Classic combination of a fixed shower panel with the practical Tower storage unit and a hinged door. The practical solution here is that you can place furniture closer to the fixed shower panel, and use the space for a wider basin or an extra cabinet.

90cm A + D + 3 + Tower - Clear glass, matt black
Hinged door 482.- Art. no. A91-03 / **Fixed shower panel** 482.- Art. no. D81-03 /
Wall support 77.- Art. no. 1603508 / **Tower** 262.- Art. no. 1603591 / **Flow handle** 30.- Art. no. 1603641

SIMPLE &

FLEXIBLE

When the enclosure is not in use the doors simply fold back into the corner freeing up valuable space in small rooms.
Here the Tower storage unit has been added and the clever shelving system avoids clutter in the shower area.

The round handle is included with all Match shower doors.

80cm A + A + Tower - Frosted glass, satin

Hinged door 582.- Art. no. A71-02 / **Hinged door** 582.- Art. no. A81-02 /
Tower 262.- Art. no. 1600590

80cm A + A + Tower - Tinted glass, matt black

Hinged door 582.- Art. no. A71-04 / **Hinged door** 582.- Art. no. A81-04 / **Tower** 262.- Art. no. 1603590

Tower allows you to adjust the shelves yourself so there is room for both small and large bottles - having the layout exactly as you want it. The practical hooks allow you to hang a sponge, a brush or other small items to have them close at hand.

FURNITURE NEXT TO YOUR

CORNER SHOWER

Make use of the space right next to your corner shower by choosing a hinged door with an in-line panel. The short fixed side panel allows furniture to be fitted close to the corner shower. When you are not using the shower, the doors can be pushed in, to give you more room.

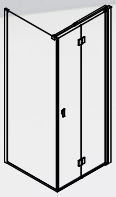

90cm C + C - Clear glass, satin
Hinged door with in-line panel 482.- ea. Art. no. C91-01

A hinged door with in-line panel is supplied with a wall support as standard.

80cm B + D + 4 - Clear glass, satin

Bifold door 582.- Art. no. B81-01 / **Fixed shower panel** 482.- Art. no. D81-01 /
Telescopic support rail 77.- Art. no. 1600503 / **Flow handle** 30.- Art. no. 1600641

Accessories: **Shower corner** 73.- Art. no. 2400600

EVERYONE HATES BATTLING

WITH SCALE AND GRIME

All glass in the Dansani shower series is given a hard-wearing and environment-friendly EasyCare treatment, which prevents scale and grime buildup – even after being wiped 30,000 times. Simply wipe the glass over with a soft cloth after use, and your glass will look great for many years to come.

EasyCare is an environment-friendly German product, and certified by the independent SGS Institut Fresenius laboratory in accordance with OECD Guideline 2009.

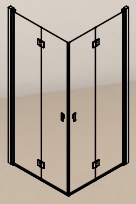

SAY GOODBYE TO

SHOWER CURTAINS

This elegant bath screen means no more shower curtains and it creates a far more spacious feeling in the room. The glass screen can fold in towards the shower, so it takes up the least possible space. Supplied with wall support.

100cm H - Clear glass, satin
Bath panel with hinged door 482.- Art. no. H100-01

90cm B + B - Clear glass, matt black

Bifold door 582.- ea. Art. no. B91-03 / **Flow handle** 30.- ea. Art. no. 1603641

BIFOLD DOORS ARE

SPACE SAVING

A smart solution where both doors can be folded in when you are not using the shower enclosure, so they take up as little space as possible in the room. The bifold door can also be combined with other doors and fixed shower panels.

On the inside of the bifold door the hinge is concealed and flush with the glass panel. Beautiful, practical design in action.

SOFT

CURVES

Discover a shower solution that combines simplicity and style with two elegant quadrant doors. Our design allows the doors to open both inwards and outwards, creating extra space in the room when the shower enclosure is not in use.

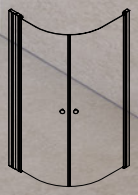

The simple profiles conceal a rise and fall hinge, as well as an adjustment to ensure the doors work perfectly every time.
A cover cap finishes the overall look.

EASYCARE MAKES CLEANING SIMPLER

NEW

90cm E + E + Tower - Clear glass, polished

Quadrant hinged door 482.- Art. no. E81-05 / **Quadrant hinged door** 482.- Art. no. E91-05 / **Tower** 262.- Art. no. 1605590

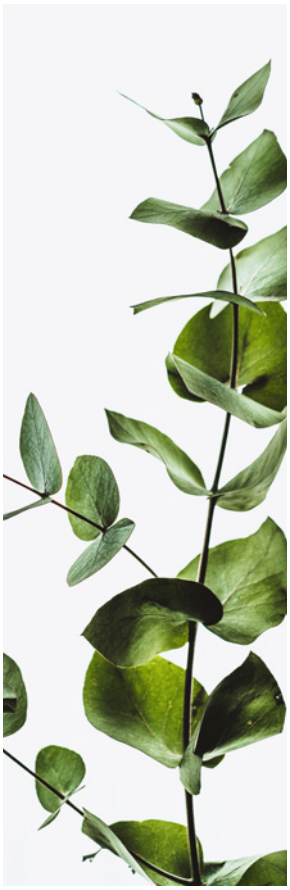

A SMART

RECESSED SHOWER

Choose from 3 different models according to your requirements, all of which of course have adjustment to suit the width of your opening. Adjustment is possible on both sides. For example, create extra width by adding wall profile 1 to the open side and at the same time adding an extension profile to the hinge side of the door. Get the full overview of the options and exact solutions on page 252.

90cm C + 1 - Clear glass, satin
Hinged door with in-line panel 482.- Art. no. C91-01 /
Wall profile for recess 198.- Art. no. 1600501 / **Flow handle** 30.- Art. no. 1600641

«

HINGED DOOR WITH IN-LINE PANEL
A smart recessed shower lets you place furniture closer to the shower while making optimal use of the space.

80cm B + 1 - Clear glass, satin
Bifold door 582.- Art. no. B81-01 / **Wall profile for recess** 198.- Art. no. 1600501

10 YEAR WARRANTY

BIFOLD DOOR
A practical solution in a small bathroom, as the door opens inwards, and keeps the water in the shower area.

HINGED DOOR
For even the smallest of rooms using the Match hinged door provides an effective showering solution - even in the guest room. Simply fold the door against the wall when not in use, and open up when required.

80cm A - Clear glass, satin
Hinged door 482.- Art. no. A81-01 / **Flow handle** 30.- Art. no. 1600641

ANOTHER TYPE OF

RECESS

A very elegant solution for a larger recess combining a door and fixed panel. The Tower storage unit also helps keep order in the shower area by adding practical storage space for shampoo, soap and whatever else you need in your bathroom.

Purchase the exclusive Flow metal handle to create a fantastic new look for your shower enclosure.

100Cm A + D + 3 + Tower - Clear glass, matt black

Accessories: Squeegee 36.- Art. no. 1600162

ELEGANT & COMPLETELY

FREE

A fixed shower panel is the perfect choice for those looking to create a minimalist solution. With different support options you can choose the solution that aesthetically appeals to you. For example, a telescopic rail and a wall support is quick and simple to set up. While the shorter support arm gives a cleaner look.
All solutions are equally sound.

Fixed shower panels are supplied with a floor profile which keeps the water inside, and a floor bracket that creates a light, floating effect. You choose which solution you want to use.

80cm D + 4 - Tinted glass, matt black

Accessories: Squeegee 36.- Art. no. 1600162

PLENTY OF SPACE WITH A

WALK-IN SHOWER

For plenty of space and room to move around, this walk in wetroom enclosure is perfect providing an elegant solution with a very open minimalist look. With two telescopic support rails and a connector kit the solution is secure as well as attractive.

If you want to create a floating look, and you don't need a waterproof solution with a floor profile, you can use the floor bracket which is also supplied as standard when purchasing a fixed panel.

FURNISHING TIPS FOR

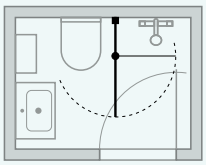

SMALL BATHROOMS

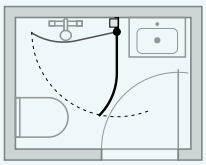

Here you can find inspiration for making optimal use of space, if you have a very small or narrow bathroom. Many Match models allow you to place furniture closer to your shower solution, so there is room for a wider basin or an extra cabinet. The code under each solution refers to the door model and its width, and we have incorporated the Tower storage unit where possible - we belive organisation is crucial when space is limited.

MATCH ADJUSTABLE PIVOT HINGE - PROBLEM SOLVER

It is also possible to install shower enclosures even when the shower doors don't line up or the walls are off square as shown in solution E81+Tower+E81. The pivot hinge can be adjusted so the doors then close to this position. See fitting instructions.

MATCH & THE ENVIRONMENT

MATERIALS FOR MATCH SHOWER
For the Match shower we use quality 6mm safety glass that has been coated with the tough and environmentally friendly EasyCare treatment.
The glass will last for many years and our glass has also been tested to meet the EN 14428:2015 & EN12150 requirements in relation to stability and toughened glass.

PROFILES
The profiles are a strong aluminum alloy and are produced using 25% recycled aluminum. This alloy has an incredibly long life expectancy as well as great functionality and design benefits, while the recycling properties are almost endless.

DANSANI SUSTAINABILITY ACTION

We're constantly introducing new initiatives - stay tuned here.

Clear	D-profile PVC Sealing strip, without adjustment (to suit Satin/Polished models)	1600639	*26.-*
Matt black	D-profile PVC Sealing strip, without adjustment	1603639	26.-

MODEL 1 – WALL PROFILE FOR USE IN A RECESS WITH DOORS A, B AND C
Wall profile 1 for use in a recess with doors A, B and C and allows you to add 20mm. Combined with the hinge profile, which also can add 20mm, this gives it a total adjustment of 40mm in width.

If you need additional width you can add an extension profile - see accessories.

MODEL 8 – WALL PROFILE FOR USE IN A RECESS WITH DOORS A, B AND C
Wall profile 8 for use in a recess with doors A, B and C. To be used where less adjustment is required for a cleaner look. Please note that using this profile means there is adjustment of only 20mm on the hinged door.

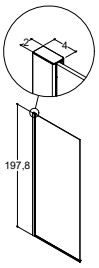

MODEL 9 – SEAL FOR DOORS A, B , C AND D
Seal 9 for use with doors A, B, C or D. Where a wall profile is not required for a recess and for use on the wall opposite the hinge, to give a lighter, elegant installation. Note that with the more minimal look here, there is only 20mm adjustment on the door on the hinge side.

All prices are £ RSP incl. 20% VAT, excl. shower valves and other accessories. Subject to price changes.

Angled profiles are used on both the door and the seal sides of the enclosure.

X = MAX 25 mm

All prices are £ RSP incl. 20% VAT, excl. shower valves and other accessories. Subject to price changes.

PRODUCT INFORMATION

MATCH HINGED AND FIXED SHOWER PANELS

All Match hinged doors and fixed shower panels have been tested to comply with EN 14428:2015 in relation to toughening of glass, stability and water tightness classification.

GLASS
6mm hardened safety glass complying with EN12150 with EasyCare treatment on the inside. Clear glass and some models also available in tinted glass or frosted glass.

PROFILES
Strong aluminimum alloy with hard-wearing satin-anodised, polished or matt black powder-coated surface.

HINGES
Rise and fall hinges that open both inwards and outwards to 180 degrees. The door opens 90 degrees either way. Inside the hinge a waterproof seal has also been added.

MAGNETIC SEALS
One removable magnetic seal is supplied with every door and fixed shower panel, that can be combined with other seals across the range. Once the magnet has been activated twice the polarity is set so the two magnetic seals operate together. The magnet is located inside a PVC strip, with a matt surface to ensure they do not stick together during prolonged times of little or no use. The angled magnetic catch ensures perfect closure every time. The seal can be used in both left and right-hand applications, without the need for tools.

FIXED SHOWER PANEL
The glass panel can be adjusted by 20mm at the wall profile, and is fixed in place with PVC seals inside the aluminium profile. The floor profile can be adjusted up to 6mm horizontally and using the spacers provided to suit, 12mm vertically. Alternatively, a 12mm adjustable floor bracket can be used for wet room solutions where no seals are required.

DOORS
On models A, B and E the hinge can be adjusted by 20mm at the wall profile for off-square applications. On fixed shower panel models C and D the glass panel is adjusted within the wall profile. The floor profile can be adjusted up to 6mm horizontally using the predrilled slot.

HANDLES
Knob style handle in chrome plated or matt black ABS plastic included as standard with all shower doors. Purchase as an extra the longer Flow handle in a zinc alloy - in chrome or matt black.

FITTINGS
Floor brackets and fittings for telescopic support rail and wall support in zinc-aluminium, chrome-plated or matt black powder coated. End caps for profiles and various fittings in chrome-plated or matt black ABS.

TELESCOPIC SUPPORT RAIL
Strong alloy rail with hardwearing, polished-anodised, chrome-plated or matt black powder-coated surface with concealed wall fixing bracket. The support rail also has a concealed fixing to the profile and is adjustable from 60 to 100cm.

WALL SUPPORT
Strong alloy wall support with hardwearing, polished-anodised chromeplated or matt black powder-coated surface with fittings in chromeplated zinc aluminum.

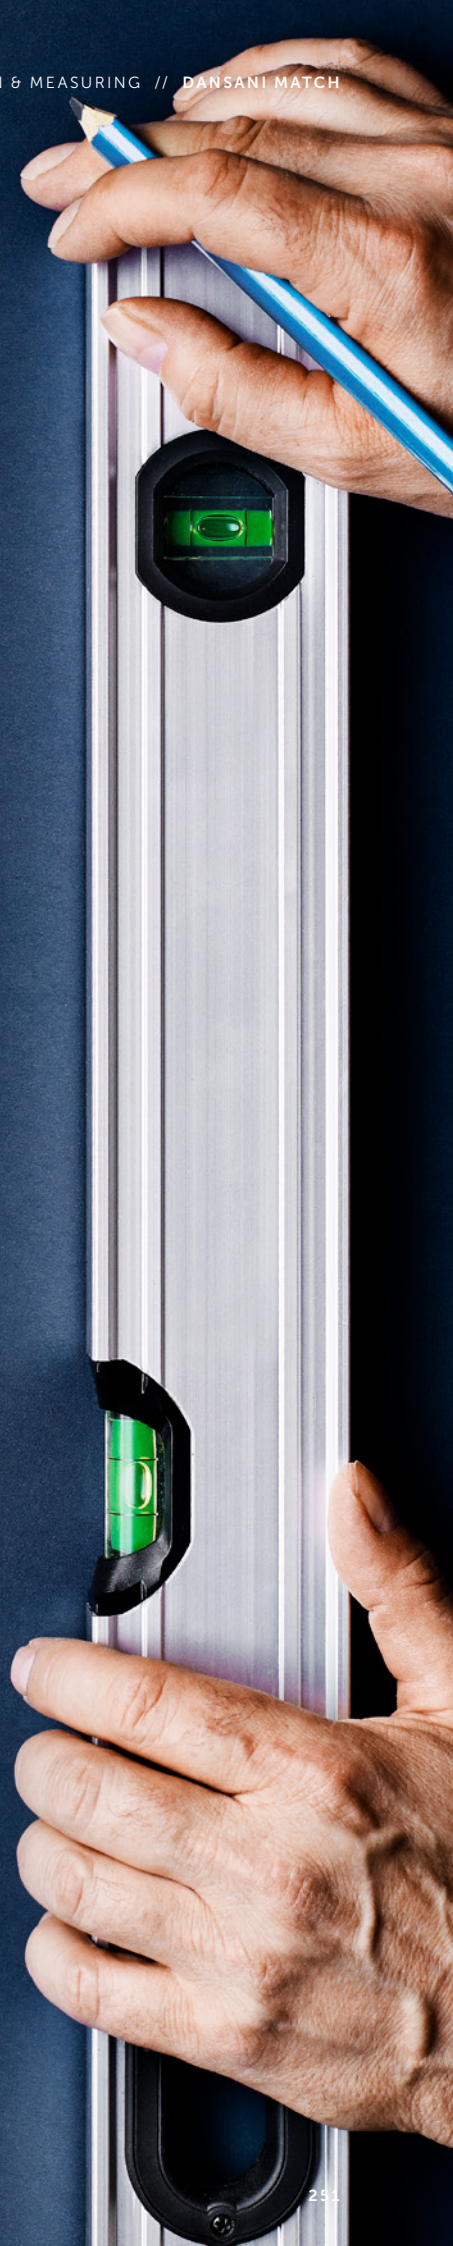

SEAL
Clear or matt black PVC seal used with doors at floor level can easily be replaced if required over time. Taller seals can also be purchased separately if required for certain applications.

LEAD-TIME
All Match models are in stock for quick delivery with 1 door/panel in 1 box. All boxes can be handled by one person as they weigh under 30kg. Accessories like support rails and extra handles are packed separately.

WARRANTY
Dansani offers 10 years warranty against manufacturing defects on all Match models.

For more detail please refer to dansani.co.uk

Dansani does not provide support materials, fitting instructions or measurements for combinations of curved models with straight hinged doors or fixed shower panels.

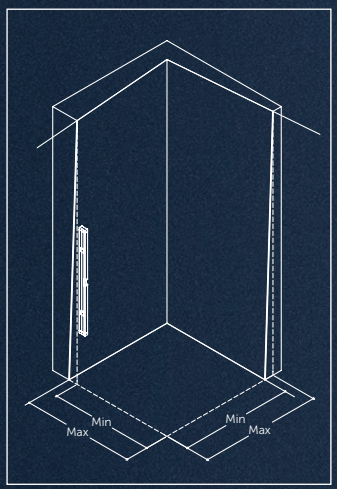

UNCOMPLICATED & EXPERTLY DESIGNED

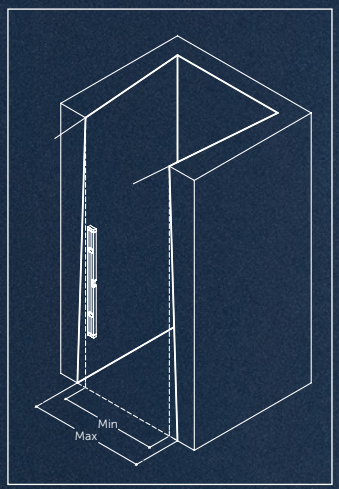

INSTALLATION

It is likely, that the wall in your bathroom is not completely plumb. Maybe there are small deviations. Maybe it is slightly angled. However we don't think that this should cause the installation of your shower enclosure to present problems. Therefore, Dansani Shower is designed with a number of technical features that make it easy for the installer to fit your new Dansani Shower solution, even on irregular or tricky surfaces. With plenty of adjustment options, you are certain to get a perfect result, irrespective of the solution you choose.

MEASURING

CORNER

RECESS

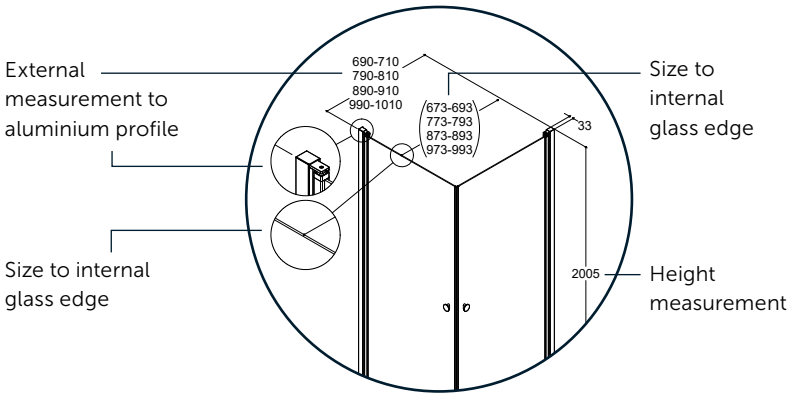

Irrespective of whether the wall angles in or out, the adjustment becomes the difference between the minimum and maximum measurements. Use a plumbline to determine the difference along the height of the screen. Before ordering, always check that these measurements correspond to the min./max. measurements of the selected model. Please see the price list.

BE FLEXIBLE WITH

MATCH

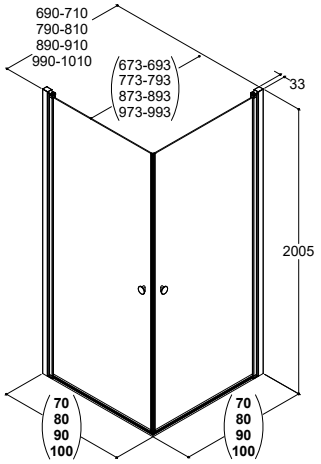

Get an overview of the size options for corner solutions, recessed solutions and fixed shower panels. The hinges on all doors can be adjusted by 20mm and the same applies to wall profile 1. In addition a choice of profiles provides even more width adjustment options.

XXL & THE ENVIRONMENT

MATERIALS FOR XXL SHOWER

For the XXL shower we use quality 8mm safety glass that has been coated with the tough and environmentally friendly EasyCare treatment.

The glass will last for many years and has also been tested to meet the EN 14428:2015 & EN12150 requirements in relation to stability and toughened glass.

PROFILES

The profiles are a strong aluminum alloy and are produced using 25% recycled aluminum. This alloy has an incredibly long life expectancy as well as great functionality and design benefits, while the recycling properties are almost endless.

DANSANI SUSTAINABILITY ACTION

We're constantly introducing new initiatives - stay tuned here.

PRODUCT INFORMATION & DIMENSIONS

XXL SHOWER

All Dansani sliding doors and fixed shower panels have been tested and comply with regulations EN 14428:2015 in relation to toughening of glass, stability and water proofing classification.

All models are reversible and can be used in both left and right hand applications without the need for tools or modifications.

All models are designed for installation on a horizontal surface, floor, or shower tray.
The floor profile allows for up to 3mm adjustment on uneven floors, but in this case, support must be provided at 6 linear points (see installation instructions M1255 + M1256).

GLASS
8mm safety glass according to EN12150 regulations with easy care treatment on the inside. Available in clear glass.

PROFILES
Strong aluminum profile in satin anodised finish. Wall profiles are adjustable.

HANDLES
Shower door handle in stainless steel.

FITTINGS
Wall bracket and brackets for wall support are in chromed zinc-aluminium. Cover caps in chromed ABS.

INSTALLATION
Perfect installation even on off square walls due to the adjustment options.

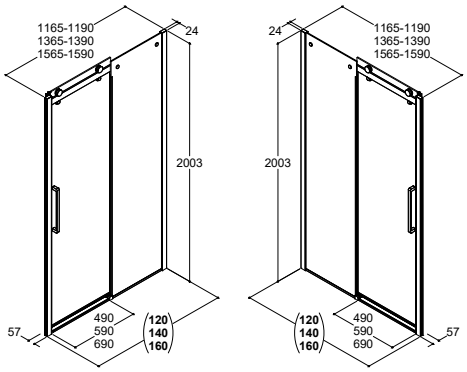

RUNNERS
The runners are produced in zinc alloy. The fittings for the top bar are made in brass with a refined polished chrome finish.

SUPPORT RAIL
Polished stainless steel with cover caps in chromed ABS. For enclosures with 2 fixed shower panels, 2 wall supports are supplied as standard.

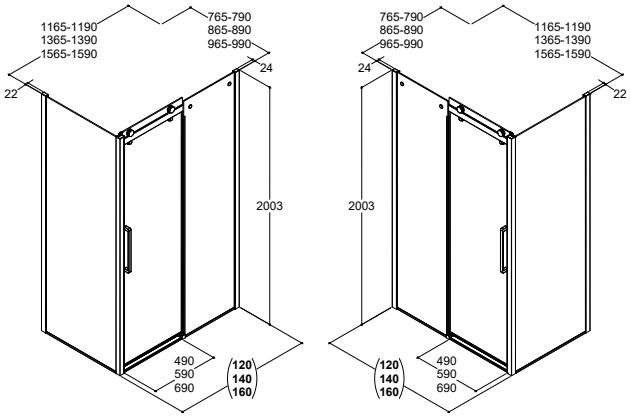

SPARE PARTS
For spare parts please get in touch with your Dansani retailer.

WARRANTY
Dansani offers a 10 year warranty against manufacturing defects on all models.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN
Danish design is about putting people at the heart of the process – Danish design makes everyday life easier and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be easy on the eye, it must work effortlessly and it should create that cosy, home-like feeling.

40 YEARS OF QUALITY CRAFTSMANSHIP
Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved, while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY
We have always categorised all waste and been energy conscious at Dansani and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
